

### MR. REAL ESTATE, MEET MR. CITY PLAN

Municipal Architect Tells Local Home Builders How Valuable They Really Are.

### FINE FUTURE FOR OMAHA

"The greatest ally of city planning is the real estate man," said Charles Mulford Robinson of Rochester, N. Y., in speaking to the Omaha Real Estate board last Wednesday. "The only thing that seems really strange about it all, is that the city planning movement and the real estate man have so recently found each other."

Mr. Robinson is a city planning expert, who is here frequently helping the Omaha City Planning board with its work. "We will not do much in Omaha this year," he said, "except to assemble information and data in regard to what is needed here and the best way to go about it. Next year we hope Omaha can get an appropriation large enough so that city planning work can actually be put into operation."

**Economic Basis.** The speaker said there are a number of economic reasons for a city planning program. "It means stability in values," he said. "It takes real estate from the speculative market and puts it on the investment market. It tends to reduce the cost of development, for when we know what is to be the future of a given street we can plan that street with that definite future in mind. If it is to be a strictly residence district, for example, the streets need not be quite so wide, and the pavement not so heavy as where heavy traffic is to be looked for in a business section. The cost of maintenance will also be less, as it will cost less to keep such a street clean. The mere item of sprinkling will be less."

**Money Now Lost.** C. F. Harrison asked Mr. Robinson how much Omaha would have saved in dollars and cents if it had had city planning from the start instead of plating additions bit by bit. "I cannot say," answered the speaker. "It is beyond the dreams of avarice." He said that the first work in laying out a city was to determine certain arterial streets upon which the main traffic is to be had, then to lay those streets out sufficiently wide, and to leave blocks enough on either side for business expansion, etc.

### Korea Is Recovering From Trade Effects of the War

(Correspondence of The Associated Press.) Seoul, Korea, Oct. 31.—Official investigation shows that Korea has gradually recovered from the blow dealt its trade by the European war last year. The export of cow hides shows a great increase, due to the large demand for them by Japan to meet the large order for army boots from Russia. In Korea some two million yen worth of boots and ammunition pouches were exported to Russia.

Partly as material for the chemical industry that has developed in Japan to reach markets monopolized by Germany, and partly to meet the general demand in the market owing to the shortage of stock, the export from Korea of rice, linseed, tallow, cotton, alum, gold ore and dyestuffs greatly increased.

A decrease was generally seen in articles imported from Europe, a remarkable falling off being witnessed in the figures for wheat, condensed milk, salted herring, alcohol, aniline dye stuffs, iron and dynamite. Imports from the mother country, however, increased, and Japanese goods took the place of foreign articles, especially wheat flour, petroleum, iron nails and plate glass.

### Government Distributes Publication on the Bedbug

(Correspondence of The Associated Press.) Washington, Oct. 31.—"Crimson Ramblers," "Chintzes" and "Mahogany Flats," or, as they are more commonly known, bedbugs, are the subject of one of the latest government publications which the Department of Agriculture is distributing to all applicants. Government scientists have made a study of this pest and have made a report on its origin, life history, habits and methods for their eradication.

### DIABETES MAY BE DRIVEN FROM THE SYSTEM BY GOOD WHISKEY, SAYS SCIENTIST

Two or Three Ounces a Day in Severe Cases Will Eliminate Troublesome Sugar From System.

Prof. Von Noorden, the eminent scientist, advocates the use of whiskey in the treatment of severe diabetic cases. The Rockefeller Institute also reports several patients relieved of this dread ailment through the use of whiskey. Results from what is known to the Medical World as the Allen Treatment in this country comes reports that whiskey helps relieve the body of excess sugar and serves to keep the percentage of sugar in the blood normal, thereby bringing about a pronounced betterment in diabetic cases. The use of Duffy's Malt Whiskey is of essential value in diabetes because it is an absolutely pure distillation of thoroughly malted grain, and is made for medicinal purposes only. Through its use as directed, the different functions invariably acquire a normal, healthy and harmonious condition. The successful use of Duffy's Pure Malt Whiskey in the treatment of Diabetes has been called to our attention by grateful users and we reprint below their sworn statements: "I have used Duffy's Pure Malt

### Government Kept Busy Rescuing Boys From Warring Armies

(Correspondence of The Associated Press.) Washington, Oct. 31.—Of the many unexpected duties the United States has found thrust upon it by the world war, one of the strangest is that of rescuing adventurous boys who enlist in the European armies.

There have been more than a thousand such cases since the war began, and even now letters praying for the release of young soldiers of fortune pour into the State department at the rate of fifty a day. It has been necessary to assign an official to give special attention to the subject.

The story almost always is the same. The youngster, generally between 16 and 20, suddenly disappears and is next heard from when he writes home from Canada or England that he has had enough of war and wants to come home.

Then follows an almost tornado-like correspondence in which officials, congressmen and persons who think they can hurry the release of young soldiers of fortune pour into the State department at the rate of fifty a day. It has been necessary to assign an official to give special attention to the subject.

Until recently the British government has been promptly releasing all Americans of the United States government, on the ground that it is illegal for such a person to enlist in a foreign army without parents' consent. Recently the British government has shown a disposition to reduce the age limit to 18, when minors become of age in a military sense.

### Treatise on Rye Culture Is Issued by the Government

(Correspondence of The Associated Press.) Washington, Oct. 31.—The tendency in the last few years toward the spread of rye culture in the United States has led the Department of Agriculture to issue a treatise on the subject which has just been published and is being distributed to farmers asking for it. The United States last year produced its record crop of rye, harvesting 49,000,000 bushels. American production is only 3 per cent of the world's production. The department experts point out that there are many excellent reasons for growing rye on the farm even though in most localities it is less profitable as a grain crop than wheat. Rye is harder and can therefore be grown as a winter grain in cold, exposed places. It will do well on sandy, poor, or acid land and may be sown later than wheat. It is attacked by fewer insects and diseases than wheat, produces a valuable straw, requires less fertilizer, and being earlier is better as a forage crop. In some sections production value per acre from rye actually exceeds that of wheat. This was true in the five-year period from 1910 to 1914 in South Carolina, Alabama, Texas, Minnesota, North Dakota and South Dakota.

### Jap Minister Will Pay Visit To the Vatican at Rome

(Correspondence of The Associated Press.) Tokio, Oct. 31.—Yagoro Miura, Japanese minister to Switzerland, has been instructed to proceed to the Vatican at Rome to return the visit made to the Japanese court early this year by Archbishop Petrelli, special apostolic delegate, who conveyed to Emperor Yoshihito the coronation congratulations of Pope Benedict. Minister Miura will present to the pope an autograph letter from Emperor Yoshihito.

### Japanese Realize Huge Profits From Brass Cash

(Correspondence of The Associated Press.) Peking, Oct. 31.—During the six months from July to December, 1915, Japanese firms are said to have realized a profit of \$60,000,000 silver from Chinese brass cash bought in the northern provinces of the republic. This cash is the old-fashioned Chinese money, with square holes in the center. Much of it is very old and its value as a circulating medium is so far below the market value of the metal it contains that there is a profit of at least 200 per cent in buying the old coin and melting it down.

### HAIR GRAY? THEN APPLY Q-BAN

It Darkens Gray Hair Evenly. If your hair is gray, streaked with gray, prematurely or just turning gray or if your hair is dry, harsh, thin or falling, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Soon every strand of hair (whether gray or not) becomes evenly dark, soft, glossy, fluffy, full of life and health, full and heavy and fascinating. And entire head of hair is so beautifully and evenly darkened you could suspect you had applied Q-Ban. It is absolutely harmless and no dye, but Q-Ban acts on roots, restoring color glands. Sold on a money-back guarantee, 50c for a big bottle at Sherman & McConnell Drug Stores, Omaha, Neb. Out-of-town folks supplied by mail.

### LODGE ROOM NEWS OF GREATER OMAHA

South Omaha Camp, Woodmen of the World, Arranges for an Open Meeting.

### TURNERS ARE TO PERFORM

South Omaha camp No. 211 of the Woodmen of the World, has arranged for an open meeting Tuesday evening in Woodmen of the World hall, Twenty-fifth and M streets. The boys' and girls' organization of the Bohemian Turners association will be present and perform. It will be followed by a musical program. The arrangements are in charge of Frank Helm, A. E. Carter and D. B. Bailey.

German-American camp No. 104 will meet Tuesday evening in New Bohemian Turner hall, Thirteenth and Dorcas streets.

Zisnev Deb camp No. 115 will meet today at 10 o'clock in Turners' hall, Twenty-first and U streets, for a business session.

Hungarian Petofi camp No. 473 will commence active work for Woodcraft Saturday evening in Woodmen of the World hall, 124 North Fifteenth street, by holding a booster meeting.

Anton Adler, clerk of the camp, has the organization in hand.

Paderewski camp No. 522, one of the new camps recently organized, is making rapid progress. It is under the personal supervision of Stanley Ulancki, and promises to be one of the best Polish camps in Nebraska.

Kosciuszko camp No. 352 meets today at noon in Woodmen of the World hall, Twenty-sixth and L streets. The growth of this camp during the last year has made it one of the active and progressive camps of the city.

Benson camp No. 288 will meet Tuesday evening in Woodmen of the World hall, Benson. Special arrangements have been made to receive election returns.

Columbus camp No. 69 will meet today at noon at the Prague hotel, Thirteenth and Williams streets, for initiation.

### Knights of Pythias

Nebraska lodge No. 1 will meet for the first time in its new castle in the Crouse block, opposite the postoffice, on Monday evening. Knights are requested to attend, if only for a short while, and inspect their future meeting place.

Chairman Melchior of the entertainment committee has plans completed for the entertainment to be given in the near future.

Omaha Lodge No. 2 will exemplify the work in the first degree Friday evening, November 10. All visiting brothers are more than welcome at all times.

### Fraternal Union

Banner lodge No. 11, Fraternal Union, will give a card party and dance Tuesday evening in Baright's hall.

### Sons of St. George

Shakespeare lodge No. 539, Sons of St. George, will hold a large rally meeting Wednesday evening in their lodge room, Baright hall.

### Tribes of Ben Hur

Next Thursday evening will be a regular meeting of Mecca Court No. 13. After the business meeting refreshments will be served and a musical rendered.

### Returns at Scottish Rite Cathedral

The Scottish Rite Masons have arranged to have a private wire run direct to the cathedral on Tuesday night, where returns from the election will be received until 2 o'clock in the morning. Members and their families are invited.

### Steamship Men Hear Lubin's Talk Favoring Commerce Commission

London, Oct. 31.—Representatives of thirteen of the transatlantic steamship lines, in a meeting just held in London, listened with great attention to arguments in favor of the proposed international commerce commission by David Lubin of New York and through congress resolutions endorsing the idea, which has for its object the steadying of prices of staples through the fixing of freight rates on ocean bulk traffic.

Mr. Lubin has succeeded in interesting the big shipping men here in his plan, among them being Walter Runciman, president of the Board of Trade, who is a member of a wealthy shipping family. The meeting was called by Sir Norman Hill, a great Liverpool shipping magnate. Among the lines represented were the American Line, Atlantic Transport, Associated Lines, Canadian Pacific, Cunard, Dominion, Furness, Withy, Harrison, Leyland, White Star and Wilson.

Mr. Lubin's address was followed by questions from practically all attending that revealed general interest in the plan. To questioners who feared the result of such a strict control of the lines as to compel them to conform to special rates, Mr. Lubin pointed to the benefits sustained by the railroads in the United States from the Interstate Commerce commission's rules.

"Before the Interstate Commerce commission came into being the price of the leading American railway stocks on your market here were as uncertain as those of common wildcat schemes offered to the public," he said. "But the stabilizing effect of the Interstate Commerce commission's control has, as you know of your own personal knowledge, converted them into the highest gilt-edged securities."

### Rumors of Wellington Koo's Death Go Rounds of Press

(Correspondence of The Associated Press.) Peking, Oct. 31.—Immediately following announcement that Wellington Koo had offered his resignation as Chinese minister in Washington, Chinese newspapers printed an announcement that Mr. Koo was dead. This was immediately denied by the Foreign office, but the report is still going the rounds of the Chinese press and promises to have nearly as wide circulation as the rumor that President Yuan Shi-Kai was not dead.

### War Loss to British Mercantile Marines Runs Into Millions

(Correspondence of The Associated Press.) London, Oct. 31.—In a leading article on "The Tonnage Shortage and the Remedy," the Liverpool Journal of Commerce, points out that the British mercantile marine has suffered a loss equivalent to 4,000,000 tons of shipping, detailed as follows: Hindrance of new construction, 1,700,000 tons; war losses, 1,520,000; excessive depreciation, 1,000,000 tons.

Quoting Lloyds' Register for the quarter ending September 30, 1916, in which vessels completed only totaled 71,000 tons gross, the journal says, "70,000 tons per quarter, or one decent ship a week, is a ridiculous output. In spite of admitted difficulties it is hard for the outsider to believe that this cannot be improved, while everyone claiming any general knowledge of the situation is well aware that many more ships could be turned out without at all interfering with the more urgent requirements of any other section of our fighting machinery."

The paper claims that a constantly increasing multitude of officials are being employed to stifle the best efforts of shipbuilders and apparently to ensure that what available labor and material there is shall be wasted; and urges the necessity of appointing one strong man to govern everything, to see that available supplies are not frittered away, to ensure that the man who can best build big ships is given big ships to build and in general to arrange things on a sensible basis.

"The men who have run the ship yards for years as business concerns, who have guided their policy for a lifetime, find themselves helpless in the face of an invading army, which apparently thinks that in this grave crisis inexperience is more likely to yield good results than expert knowledge."

"What is required is the appointment of a dictator, an individual who

### Commerce Range Demonstration

Beginning tomorrow morning, November 6, and continuing one week, the Central will have in operation one of the Commerce "King of Ranges."

This will be an unusually interesting Range Demonstration, as the entire construction of these justly famous stoves will be carefully explained in detail and the many reasons why it will do more perfect baking, use less fuel and last longer, will be made clear.

Come and bring your friends and enjoy the Three-Minute Biscuits and Good Coffee made on a Commerce.

We want you to see our entire Stove Department, including Soft Coal Heaters, Base Burners and Cast Iron Cook Stoves. Any Stove you may select will be placed in your home on Thirty-Day Free Trial, and, As Usual, You Make Your Own Terms.

### Anti-Swearing League Is Founded in The Netherlands

(Correspondence of The Associated Press.) Amsterdam, Netherlands, Oct. 31.—An anti-swearing league is the latest social phenomenon in Holland. If the speakers at its foundation meet are to be credited, the Dutchman is becoming badly addicted to transgressing the third commandment, both in the saloons of the rich and in the cottages of the poor, while cursing is said to have spread to a "terrible" extent in the camps and barracks of the mobilized army.

Among the suggestions put forward for combating the evil was that employers should be requested to hang up a prohibition of swearing in their factories and workshops, and that the government should be asked to forbid it in all branches of the public service.

is intimate with the shipbuilding industry and whose career is a guarantee of strength of character, soundness of judgment and outstanding ability. Such a man could be found if desired and if such an appointment were immediately announced, the relief to the shipbuilding world would be instantaneous."

### Chiropractor Makes a Little Cripple Walk

"Dr. Burhorn, the Chiropractor, has made it possible for our 6-year-old son, Deen Cook, residing at 221 Vine St., Council Bluffs, Ia., to walk, after being helpless, due to a paralytic condition."

This institution is the only one in the central west with separate buildings situated in their own ample grounds, yet entirely distinct, and rendering it possible to classify cases. The one building being fitted for and devoted to the treatment of non-contagious and non-mental diseases, no others being admitted; the other Rest Cottage being designed for and devoted to the exclusive treatment of select mental cases requiring for a time watchful care and special nursing.

### State Taxes Reduced \$4.07 Per Voter

Or a total of \$1,015,000.00. Every tax payer in the state has benefited by this reduction.

\$8,327,346.00 worth of claims handled; \$8,060,160.00 of bond issues approved and registered; an increase of \$1,600,000.00 over the previous two years. Every county treasury checked twice and part of them a third time, as against one check in twenty-two months in the past. The trust companies and the books of the Omaha water district checked by the state auditor's office and the fees thus earned turned into the state treasury, instead of to a private party.

This represents the volume of work handled by the State Auditor's office in eighteen months, and at an expense of \$5,329.52 less to operate the department than it cost during the previous two years.

This is the record upon which I am seeking election for a second term. W. M. H. SMITH, State Auditor, Lincoln, Neb.
