

NEW YORK SAFE FOR HUGHES ON RECORD

Votes Cast and Registry Give Republicans Great Confidence of Carrying State.

FIGURES SUPPORT CLAIM

New York, Nov. 4.—(Special Telegram.)—New York state is republican this year by at least 50,000, according to an analysis of the political situation here by Frederick C. Tanner, chairman of the republican state committee. This means forty-five sure electoral votes for Hughes.

"The total vote in this state will in all probability exceed 1,600,000, as it has in the last three presidential years," said Mr. Tanner. "No candidate on the democratic ticket in this state has ever received more than 750,000 votes. No republican candidate for president or governor in any of the last three presidential years has received in this state less than 800,000 votes, except in 1912, when the republican vote was divided between the republican and progressive candidates. The vote is not so divided this year, most of the voters who were progressives four years ago have returned to the republican party, and those who continue to maintain a separate party have endorsed the republican candidates for president and governor.

"The democrat vote has been falling off since 1908 in New York state. In that year the democratic vote for governor was 735,189, in 1910 it was 689,700, in 1912, 649,559.

"In 1914 the highest candidate on the democratic ticket received 646,401 and in 1915 the total democratic vote for members of the assembly was 595,359.

"In 1912 the republican vote for governor was 444,105, in 1914 it was 586,701 and in 1915 the total republican vote for members of the assembly was 700,236.

"The republican enrollment for this year increased nearly 100,000, while the democratic enrollment fell off. The republican enrollment for 1915-16 was 729,710, as compared with 636,405 for the preceding year, while the democratic enrollment was 651,231, as compared with 655,047. All the heavy gains in registration this year have been recorded from republican districts.

In Manhattan, Tammany's stronghold, the registration fell off. The steady falling off in the democratic vote, and the rapid increase in the republican vote, the falling off in the democratic enrollment, and the marked republican gain, and finally the falling off of registration in the strongest democratic territory and the heavy gains in republican sections, together with the results of the actual canvass that has been made in every county, indicate beyond the shadow of a doubt the success of the entire republican ticket, state and national."

Omaha Business Men Who Have Been Associated Nearly Fifty Years

C. C. Belden

Henry A. Thompson

Henry A. Thompson and Charles C. Belden are this week celebrating their thirtieth anniversary of business in Omaha, although their business partnership dates back nearly a

half century. The firm of Thompson & Belden opened their first store in Omaha in 1886, on the site of the Woodmen of the World building. Their next location was where the Brandeis store is now, from whence they moved to the present site at Sixteenth and Howard. Congratulations are pouring in from all parts of the country to Mr. Thompson and Mr. Belden. Employees of many years standing are celebrating the "birthday" of the store as well.

G. O. P. CANDIDATES AT COMMERCIAL CLUB

Tell Business Men What They Would Do if Sent to the State Legislature.

FOURTEEN MAKE TALKS

Fourteen Douglas county republican candidates for state senators and representatives took luncheon as the guests of the Commercial club at noon, and each candidate addressed the club members in a two-minute talk on state issues.

Randall K. Brown, chairman of the club's executive committee, presided, introducing the speakers in order of their position at the table, going directly around the table with his introductions.

Dr. G. R. Young, candidate for member of the house, declared he wished to legislate to clean up the live stock situation in Nebraska and to improve sanitary conditions for live stock, thus improving the herds in general.

Sam G. Hoff, candidate for the house, reviewed his past record in the house and declared that if he looked as good to the club members as the members looked to him he was sure they would all vote for him.

Don't Want Tax Eaters.

Senator John M. McFarland, candidate for the senate, said: "You men are all taxpayers, and you want to elect men to the legislature who know how to conserve the interests of the taxpayers. Too often, when men are elected to the legislature, they become tax eaters. Our platform shows that we are for the best interests of Omaha and the community."

James Walsh, candidate for the house, said he had lived here forty-three years and was a member of the 1907 legislature, the one he said which still bears the reputation of having

brought forth the most reform legislation in the history of the state. "If this republican delegation is elected this fall," he said, "the legislature will be a repetition of the 1907 record for reform legislation."

John Larson, candidate for the house, thanked the club for its support of him when he ran two years ago, and assured them that if elected this time he would not be any more radical than he had been during the last session, and that at that time he stood only for the reform measures, the elimination of the sheriff fee-grab, the consolidation of Greater Omaha, and other reform and progressive measures.

Omaha First.

Bert C. Miner, candidate for the senate, declared if elected he would work for the best interests first of Omaha, then of Douglas county, and then of the state.

Nels A. Lundgren, candidate for the house, said: "Two years ago I promised to work for Omaha and Douglas county. I did so, and I now appeal to you for your votes for re-election. If elected I will use every effort to improve what I did two years ago."

P. J. Trainor gave his own record as public official down to mayor of South Omaha, and appealed for support to put him in the house.

Dr. Harry A. Foster assured the club men he was on the ticket, and said: "If you feel like endorsing what the party has done in the legislature, I'd like to have your support."

J. Frank Burgess, candidate for member of the house, said he had voted for a county workhouse, the municipal light bill, good roads, prison reform and anti-sheep fee grab, and he wished to go before the voters on that record.

Wants to Be Re-Elected.

Senator C. L. Saunders said: "It is hardly necessary for me to stand before my own club and tell the members what I will do. If you are satisfied with what I did, I'd like to be re-elected. I would not like to be returned to the legislature, however, unless with a delegation like this, for if the delegation is divided it is not efficient."

Harry Hackett, candidate for the

senate, told of his personal hobbies in the city to provide playgrounds for the kiddies, and declared himself for good roads and everything for the good of Omaha and the county.

John W. Cooper declared capital and labor to be twin brothers, and declared it the duty of the legislature not to enact legislation detrimental to either. "We should do nothing to drive capital out of the state," he said, "and should do everything to bring it within its borders."

Robert C. Druessedow said: "I served you faithfully during the last two sessions and I am proud of my record. I stand on the record I made there. I will go to the legislature, if I go, not to destroy any man's business, but to help build it up."

Charges 60,000 Negroes Have Come to the North

Washington, Nov. 4.—An official estimate that 60,000 negroes have been transported recently from the south into Ohio, Indiana, Illinois and other states, was made by the Department of Justice, in a statement declaring that a number of negroes have fraudulently registered and that other election frauds disclosed included padding of registration lists reaching into thousands of false names in one city alone.

Chicago, Nov. 4.—Frank C. Daily, in charge of the government's investigation into vote frauds in the central district, announced today that investigators have found evidence of fraudulent registration, colonization of voters, intimidation and the use of money to influence voters. The violations, he said, had occurred in Illinois, Ohio and Indiana. He declared he was contemplating calling a special grand jury to hear the evidence, but said the call would not be until after election.

Box Butte Potatoes Reach Highest Quotation

Alliance, Neb., Nov. 4.—(Special.)—What was probably the highest price ever paid the farmer for potatoes in the history of the country was recorded yesterday, when several hundred bushels of Early Ohio potatoes brought \$1.51 on the mar-

ket. Incidentally, that was the highest price paid to the farmer for potatoes anywhere in the United States on that day.

Fitch Has Not Withdrawn From the Judgeship Race

It has been erroneously published that Attorney F. W. Fitch has withdrawn his name as a candidate for municipal judge. F. W. Fitch is a candidate for district judge, and never was a candidate for municipal judge, and he has not withdrawn. This error seems to have accrued by some mistake in the office of Harley Moorhead over a communication which was

sent in by one "David Fitch." The district judges have nothing whatever to do, and no connection, with the office of Harley Moorhead, the election commissioner, excepting when it comes to counting the votes.

ANARCHISTS Brewers Violate Election Laws Commit Perjury

The Brewers' sworn statement shows they have had a campaign fund of more than \$38,000.00. Of this they accepted over \$36,000 from the "Bureau of Commerce and Labor." The law provides that they cannot take money from a corporation and cannot accept more than \$1,000 from any individual. Here is a double violation of the Election Law proven by their own affidavit. We call on the County Attorney to prosecute the officers of the Prosperity League for these violations of the law. This is not the worst. THIS STATEMENT IS RAW PERJURY. It does not show one dollar contributed by any Brewer or Saloon-keeper. Everybody knows the Brewers are financing this campaign. Their sworn statement denies it. We call upon the County Attorney to prosecute the Brewers and their suborned agents for perjury. The Brewers are afraid to let the people know that they have contributed money to pay for this campaign. They have filed no statement showing the enormous corruption fund which they have contributed to suborn newspapers, register fraudulent votes, colonize voters and steal the election. The people know this and the next legislature will show it up. THE BREWERS contracted with about 500 weekly newspapers in Nebraska at an average of \$75 per paper, total \$37,500.00. THE BREWERS spent over \$600 on one ad in one Omaha paper this week. THE BREWERS have spent \$50,000.00 for newspaper advertising. THE BREWERS have spent that much more in mailing their fake literature. They have spent unknown thousands to register fraudulent votes and to corrupt the election. They registered between 10,000 and 15,000 votes in Omaha. They did not get this done for nothing. They have paid their blasphemous ex-preachers fabulous sums to ridicule religion and the Bible.
