

GOVERNOR STUBBS OF KANSAS IS HERE

Makes Two Speeches for Drys Sunday, Telling About Prohibition in Kansas.

GIVES FIGURES OF STATE

Ex-Governor Stubbs of Kansas, who is campaigning in Kansas, came to Omaha Sunday to make two speeches, the first during the afternoon on the north side of the postoffice, where Bryan had spoken the night before, and the other in the evening at the First Methodist church. His talks had to deal largely with the prosperity of Kansas under its dry regime.

"Kansas has more students attending the institutions of higher learning (in proportion to its population) than any other state," said Governor Stubbs.

"Kansas has the largest per capita wealth in the nation, on the basis of property assessed for taxation—\$1,029.61.

"Kansas is one of the two states in the union having the smallest number of persons who cannot read or write—less than 2 per cent of its population.

REPUBLICANS SURE CAUSE WILL WIN

G. O. P. Candidate Says He Has No Doubt that He Will Be Elected Tuesday.

FINAL ORDERS SENT OUT

New York, Nov. 6.—Both democrats and republicans profess confidence in the outcome of the voting Tuesday. Final orders have gone out from the headquarters here of the national committees to the chiefs in other states, but instructions will be transmitted tomorrow to sub-chiefs and lieutenants all the way down to the precinct captains.

Charles E. Hughes, the republican presidential candidate, who will remain here until after election, announced tonight that he considers his campaign closed and that he has no further statement to make.

"Without a dissenting voice, in 1915, the Kansas state senate and house of representatives adopted a resolution, approved by the governor of Kansas, declaring that prohibition is a complete success, and denouncing the widely circulated statements of the liquor interests to the contrary. That resolution was senate concurrent resolution No. 33—Senator Kinkel.

Gives Some Figures.

"According to the tables of the Kansas state temperance union, based on the federal census of 1910, the number of persons committed to state insane hospitals averaged 115 per 100,000 population in the prohibition states; 150 in the near prohibition states; 242 in the partially licensed states; and 276 in the license states.

"When the saloon was abolished in Wichita, now a city of 60,000, the weekly bank clearances increased within three years from \$1,400,000 to \$3,200,000.

"Kansas has forty counties out of 105 which did not send a prisoner to the state penitentiary last year. This fiscal year, but 223 persons were committed to the penitentiary—the smallest number in ten years—and this in the face of the fact that in Kansas a man is sent to the penitentiary for wife and child desertion, for violation of the liquor laws, and kindred crimes which are but jail offenses in most other states.

"Kansas has no bonded indebtedness.

"Kansas had a loss of but \$188,000 from business failures during 1915, which is less than any state in the Missouri valley.

Increased Valuation.

"Kansas has approximately \$3,000,000,000 worth of property, an increase of \$29,000,000 in 1915, and the increase of 1916 will be more than double that amount.

"Kansas, under prohibition, has increased its bank deposits more than 100 per cent in ten years. We have \$240,000,000 of surplus wealth in our banks and savings institutions today, and this has more than doubled under prohibition.

"Kansas has an automobile for every fourth family—a record equaled by only two other states.

"Kansas has a permanent school fund of \$10,485,299, and has invested in its school property more than \$28,000,000—an increase of \$1,500,000 this year. We spent last year \$12,210,000 for educational purposes, an increase of \$1,000,000.

"We have enrolled on our colleges 27,000 students, the largest college attendance in proportion to the population in the United States."

Expect to Cut Down Wilson's Texas Vote

Dallas, Tex., Nov. 6.—Opposition to President Wilson's Mexican policy will result in at least 33 1-3 per cent increase in republican votes cast Tuesday in Texas over the republican and progressive showing of 1912, it was asserted here tonight by republican state leaders.

Wanamaker Denounces Demo Plan to Coerce the Postmasters

New York, Nov. 6.—(Special Telegram.)—Former Postmaster General John Wanamaker has issued a statement sharply denouncing the scheme which has been reported to him, whereby Wilson campaign managers had planned to coerce postmasters into voting for Wilson. Mr. Wanamaker said:

"I have been informed that every postmaster in every town and city in every state in the country is to receive a telegram, between now and Monday, telling him to vote for Woodrow Wilson. When I was in the Postoffice department, I would rather have had my right hand cut off than to tell a man to vote for any man for president, because he had a \$1,000 job in the department.

"I am informed, on unimpeachable authority, that the telegrams have been filed with both the large telegraph companies.

"To my mind, it is a crime to attempt to intimidate postmasters with \$800 or \$1,000 a year jobs, or even the higher salaried postmasters, to vote for Mr. Wilson. That office means that man's bread and butter, and to intimate to him that if Mr. Wilson is

not elected he will lose his office, is beyond all reason, indecent politics. When I was postmaster-general, no such action was ever or would ever have been tolerated by me. During my administration, there were about 67,000 postmasters in the United States. Now there must be between 90,000 and 100,000. Think of each incumbent of a postoffice getting a message of coercion to vote for Mr. Wilson and intimating that if he does not do as ordered he may lose his office.

"These telegrams, according to my information, have all been written and filed with the telegraph companies. They have, so I have learned, been distributed by each telegraph company to a headquarters in every state in the union and are all to be sent Monday. From what I have been able to learn, the messages are worded practically alike. I have been unable to find out, however, whose signature is attached to these telegrams. If these messages were sent it must be with the knowledge of Mr. Wilson, and if this is the case, the scheme is, in my opinion, a piece of unclean politics, which I would never have countenanced as postmaster-general."

ANCIENT POLAND IS AGAIN A NATION

Once Powerful Kingdom of Europe Takes Place Anew as Independent State.

TEUTON EMPIRES SPONSORS

Berlin, Nov. 6.—(By Wireless to Sayville.)—"Polish provinces occupied by troops of the central powers," says the Overseas News agency, "were the scene today of a great and momentous historic event. Germany and Austria-Hungary by joint action proclaimed Warsaw and Lublin, the kingdom of Poland, and re-established the right of the Polish nation to control its own destinies to live an independent national life and to govern itself by chosen representatives of the nation.

"A few days ago a Polish delegation had called upon the imperial chancellor, Dr. von Bethmann-Hollweg. Its members were representative Poles of all classes, all parties, all ranks of society and all creeds. They transmitted to the German government the wishes of the Polish nation which now have been granted to them.

"Thus the ancient kingdom of Poland from which in the past came famous rulers like the Jagellones (a dynasty founded by Jagello, which reigned in Poland from 1386 to 1572), and glorious soldiers like the great Sobieski (John III, king of Poland in 1674-1696), is now resurrected.

"The Poles are free from Russian oppression; no more to be trodden under the heels of the Cossacks. The liberty that had been destroyed a century ago on Russian instigation now is restored. The rule of the knout has been abolished. Poland has been given back to western civilization."

Grain Prices Are Still Slumping; No Market Tuesday

There is no grain market Tuesday. Here, as elsewhere, the grain men want to take a little whirl in the political game and consequently the exchange will be closed all election day.

Grain prices continue to slump, corn being the hardest hit, due to the reports of enormous yield and good quality. The Omaha market was off 10 1/4 cents from Saturday, prices ranging from 84@94 cents per bushel. The receipts for the day were eighty carloads.

Wheat was 2 cents lower, selling at \$1.62@1.77 1/2 per bushel. Receipts were 199 carloads.

Oats went off a half and sold at 50@50 1/2 cents, with forty-one carloads on sale.

Weather is to Be Fine for All to Turn Out to Vote

Weather out in the state is just about perfection. Temperatures are running high and not a cloud is visible. Similar conditions maintain all through the mountains, according to the reports to the railroads. This is taken to mean that the weather on election day in Nebraska will be fine.

Railroad men assert that information coming to them indicates that with fair weather and the fall work pretty well out of the way, the farming sections of the state will poll the largest vote ever recorded.

F. C. Best Wants Bridge Question Handled Alone

Frank C. Best, candidate for re-election as county commissioner, has expressed himself as favoring a division of the road and bridge committee.

He contends that the good roads question is one of sufficient importance and of such interest to the public that it should demand the attention of a committee by itself. Likewise, he argues, the bridge question should be handled by a separate committee.

NEW YORK HUGHES BY HUNDRED THOUSAND

President of Hughes Alliance Gives His Estimate Based on Enrollment.

WAGE EARNERS FOR HIM

New York, Nov. 6.—(Special Telegram.)—"New York state will be back of Charles E. Hughes on November 7 with at least 100,000 majority. Laboring men and all other groups of wage-earners are standing by him staunchly; 90 per cent of progressive vote of 1912 and from 10 to 12 per cent of vote cast four years ago for Wilson is assured him.

Such is the prediction of Philip J. McCook, president of the New York Hughes alliance.

The fact that there are enrolled in the New York Hughes alliance 175,000 voters of all parties, the greatest groups ever brought together in a non-partisan movement, justifies Mr. McCook in speaking with authority of the result in this state. Mr. McCook says:

"Ninety per cent of the progressives of 1912 will vote for Hughes. Between 10 per cent and 12 per cent of those who voted for Wilson in 1912, will vote for Hughes. The drift of the Taft vote of 1912 to Wilson is inconsiderable. The independents are in very large numbers for Hughes. The labor vote will, as usual, be divided and of it Mr. Hughes will receive at least the usual share which goes to a republican candidate.

"New York will give at least 100,000 majority for Hughes and I shall be rather surprised if it is not nearer 150,000.

"The Hughes alliance in this state now has over 175,000 members. From a careful analysis of our membership recently made, the following significant facts are disclosed: Thirty-eight per cent or 66,500 are laborers; 31 per cent, or 54,250 are clerks, salesmen and buyers.

YOUTH HANGS SELF IN CELL IN COUNTY JAIL; TIRED OF LIFE

Declaring that he was tired of the way he had been living and feeling confident that the future held no hope of change for him, Chance Jewell, 22 years old, ended his life Saturday night by hanging himself in a cell at the county jail, where he was serving a sixty-day jail sentence for vagrancy.

Jewell tore a strip of cloth from a blanket and tied one end to the bars of his cell and the other to his neck. Lack of space prevented a quick death, and from the position he was found in by Deputy Sheriffs William Hogan and Joseph Popischal early Sunday morning, it is thought that he knelt as in prayer, in order to strangle himself.

A note, scrawled on a paper bag, was addressed to his two sisters, who live at the Rex hotel, Sixteenth and Cass streets, requesting that he be buried next to his mother, who died several months ago.

Jewell was arrested Friday by Officer Charles Eppkin, as a suspect in connection with investigation of stolen automobiles. Nothing could be proven against him in this connection, but while he was in court, he was recognized as the youth who stole a bicycle and sold it for \$5.

Police say he had a bad record. He had been a newsboy, messenger, and taxi driver around the streets of Omaha for ten years.

BOHEMIANS STRONG FOR J. L. KENNEDY

Leave No Doubt as to Where They Stand on Question of Senatorial Candidate.

CROWD IS ENTHUSIASTIC

A meeting held Sunday afternoon in Bohemian Turner hall on South Thirteenth street left no doubt as to the loyalty of Bohemian citizens toward the candidacy of John L. Kennedy for United States senator. Vaclav Buresh called the meeting to order and related some of the reasons why Bohemians should vote for Mr. Kennedy as against Senator Hitchcock.

The crowd cheered enthusiastically when Chairman Buresh mentioned the name of Kennedy. Vaclav Bribyl spoke in behalf of A. C. Harte and Frank C. Best, republican nominees for the county board. John Simanek made a brief talk for the republican ticket. Stanley Serban and Joseph Kaspar also spoke.

General opinion on South Thirteenth street and adjacent territory is that John L. Kennedy will carry every precinct.

Mystical Order of Rosae Crucis Comes to Omaha

In his lecture on "God's Book of Life" Sunday evening at Theosophical hall, Sherman G. Petcolas said: "By the passing of the dark ages, the light which has been kept burning during the centuries by that devoted band of philosophers and scientists known as the Ancient and Mystical Order Rosae Crucis has been thrown into the dark places of occult knowledge, and now an Ancient Hermetic brotherhood has come to bless America with its teachings and with its coming astrology will blossom as a rose.

POLLARD IS CERTAIN HUGHES WINS STATE

Nehawka Man Says Republican Nominee Will Carry Nebraska by 10,000.

DEMS HAVEN'T A CHANCE

(From a Staff Correspondent.) Lincoln, Nov. 6.—(Special.)—Charles E. Hughes will carry Nebraska by not less than 10,000 majority over Wilson, is the opinion of E. M. Pollard of Nehawka, who came to Lincoln today after a campaign trip through the state.

"I can't see it any other way," said Mr. Pollard. "There have been changes on both sides, but when the swapping has been done, you will find that it leaves the proposition in just about the same relative positions as it was before. In some places there are some republicans for Wilson, while in other places there is a decided going to Hughes on the part of democrats. When you take into consideration that there can be a loss by Mr. Hughes of seven or eight republicans in every precinct in Nebraska, basing the vote on the rate of four years ago, and then the republicans win, it can be readily seen that there has got to be a real landslide for the democrats to carry the state for Wilson.

"Nebraska is normally republican by at least 15,000 to 18,000, to say the least, and I fail to see anything in the situation which would make me believe that Wilson will carry the state."
