TO THE LOGGLERS AND TIMBERMEN'S LEAGUE. Your frantic statement as to the alleged terrible conditions prevailing in Council Bluffs, appearing in Monday's Omaha papers, duly noted. No one blames you for getting crazy when you see your business slipping away from you, and personally, I feel sorry for you, but really, gentlemen, you have a few corrections coming on those expensive full-page statements you have been making, because you told your people there were "SCORES OF BUILDINGS VACANT RIGHT IN THE HEART OF OUR BUSINESS DISTRICT, and in the list you publish today you fail to show EVEN ONE AND WE DEFY YOU TO SHOW ONE. You have gone out into the outlying districts—you have taken upper floors or any old BREWERY BUILDING you could find and have listed these to show how "terrible" conditions are here. Out of the SEVENTY rooms listed EIGHTEEN are new buildings built during 1916, more store buildings than have ever been built in any one year in the history of Council Bluffs, because more have been rented than are vacant. FOURTEEN are second floors in the outlying district, ELEVEN of them are nearer the Omaha business district than Council Bluffs, SEVEN of them are already rented and are being prepared for occupancy, the ONLY ONE in the heart of the business district vacant now is the old Manhattan Saloon Building at 418 Broadway, which until last week was occupied by Joe Smith & Co., who have just built a new building, and is now held by them at the regular rental until January 1st, at which time the owner, Mr. Krasne, will tell you there are three different applicants waiting to take possession. As to the question "Did the Drys tell the truth as to the Seven Vacant Store Rooms?" I say, they emphatically did, and I defy any frantic efforts on the part of your committee to show where there is even one vacant store building in the heart of the business district that is not rented. Of the seven vacant ones referred to four are old BREWERY BUILDINGS formerly used as SALOONS, leaving Twenty-two rooms formerly occupied as saloons now occupied by legitimate lines. Your claim that the farmers of Pottawattamie County go right through our city to Omaha because Council Bluffs is dry and Omaha is wet, is a libel on the honor, sobriety and decency of the people of southwestern Iowa, not mentioning the insult to their wives and daughters, who do most of the shopping. SHAME ON YOU, YOU BOOZE ADVOCATES, to stigmatize these people, even as to THEIR WIVES AND DAUGHTERS AS SALOON PATRONS. What a libel on the citizens of the state of Iowa. IT'S A LIE, GENTLEMEN, IT'S A LIE, AND WE RESENT IT. (Signed) JOE W. SMITH, 414-416 BROADWAY. Council Bluffs.
