

### ENDEAVORERS NAME ANNUAL OFFICERS

Nebraska Union Thanks Omaha for Cordial Reception—Go to Hastings Next.

#### WHAT PROHIBITION HURTS

Officers were elected by the Nebraska Christian Endeavor union Saturday morning as follows: Rev. Dr. H. H. Price, Frisco, president; Rev. N. P. Patterson, Beatrice, vice president and transportation manager; Addie Wagdy, Cambridge, secretary; Clara Kimmerling, Beatrice, treasurer.

Hastings was unanimously chosen as the place for holding the convention next year. Superintendents were elected as follows: Juniors (and field secretary), G. C. F. Hooper, Crete; intermediates, Mrs. Charles D. Pantle, Falls City; missions, Vida Leamer, Wakefield; quiet hour, Rev. E. H. Pontius, Myard; tenth legion, Mrs. Viola Miller, Lincoln; Christian citizenship, Rev. H. C. Farley, Fullerton; good literature and efficiency, Mrs. Oscar Warp, Minden; Esperanto, Rev. Charles P. Lang, Tilden.

Resolutions of thanks and appreciation to the Omaha Endeavorers, and especially the committees that have worked hard on all the arrangements for the convention were adopted. It is pronounced the biggest and best convention of Christian Endeavorers ever held in Nebraska.

Wilbur F. Crafts of Washington, D. C., world-famous fighter against the opium and liquor traffic and prohibition lecturer for forty-nine years, delivered a short address. He has just returned from Colorado.

"There are only two businesses that have been hurt by prohibition in Colorado," he said. "One is the jail business. They have had to close up a wing in the state penitentiary. The other is the washerwoman's business. Men take their money home now, wife doesn't need to take in washing and laundries have noted an increase of 60 per cent in their business."

The Endeavorers had a laugh at their own expense Saturday morning when a farcical business session was staged at the Brandeis by members of the Omaha union, including Stuart Wigg, E. L. Kilgore, Miss Neeley, O. D. Davidson, John Gunn and Mrs. E. L. Kilgore.

The little play was well presented and was vigorously applauded. It showed things that should be avoided in Endeavor meetings.

#### Ed Cornish Comes Home, Mrs. Cornish To Give More Money

Ed J. Cornish, former Omaha park commissioner, but now president of the National Lead company, with headquarters in New York, is in the city to assist in the campaign of his brother, Albert J. Cornish, candidate for judge of the supreme court.

"I have come home to vote," said Mr. Cornish. "My office is in New York, but my home is here in Omaha. My family, my best friends and my property interests are in Omaha. Mrs. Cornish has not finished her promised donations for the improvement of Levi Carter park. You could not separate her heart from this work. I was gratified with the large complimentary vote given to my brother at the primary, and hope further inquiry into his merits will justify continued support of him next Tuesday."

#### Two More Concerns Locate in Omaha

Omaha has two new enterprises. The Youth Era Industry is the name of a new concern manufacturing cereal foods at 6105 South Twenty-first street. The Affinity Spark Plug company is a new industry which has begun operations at 419 South Twelfth street, employing twelve men.

#### High Cost of Wilson

1912

1916

#### Commercial Club Makes New Plan for Maternity Homes

Three distinct suggestions have been made by the city health and hospitals committee of the Commercial club with regard to the supervision of maternity homes in Omaha. The subject has been referred to the committee on public welfare, which will co-operate with the health and hospitals committee and the public welfare board of the city in an effort to provide such legislation as may be necessary in the future.

The suggestions made by the committee are: (1) Have licenses for maternity homes issued by the State Board of Charities instead of the State Board of Health. (Regulation and supervision of maternity homes seem to fall more strictly within the field of charities and corrections than within the field of the State Board of Health.)

(2) Enact a provision giving the probation officers of the juvenile court the right to visit and inspect maternity homes, and the right to prefer charges before the State Board of Charities for the revocation of licenses.

#### Ask County to Aid Insane And Tubercular Victims

The county commissioners are to be appealed to by the city health and hospitals committee of the Commercial club in the matter of getting better accommodations for the insane and those afflicted with tuberculosis in the county. Dr. J. P. Lord, chairman of the committee, asks to appoint a special committee to take the matter up with the county commissioners this week. It is possible that the next legislature will be asked to give Douglas county authority to submit to the voters the proposition of issuing bonds to supply greater facilities for caring for the indigent of these classes within the county.

#### Baby Dolls and Their Misses in Their Very Best Bib and Tucker

"My dolly's prettier'n yours!" "She is not! Anyway, my dolly's got a prettier dress and hat. I made it myself," proudly.

"Well, my mamma made my doll's clothes and she can make dresses better'n you can, so there!" "She is not. She cannot. I'll tell my mamma on you!" "Mam-ma, Frances says my dolly ain't as pretty as hers and—boo—boo—Frances says her dress isn't pretty—boo-hoo, boo-hoo—"

"Now, then, dearies, you mustn't quarrel. It isn't nice," came mother to the rescue. "Now, kiss and make up children."

This was the only incident which marred the pleasure of the social soiree, the gathering of dollies and their little mammas for Burgess-Nash company's second annual doll party in the Cricket room. From 2 until 5 o'clock close to 2,000 little misses and their dollies were served with ice cream and cake at specially placed little tables and chairs, only twenty inches high.

#### Iowa Farmer Boy Is Almost Perfect

Oliver Wendell Chantry of Sydney, Ia., would rather be a sailor than do chores on the farm. He applied at the local navy recruiting office and passed the examinations for apprentice seaman with an almost perfect record. Uncle Sam's latest fighting addition is a nephew of Allen J. Chantry, assistant naval constructor of the New York Ship company, Camden, N. J.

#### Mrs. Catherine Edholm, Here Fifty Years, Passes Away

Mrs. Catherine Edholm, who has been a resident of Omaha for over fifty years, passed away early Wednesday morning. The funeral services, which were private, were held Thursday afternoon from the home of her daughter, Mrs. Charles Harding. Mrs. Edholm was 65 years old and is survived by three sons, E. S. Edholm, W. O. Edholm and S. L. Edholm, and two daughters, Mrs. Charles Harding and Mrs. Charles L. Gogel.

#### Colonel Garcia, Villa Bandit, is Executed

El Paso, Tex., Nov. 4.—Colonel Rosario Garcia, Villa commander from Sonora, and two of his men were executed in Juarez early today after being convicted by a military court on charges of treason. They were captured at Hacienda Santa Ana, near Namiquipa, and were brought to Juarez yesterday.

#### Invalid in Will Asks His Friends To Forgive Neglect

The will of Roy Condit, a resident of Benson, who was an invalid for many years, which has been filed for probate, contains an apology to his friends for "his seeming neglect." He trusts that all his friends and dear ones will overlook his seeming neglect and hopes that they will forgive anything lacking on his part. Books, jewelry, personal effects, etc., are willed to relatives.

#### Country Club Restrains Enforcing Sidewalk Tax

The Omaha Country club has been granted a restraining order in district court which forbids the village of Benson and W. G. Ure, treasurer, from enforcing a sidewalk tax of \$601,

pending a hearing before Judge Day on November 13. The club alleges that the ordinance ordering the laying of a sidewalk on Main street, from Fifty-second street to Fifty-sixth street, is illegal. That the contractor went ahead and put in a portion of the sidewalk in opposition to instructions by the mayor of Benson to await the return of the president of the Country club is charged. Persistent Advertising Is the Road to Success.

## The Franklin Enclosed Cars

Franklin Limousine. Weight, 2690 Pounds. Price, \$3000.

THE motorist who thinks of the enclosed car as mainly a winter and city car, ought to see the Franklin Enclosed Cars and get a demonstration of their year-round road ability.

Built in five different types: Sedan, Brougham, Cabriolet, Limousine and Town Car—every one of them weighing under 2700 pounds.

They give ease of control, comfort, safety and economy never before realized in enclosed cars.

Franklin direct-air-cooling—no water to freeze or boil—insures uninterrupted, troubleless service winter and summer.

And what is more, Franklin Enclosed Cars are so perfectly ventilated and protected from sun-glare and dust, that they are setting a new standard of comfort in summer touring.

Whether or not you are thinking of a new car any time soon, by all means get acquainted with the utility of Franklin Enclosed Cars.

Franklin Motor Car Co., Omaha R-U-2-B-1 of 60? 2205 Farnam St. Phone D. 1712.

## Allen Closed Cars

**\$1075** for Coupe  
**\$1095** for Sedan

No other closed cars, at prices near these, are so generous in size, nor so richly appointed. None has such a splendid, dependable, vital and sturdy foundation—same chassis as has placed Allen "37" Touring Cars and Roadsters at \$795 among the most notable automobiles of 1917. Let us demonstrate. Ask for the new Closed Car Book.

After January 1st Allen Closed car prices will be \$1,175 and \$1,195, respectively—necessitated by increased production costs.

Factory Address: The Allen Motor Co., Fostoria, Ohio. All prices f. o. b. factory.

## Overland

\$635 Roadster \$620 Model 75 B, f. o. b. Toledo

31 1/2 Horsepower

## Real Comfort This Winter

Don't go through the winter without the convenience and comfort of one of these cars to take you anywhere, any time, in any kind of weather and always in comfort.

The three kinds of automobile comfort are all yours in greater degree in the \$635 Overland than in any other car in the inexpensive, economical class.

You get greater seating comfort—the \$635 Overland has bigger, roomier, better cushioned seats.

You get greater riding comfort—the \$635 Overland has longer wheelbase, 104 inches—bigger tires, 4 inch—and cantilever rear springs, 42 inches long.

You get greater mental comfort—the \$635 Overland has greater power, 31 1/2 horsepower motor—greater beauty, full streamline body—greater economy, 20 to 25 miles on a gallon of fuel—greater convenience, control button on steering column, complete electrical system, magnetic speedometer, gasoline tank under cowl dash, one man top. These are the things which give you peace of mind—mental comfort—in the ownership of an automobile.

See us today and get your \$635 Overland now.

### Reliability

Naturally, no matter what you pay, you want a car that is ready on call 365 days in the year.

In the Regal 4 Thirty-two we offer you a car at

\$695

that is quite as dependable as any of the more expensive makes.

We have been building motors for 8 years and the Regal power plant is a refined pattern of a motor that we know has been right for several seasons.

Our magneto-generator ignition and lighting system is simple, accessible, and fool-proof. Positive starting is assured, even in the coldest weather by a very high cranking speed.

Extra generous radiator cools at any altitude, in any climate.

These are a few of the qualities that make Regals ready to run day in and day out. Let us convince you of them and more by a demonstration.
