

The tumult and the shouting dies, the football game is o'er, And on its way the old world flies exactly as before.

Another old slasher, named Shield, Once kicked a neat goal from the field. The band in his case and trumpet Tightened up like a trap When the band in the audience smiled.

There was an old demon, named Nail, Who played in the backfield for Yale. When the ball was kicked They would have called him If they weren't dead sure he would fail.

SIX HIGH SCHOOLS SETTLE DISPUTES

Omaha Central and Beatrice Occupy Limelight in Clash for State Title.

NORTH PLATTE AT KEARNEY

Rivalry of two months' standing between at least six high school football teams of the state will be settled in Friday and Saturday's conflicts.

Although the games thus far have tended to give Omaha, Beatrice and Lincoln leadership, Coach Baskin's eleven at North Platte is still undefeated.

The fight of Nebraska elevens for recognition in the Missouri valley championship race formally opens when Coach Reese's Lincoln squad makes the trip to Sioux Falls.

Commerce and South High schools meet on the Luxus grounds. The odds are with Coach Drummond's eleven, as the Souths have suffered miserably from the loss of players on account of delinquent studies.

Jap Leach Returns To Don Uniform at Omaha University

"Jap" Leach, all star football and basketball man at the University of Omaha, has joined the ranks of the uni football squad again after an absence of nearly a semester.

"They sure play football there," Jap told his friends yesterday. "Paddy Driscoll, Northwestern's fighting Irishman, is a demon. You can't see him go when he gets started. All you see is a form emerging like wind from the other side of the pile of scrimmage.

Hupmobile Tourists Visit Film Capital

Fresno, Cal., Oct. 30.—(Special Telegram.)—The Hupmobile United America good roads tour reached Fresno this morning after a week spent in California, during which a detour was made from the regular route to take in San Francisco and Los Angeles, as well as to travel over both the coast and valley routes to southern California from Sacramento.

In welcoming the tourists to Santa Barbara, H. O. Davis said that while he was not a governor he was proud to officiate at one of the "film capitals" of the world and spoke of the good roads movement as a means of helping the circulation of films.

The Hupmobile party was then filmed for several serials now being produced, after which Jane Bernouddy led the party to the Los Angeles city hall, where the message from Mayor Ralph of San Francisco was delivered to Mayor Woodman of Los Angeles in the evening.

Total mileage to date, 9,776 miles.

Tickets for Ames Game on Sale Here

Tickets for the Nebraska-Ames game at Lincoln Saturday have been placed on sale at the Beaton Drug company. The Omaha alumni of the Cornhusker institution have procured a large block of seats for Omaha football fans, who may wish to see the conflict.

There is an old saying that beauty is only skin deep, but that is far from the truth. Beauty is founded on good health—without that there is no real beauty. You can cover up a mummy or a skeleton with face powder, but it will not be beautiful.

Beauty. There is an old saying that beauty is only skin deep, but that is far from the truth. Beauty is founded on good health—without that there is no real beauty.

HUSKERS TOIL FOR BATTLE WITH AMES

Coach Stewart Puts Charges Through Stiffest Practice of the Season.

HOSPITAL LIST IS LARGE

Lincoln, Oct. 31.—(Special.)—Dr. Stewart put his football squad through the stiffest practice of the season here today in preparation for the crucial game with Ames here next Saturday afternoon.

As a result of the distressing showing last Saturday, Nebraska is bound to play better football for the squad had its weak points pointed out in a serious talk, which Stewart delivered in the gymnasium after the game.

Moser, Gardiner, Riddell, Caley, Cook and Shaw, are all suffering from minor injuries, but are expected to be back in shape for the game next Saturday. The most aggravating feature of the hospital list is its serious interference with scrimmaging, of which the Huskers are badly in need.

Vets May Get Gate

The Nebraska mentor may scramble his lineup again before the game with Ames. The backfield performed like high school boys last Saturday and unless there is a big improvement during the next two days, some of the veterans will find their places taken by second-string men.

Stewart is directing all of the work this week behind closed doors. Ames had a scolding party on the side lines last Saturday, but the Huskers used only the simplest formation and it did not benefit the visitors much. The squad will get a bunch of new formations this week for the special benefit of the Aggies. The Huskers have not played the open game to any extent during the first games.

Manager Reed expects an immense crowd for the Ames game. The Aggies are looked upon as the best team Ames has had in years and a Missouri Valley title is at stake on the outcome. The visitors will be supported by a rooting squad from Ames.

Cornhuskers Won't Play Post-Season Games, Says Reed

Lincoln, Oct. 31.—The University of Nebraska will not accept any offer to play a post-season football game with an eastern or any other team, according to Athletic Director Reed today in refusing a proposal made by Walter E. Haggood, business manager of the Boston Braves. Haggood proposed that Nebraska play December 2 on the Braves' field, Boston.

Falls City Boy Is Badly Hurt in Game

Tarkio, Mo., Oct. 31.—The most serious accident reported so far this season is the one that befell Charles "Chick" Miller, end of the Tarkio college eleven, and a Fall City, Neb., product, which he received while playing with the Tarkio scrubs against the Shmenadoah (Ia.) High school team. Coach Stives of the Tarkies sent Miller into the game to toughen him for the later conference games, but it was a costly move, as Miller was so badly hurt that he will not be able to play any more this year.

No Chance to Secure Notre Dame in Omaha

Lincoln, Oct. 31.—(Special Telegram.)—Reports that the Nebraska-Notre Dame game might be transferred to Omaha are without foundation. Manager Guy E. Reed said here tonight. The Missouri Valley conference rules compel the playing of games on the campuses of either competing team. It would be impossible to transfer the game, Reed said.

Ducky Holmes Wallop Nonpareil Reserves

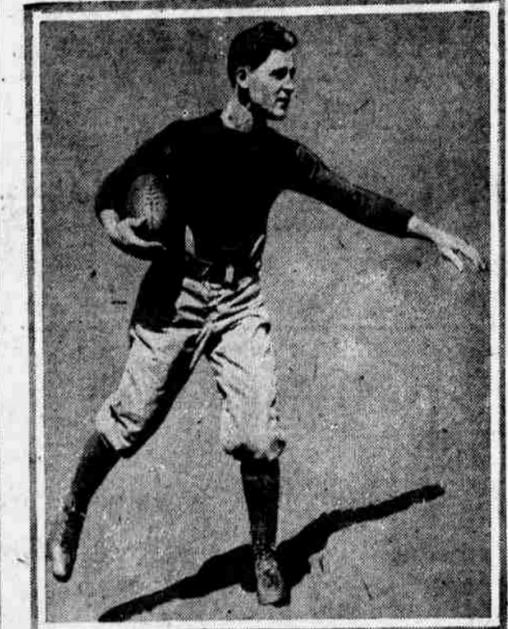

The Nonpareil Reserves weren't fast enough for the Ducky Holmes eleven, and the latter triumphed by a score of 20 to 0. The feature of the fray was a sixty-yard run through a broken field by Duffback. The Ducky Holmes play the Athletics next Sunday.

Commerce Eleven Meets South High Saturday

The High School of Commerce and the South High school will be the drawing card at Creighton field next Friday afternoon. This is the only school game in town this week, and as these two teams promise one of the most interesting and fighting games witnessed in Omaha this season, a large crowd is expected.

Signs Guard Measure. St. Paul, Minn., Oct. 31.—Governor E. A. Tamm today introduced the measure passed at the extra session of the state legislature Saturday, under the provisions of which Senators National Guardsmen are broken from the state in general service into the national state and local tickets of their home precincts in the general election, November 7.

"Michigan Mole" Comes Back

MAUBETSCH OF MICHIGAN.

Maubetsch, the sensation of the 1914 season, has once more burst forth into radiance. The great Wolverine line-destroyer of two years ago and member of the All-American team slipped in a slump last year. It was a big unexplainable disappointment.

FULTZ OUTLINES LIST OF REQUESTS

Pleas of Base Ball Fraternity to National Commission Set Forth. THERE ARE FOUR OF THEM

New York, Oct. 31.—The official list of requests made by the Base Ball Players' fraternity to the National commission and national board of arbitration for concessions to its members was outlined today by President David L. Fultz of the fraternity, as follows:

First—That clause in base ball contracts empowering clubs to suspend without pay, after certain periods of disability, players who are injured in service, be eliminated.

Second—That rule 16 of the rules and regulations of the National board be amended insofar as it violates the section marked "First" of the fraternity agreement.

Third—That minor league players receive their traveling expenses from their home clubs to training camps when reporting for spring practice. (The words "traveling expenses" to include in addition to railroad ticket, berth and meal money where either or both of the last two items are usual expenses of the trip involved.)

Fourth—That the procedure now employed by the National board in hearing players' claims presented by the fraternity be amended so that the fraternity shall receive copies of the defenses interposed by the club and an opportunity be given it of answering such defenses, if immediately upon decisions being rendered, the fraternity shall be allowed to exhibit, if any, presented by the fraternity, returned to it, if requested.

Nicholas E. Young, Former President of Ball League, Dead

Washington, Oct. 31.—Nicholas E. Young, an old-time base ball player and formerly president of the National league, died at his home here early today. He had been employed in the Treasury department for some time.

Mr. Young was 76 years old. He played professional base ball with the old Nationals of Washington in the '60s, later with the Chicago club of the Union league and was at one time manager of the Lord Baltimore club of Baltimore. He became president and secretary of the National league in 1881 and held that position until '903, when he retired and was succeeded by Harry Pulliam.

Mr. Young had been an invalid for four years, but until that time attended most of the games played by the Washington club here.

Culls Over the Wire

The old cutter Olympia, Dewey's flagship at Manila bay, was commissioned for active service at Charleston, S. C., with Captain B. B. Howe commanding, she will become flagship of the cruiser squadron in Dominican waters, supplanting the transport Prairie.

Anthony Cannibetti, United States commissioner general of immigration, at Seattle announced extension of the federal government's work for the unemployed of the nation to women and girls.

Wrecking crews are working to right a big motor truck stalled near the top of four sections of the Mount Wilson solar observatory's new 100-inch telescope, which will be the largest in the world. The truck carrying its seven and one-half ton burden crashed the edge of the narrow twelve-mile road way leading up the mountain and it was saved from toppling only by quick timbering.

The largest inheritance tax to be paid in the state of California was deposited with the county treasurer of Contra Costa county when the Charles Harkness estate paid \$54,114.69. The gross tax was \$55,145, but a 1 per cent reduction was made because the tax was paid within six months. Harkness died in New York, leaving an estate consisting of 11,475 shares in the Standard Oil company. A brother, Edward Harkness of New York, was the lone beneficiary.

HOW SOUTH RULES WITHOUT VOTING

Five Times as Many Votes North as South Needed to Elect a Congressman.

RECORD STARTLING FACTS

Washington, Oct. 31.—Statements have been issued demonstrating clearly that in congress the 'south is in the saddle' in respect to chairmanships of the most important committees and in regard to general domination of this section in important legislation which affects the whole country. I wish to emphasize these facts and to particularly direct attention to the largely disproportionate share which the south exercises in the election of congressmen," declared Hon. Frank M. Downer, secretary of the western headquarters of the national republican congressional committee in a statement here today.

"As constituted at the beginning of the Sixty-fourth congress, there were 435 members, classified as follows: Democrats, 233; republicans, 193; progressives, 7; independent, 1, and socialist, 1.

"Eight southern states, Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina and Virginia, have a total representation of sixty-six members in congress; sixty-four of these are democrats, one is a republican and one a progressive.

Only Five to One. "There was a total vote cast for all candidates for congress in these sixty-six southern districts of 511,199, an average of 7,745 votes to each district.

"Seven northern states, Connecticut, New Jersey, Ohio, Michigan, Iowa, New Mexico and Idaho, likewise have a total representation of sixty-six members, fifty of whom are republicans and sixteen democrats.

"There was a total vote cast for all candidates for congress in these sixty-six northern districts of 2,587,402, an average of 39,203 votes to each district, so that one vote in eight southern states was as potential in the election of a congressman as five votes in the northern states enumerated.

"South Carolina's total vote cast for congressmen, of whom she has seven, was 33,414, an average of 4,773 votes to each district. Minnesota's total vote cast for congressmen, of whom she has ten, was 322,811, an average of 32,281 votes to each district. Is there any good reason why a voter in South Carolina should have nearly seven times as much to say in respect to the legislation which shall be enacted for all the people, as a voter in Minnesota?

Florida and Colorado. "Florida has four members of congress. All candidates received 24,076 votes, an average of 6,019 votes in each district. The state of Colorado likewise has four members of congress. All candidates received 247,506 votes, Colorado being an equal suffrage state, we divide the total vote by two, which gives us 123,753, an average of 30,938 votes to each district. The average voter in Colorado, both men and women, believe he or she is just as good and should have just as much to say in regard to governmental affairs as any other voter. It is not believed that Colorado voters will relish the idea when they discover that a Florida voter has five times as much power to elect a congressman as they.

Ratio Going Up. "Louisiana has eight congressmen. New Mexico has one. Louisiana cast 51,690 votes for all candidates for congress, an average of 6,462 per district. New Mexico, one of the newest states in the union, cast 46,413 votes for all candidates for congress. Certainly a voter in Louisiana should not be allowed seven times as much power in respect to the election of congressmen as a voter in New Mexico.

"These comparisons could be multiplied indefinitely. A sufficient number have been shown to focus attention upon the gross inequality which exists in respect to this matter."

Men Demand More Pay and Factory Closes Its Doors

A strike or lockout is on at the Omaha Cooperaige company plant, Thirty-fifth and I streets, where the men demanded an increase in pay of 3 1/2 cents an hour. The men made their demands at the close of work Monday evening, and as a result the company locked the doors and did not start the machinery. Seventy-five men had been employed there. The machine shop men wanted 4 cents an hour increase, while the laborers asked for 3 1/2 cents. No disturbance of any kind has been reported, although the factory asked for police protection.

Mechanical Device for Unloading River Boats

The mechanical griar conveyor is being installed on the river front, so that the next load of grain that comes down from Decatur on the Julius F. Silber may be unloaded by means of the patent conveyor.

This is a screw conveyor, consisting of a large tube pivoted on a central support and capable of being swung from side to side in order that the grain may be directed into this or that car in various places along the track. Electric power will be used. The little motor is attached at one end of the tube on the bottom side. The wire leading to the motor is of sufficient length to allow necessary play. Inside the tube is the long screw device which forces a steady stream of grain from the boat to the car.

KENNEDY DRAWS CROWD AT LINCOLN

Republican Candidate Has Fine Meeting With Henry J. Allen.

SHOPMEN HEAR HIM TALK

Lincoln, Oct. 31.—(Special Telegram.)—Over 4,000 people filled the city Auditorium lower floor, a striking contrast to meetings held by democrats here so far this campaign, at 8 o'clock this evening for the purpose of hearing John L. Kennedy, republican candidate for the United States senate, and Henry J. Allen of Kansas, editor of the Wichita Beacon. The Havelock band and a procession of citizens of the shop city marched to the Auditorium. The Union Veteran drum corps of Lincoln also furnished music. The Wesleyan male quartet of University Place sang several numbers.

Ex-Governor C. H. Aldrich presided and was introduced by J. Reid Green, chairman. J. L. Kennedy was the first speaker and was greeted by a hearty round of applause when he stepped to the front of the platform. Mr. Kennedy outlined a strong and vigorous policy along the lines of American principles on the part of Mr. Hughes and his hearty support of Mr. Hughes if elected.

Allen's Speech. Henry J. Allen, before coming to the Auditorium, spoke before the Journalism club of the university along newspaper lines to a good crowd. At the Auditorium he took up the Adamson law and the Mexican situation, condemning the attitude of the democratic administration in both.

Mr. Kennedy arrived in Lincoln at 8:40 this morning. He was met at the Burlington station by J. Reid Green, chairman of the Lancaster county republican committee, Walter G. Roberts and Rev. T. W. Jeffrey, pastor of St. Paul's Methodist church, who conducted him to the Nebraska Wesleyan university at University Place, where he addressed the students at the morning chapel exercises. He was introduced by Chancellor C. A. Fulmer, who referred to Mr. Kennedy as a man in public life who was concerned about the great moral problems confronting mankind.

Talk at University Place. Mr. Kennedy did not speak on partisan questions. A large number of University Place citizens turned out to hear him.

Mr. Kennedy also visited the Cushman Motor Works during the forenoon, where he inspected the plant in operation. Here he met Everett B. Sawyer and L. M. Ward, who showed him through the place. From here he went to the Burlington round house, west of Lincoln and addressed a noonday meeting of the employees there. He was introduced by Chief Clerk O. J. Perkins, who referred to him as one of the distinguished men of the day.

Here Mr. Kennedy also met John Hauschildt, one of the older employees who has been with the company since 1872. The meeting was held in the carpenter shops and was attended by several hundred workmen. J. A. Woods, general foreman of the roundhouse, showed Mr. Kennedy the courtesy in introducing him to a number of the employees. Mr. Kennedy's speech was more patriotic than partisan. He stated that he had no time for the idle rich, nor those who did not contribute to society with their heads or their hands, and he declared for a government that would stand for America first, and only, and for equal and exact justice to all.

He Can Find Nothing the Matter With Hughes' Record

Indianapolis, Ind., Oct. 30.—John M. Parker, progressive nominee for vice president in an address here tonight in behalf of Wilson, declared that he was "unable to find fault with the splendid record of Hughes."

Cannot Be Reformed. Jackson, Miss., Oct. 31.—The session of the supreme court held under the laws limiting liquor shipments into the state and prohibiting liquor advertisements enacted by the last legislature cannot be submitted to the people November 7, under the referendum amendment, as the laws were enacted before the referendum became a part of Mississippi's constitution.

Men Demand More Pay and Factory Closes Its Doors

A strike or lockout is on at the Omaha Cooperaige company plant, Thirty-fifth and I streets, where the men demanded an increase in pay of 3 1/2 cents an hour. The men made their demands at the close of work Monday evening, and as a result the company locked the doors and did not start the machinery. Seventy-five men had been employed there. The machine shop men wanted 4 cents an hour increase, while the laborers asked for 3 1/2 cents. No disturbance of any kind has been reported, although the factory asked for police protection.

Mechanical Device for Unloading River Boats

Inside the tube is the long screw device which forces a steady stream of grain from the boat to the car.

Three Hurt When Freight Train Hits Street Car

Cedar Rapids, Ia., Oct. 30.—Three persons were severely injured when a street car was struck by a Northwestern freight train tonight at a grade crossing.

Miss Lizzie Abrams was hurled from the car to the railroad tracks, fifteen feet away. Her condition is serious.

W. D. Snuffer and Miss Fannie Kozina suffered cuts and bruises. The street car brakes failed on a hill.
