

### HUGHES SPEAKS AT SULLIVAN, IND.

Republican Candidate Says the United States Will Maintain Its Self-Respect.

### PEOPLE RIGHT IN LONG RUN

Sullivan, Ind., Nov. 1.—Charles E. Hughes today declared in an open air address here that while the United States does not wish war, it proposes to maintain its self-respect. "The American people have realized at this time in our history it is very important that there should be no question of their attitude with respect to the maintenance of American rights," Mr. Hughes said. "We desire peace, but we do not wish war, but we propose to maintain our self-respect."

"We know perfectly well that there is no future for the country unless we enjoy the friendship of the world. You evoke only contempt, either silent or expressed, if you do not maintain firmly and consistently your rights. There is no lasting peace for a decadent people."

Mr. Hughes said that he was sure the American people were coming to their own conclusions with respect to the various claims made in the campaign and that in the long run the American people do not make mistakes.

People Generally Right. "Nothing is more striking," he said, "in the course of a political campaign in this country than the way in which the American people gradually form the judgment. We have at the outset many confusing voices, and in the course of the campaign there are many extravagant claims put forward, but the American people recognize as the campaign progresses the dominant issues that concern their welfare. You can be sure that in the long run the American people do not make a mistake with respect to what is necessary to their prosperity and the future of the country."

"I have felt in these days a growing sentiment. There has been a very perceptible current of opinion and it gives me an assurance that the American people have been sifting the various claims which have been made, and have been coming to their own conclusions. They know perfectly well that we are now in a very unsatisfactory condition. It is not in my heart to talk to you in a narrow, partisan way. As I understand myself, I am here anxious to serve the whole people of the United States, and what I have to say is just as important to the interests of democrats as republicans."

"The American people are realizing, and I believe are coming swiftly to a judgment that this country will need a basis of prosperity that is not to be found in a European war. We know perfectly well that at this time we are in a very unhealthy condition. You are interested very largely in farming. When I was governor of New York there was nothing to which I gave greater attention than to the development of our agricultural activities and if I am elected I propose to do all in my power to promote the interests of agriculture. "It is perfectly idle, however, for anybody to say that he is a friend of the development of agriculture in this country when he framed an Underwood bill, which puts most of our agriculture products on a free list, or on such a low rate of duty as not to furnish our farmers with the protection to which they are entitled. We have got to have a basis in this country for the development which they need."

### Seattle Firm is Only Bidder for New Scout Ship

Washington, Nov. 1.—The Seattle (Wash.) Construction and Dry Dock company was the only company to submit direct proposal today for construction of one of the four swift cruisers authorized as a part of the 1917 naval building program.

The limit of cost for the hull and machinery of ships was fixed at \$5,000,000. The Seattle company proposed to construct one ship within thirty months for \$4,975,000.

The scout cruisers are the first vessels of their type to be designed for the navy. They are to make thirty-five knots an hour sustained speed, and to extend their field of daylight operation. Each will carry four high-power hydroaeroplanes.

The submarines are substantially the same as the O-boats now under construction and are designed for coast and harbor defense.

### Commercial Club is After Army School

Omaha wants an army aviation school. At least the Commercial club is anxious to have one here. Provision has been made in congress, and Omaha is setting forth its claims as a logical location for such a school. Akron, O., is also in the race for it.

The executive committee of the Commercial club has had the matter under discussion, and has considered the availability of the grounds and balloon house at Fort Omaha for such purpose. The club has communicated with the War department about the matter, and is now to push its claims, representing the superior advantages of Omaha.

### Democrats and Free Beer Attract Twelve Voters

Twenty-four members of the Polish Citizens' club, twelve of whom are not voters, listened Tuesday night to Senator Hitchcock, Congressman Lobeck, Mayor Dahlman, Madden and Fitzgerald. Free beer and the lure of democratic oratory induced that many members of the club to attend the meeting. The fiasco was staged in Polish hall, Thirty-third and L. streets.

The republican members of the Polish club will hold a meeting Monday evening, November 6, and predictions are that the 200 members will be here. The Hughes men are now arranging the program of speakers for the night, under the direction of Peter Flower.

### JOHN COPELAND IS ACQUITTED BY JURY

Alleged Murderer of William Black Found Not Guilty After Eighty Hours.

### TWO OTHER MEN ACCUSED

Galveston, Tex., Nov. 1.—John Copeland, charged with the killing of William Black, an anti-Catholic lecturer, was found not guilty by a jury in the district court here early today.

The jury reported after deliberating eighty-four hours. Black was killed at Marshall, Tex., February 3, 1915.

Twice during their deliberations the jurors had reported to Judge Clay Stone Briggs that they could not

reach a verdict, and each time had been sent back.

Copeland received the verdict with a smile and turned to his wife and little daughter. The three shook hands with the jurors and thanked them.

Black was killed in a hotel at Marshall while Copeland, who was a bank cashier at that place, and other men were calling on him in his room to ask him to cease his lectures in Marshall.

Whether the state will insist upon a trial of the cases of George Ryan and George Tier, both of whom are also charged with murder in connection with the killing of Black, will probably not be known until the December term of court.

### ROUMANIANS AND TEUTONS WINNING

Reports from Bucharest and Berlin Claim Important Victories for Each Side.

### INTENSIVE FIGHTS IN WEST

London, Nov. 1.—Important successes for both the Teutonic and Roumanian armies are claimed in today's dispatches relative to the fighting along the Roumanian Transylvanian frontier.

Official Berlin announces an Austro-German victory southwest of Kronstadt, where Roumanian positions west of the Predeal road have been captured.

Southeast of Rothenthurm pass, also. General von Falkenhayn's troops report progress.

Reports of Roumanian success is based on a Bucharest dispatch received in Rome. It declares the Austro-German forces have retired from the region of Campulung, in northern Roumania, pursued over the frontier by Roumanian troops, which wiped out four hostile battalions.

Further Russian attacks on the troops of Prince Leopold, defending the approaches to Lemberg, have been repulsed, Berlin declares.

**Intensive Fighting in West.**  
On the Somme front there has been a renewal of intensive fighting. The French again exerted pressure near the point of the entente wedge into the German lines between Sailly-Saillisset and Les Boeuifs, advancing last night, according to Paris, in the vicinity of the last-named place. Berlin records the failure of British attempts to advance along the mile and a half line running northwest from

Les Boeuifs to Cuedecourt and at Courcellette.

The Germans were on the offensive at Sailly-Saillisset, but Paris reports they were defeated there in a violent engagement.

**Battles on Struma.**  
In Macedonia, on the Struma front, northeast of Saloniki, British troops have pushed further into the Bulgarian lines, capturing the village of Barakli-Azuma, according to Paris today. Three hundred prisoners were taken by the British.

**Doctors For Hughes by An Enormous Majority**

Hughes won by a large majority in a straw vote taken at the German home Tuesday evening, when the alumni of the University of Nebraska medical school met for a social evening. A straw vote was taken, which gave Hughes 44 votes to 27 for Wilson.

### Jefferis Makes Speech to Crowd At Logan Rally

Logan, Ia., Oct. 31.—(Special Telegram.)—Logan had a regular old-time republican rally here tonight, when a torchlight procession with red fire and many torches preceded the speech of A. W. Jefferis of Omaha, before a crowd which taxed the capacity of the largest building in town.

Mr. Jefferis talked for two hours on national politics and was applauded throughout. He showed up the weakness of the Wilson administration, and paid splendid tribute to Charles Evans Hughes. Chairman Blackburn of the republican committee, reports Harrison county to be lined up in fine shape for the entire ticket.
