

### RECORDS SHOW UP DEMOCRATIC WASTE

Walter V. Hoagland Says Party Has Lowered Standard of Americanism.

#### PRINCIPLE TO THE WINDS

The democratic record as published in the Congressional Record, indicates that party and of itself is sufficient to retire the administration, which has lowered the standard of Americanism during the last four years," declared Walter V. Hoagland of North Platte, Neb., addressing a meeting at republican headquarters, 1607 Farnam street, Friday evening.

Mr. Hoagland read the following statement made by Congressman Sisson (democrat) of Mississippi, which appears on page 6,845 of the Congressional Record, of April 3, 1914:

"Principle has gone to the four winds of the earth and we are writing ourselves down in the history of the country as being the most outrageously and the most criminally extravagant congress that ever sat on the American continent. I said that in a speech before the last session, and when I made that speech members of the democratic house came to me and asked me not to put it into the Record because it would be used by the republicans in their campaign book. Let them use it. You may use the statement now, gentlemen, because when democrats get to be so violently extravagant that it makes its own record look bad as compared to the very marked record of the republicans, I must apologize to you republicans for having ever used the words 'criminally extravagant' in criticizing the appropriations that you made, for if that expression, 'criminally extravagant' was proper to apply to you, my God, the English language has never found an adjective strong enough to apply to democratic extravagance."

Stands as Official Record.

"Those words," said Mr. Hoagland, "stand today in the Congressional Record as part of the official records of the nation and were uttered by a democrat."

Then the speaker turned to the Congressional Record of April 10, 1914, and read a statement made by Congressman John J. Fitzgerald (democrat) of New York, as follows:

"If I placed my political fortunes above my sworn duty under the law, I would not attempt to carry out the promises of the democratic platform, but I should place myself at the head of this band of treasury looters upon every occasion."

"It is some effort for me to speak, and I should not attempt to do so if I did not feel that my colleagues upon the floor seem either to be indifferent to a very perilous situation for our party, or else, which I do not wish to believe, have so far forsaken democratic principles as not to deserve to continue in control of the government."

"Whenever I think of the horrible mass that I shall be called upon to present to the country on behalf of the democratic party, I am tempted to quit my place. I am looking now at democrats who seem to take amusement in soliciting votes on the floor of this house to overturn the committee on appropriations in its efforts to carry out the pledges of the democratic platform. They seem to take it to be a huge joke not to obey their platform and to make ridiculous the efforts of members of our party who do try to live up to the promises they made to the people."

"Remember, gentlemen, those words were spoken by the chairman of the committee on appropriations," declared Mr. Hoagland. The speaker then went into details regarding the "pork barrel" escapades of the administration, quoting dates and names and places, showing how the public money has been squandered by the democrats as "molasses to catch flies."

John L. Kennedy, Ben S. Baker and Frank S. Howell dropped in during the close of the meeting, after having attended a meeting at Valley. They were greeted cordially. Mr. Hoagland made the address of the evening and made a favorable impression, being applauded frequently as he scored point after point in his expose of the democratic fallacies.

#### Easy Way to Get Rid of Itching

Don't worry any more about that itching skin trouble. Just get a jar of Resinol Ointment and a cake of Resinol Soap at any drug store. With the Resinol Soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the Resinol Ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again. For trial free, write to Dept. 9-R, Resinol, Baltimore, Md.

### PLAYING POLITICS AT OMAHA'S EXPENSE

Secretary of War Holds Up the Location of Army Aviation Station for Ohio.

#### WAIT TILL AFTER ELECTION

With the election only four days off, the War department of the democratic administration continues silent on the question whether Omaha is to have the army aviation station at Fort Omaha, as recommended by Chief Scriven of the signal corps.

Though the Commercial club has been pushing Omaha's claims to the War department since it was learned that Akron, O., has put in a bid backed by a political pull, the department gives no satisfactory answer to the club's message. The Commercial club has been given to understand, however, that nothing will be done to fix the location until after election.

#### Nothing Tangible Yet.

Asked for information, Colonel G. L. Bingham, depot quartermaster of the Omaha general depot, says: "I know nothing definite at all about the matter. I have charge of the signal corps supply depot, and the balloon shed out there at Fort Omaha, and I would know if there was anything tangible as yet."

Meantime, while Secretary of War Baker is playing politics by holding the aviation station up as a plum for Ohio if his home state goes democratic, the splendid equipment of the War department at Fort Omaha is rusting in disuse.

It is conservatively estimated that the splendid buildings, quarters, barns,

### CORN TAKES SHARP BREAK, WHEAT RISES

Bountiful Harvest in Corn Belt Pounds Down Prices on the Local Market.

#### WHEAT IS UP ONE CENT

Due to reports that the crop is far better than was expected and that conditions for the harvest are perfect, cash corn sold off 3 to 6 cents per bushel, the break being almost equal to the phenomenal rise of a few days ago. Omaha receipts were light, there being but thirty-six carloads on the market. Old stock sold at 87@95 cents and new at 85@87½ cents per bushel. Dealers, however, think the break is only temporary and that there will be a sharp advance as soon as the south begins to make its annual inquiry for stocks.

Wheat was a cent up on the Omaha market, selling at \$1.76@1.80½ per bushel. Receipts were all carloads, practically all No. 2 hard, a greater portion of which was taken over by the milling trade.
