Arrested at Des Moines in Company With Girl From Aberdeen.

### ENTERS PLEA OF GUILTY

(From a Staff Correspondent.)  
Des Moines, Ia., Nov. 6.—(Special Telegram.)—R. Van Wie, general for the Guaranty Life Insurance company of Davenport, is held here on charges of violating the Mann act and is awaiting action under \$2,500 bond in the federal court.

Van Wie was arrested this afternoon with Grace Eske, an Aberdeen, S. D., stenographer, at the Holland apartments, where they had registered as man and wife. The arrest followed receipt of a telegram from the father of the girl, William Eske. The girl made affidavit today that she was brought here by Van Wie, and he entered a plea of guilty on arraignment. It was given out at the marshal's office that Van Wie has a wife and daughter at Indianapolis, Ind.

**Need Farm Experts.**  
"We must place a doctor of agriculture in every community, must arrange for him to spend all of his time at the work and must pay him according to his ability and the work he performs," said President G. C. Creland of the Ontario Agricultural college in addressing members of the agricultural round table at the state teachers' meeting Friday. Present methods, he said, are not calculated to instill into entire communities the progressive tendencies brought to them by the few who received an agricultural training elsewhere. He said it was only through these farm experts that permanent results in the way of progressive agriculture could be obtained.

**Estates Pay Tax.**  
Fifty-nine estates paid \$29,668 in collateral inheritance tax to the state in October, according to the report of Quincy A. Willis, deputy treasurer of state. The estate of Wilbur A. McNeill of Mahaska county, paid the largest tax. The state received \$10,395 on \$186,759, which went to collateral heirs. The tax assessed is 5 per cent of the total sum which went to collateral heirs.

**Hatton Tuition Case.**  
Thomas D. Hatton, whose parents formerly lived in Creston, but now make their home in Dakota City, will test out the tuition law maintained by the Des Moines school board through a case in the supreme court. The district court here ruled that Hatton owed the Des Moines school district \$50.75. He has appealed on the grounds that this was his home. He was not permitted to graduate from the high school because of this unpaid tuition.

## National Guards of Sundry States Ready To Cast Their Votes

El Paso, Tex., Nov. 6.—All details have been completed in National Guard camps in this division for taking the vote of guardsmen tomorrow. In the Pennsylvania camp election commissioners have arranged for the soldiers to vote under their supervision. The ballots will be collected after the soldiers have voted and will be taken back to Harrisburg.

A similar arrangement has been made in the Massachusetts and Connecticut camps here and at the Delaware camp at Deming, N. M.

**AN EXCEPTION.**  
Life insurance is an exception (1) to the rule "Don't buy a thing until you need it," and (2) in that its cost has not increased along with practically everything else. If one waits until he actually needs life insurance, he cannot then get it. Insurance companies insure only sound lives. Impaired lives are denied all the standard policies. The percentage which companies reject is greater than their death rate percentage.  
If you have no life insurance, the time to make your application is when you are in good health. While the cost of insurance has not advanced, yet the premium does increase with each year of added age. The younger the age at which a policy is taken, the smaller the premium.

## The Day of Days

## VIOLENT BATTLES ON FRENCH FRONT

(Continued from Page One.)

tween Saillly-Saillisel and St. Pierre-Vaast wood—they were able to recapture some positions in the wood and in the village of Saillisel, just to the north.

After a long interval, the resumption of active operations in Dobrudja is reported from Bucharest, which announces a Roumanian victory. Roumanian troops are declared to have taken the offensive north of Hirsova and driven Field Marshal von Mackensen's troops from several villages, which were set on fire as they were being evacuated.

**German Official Report.**  
Berlin, Nov. 6.—(By Wireless to Sayville.)—The British and French, using the strongest forces, made continuous attacks yesterday on the Somme front. The war office announced that the German troops withstood these attacks unshaken.

The statement follows:  
"In the continuous battle on the

Somme, the fifth of November was another fighting day of the first class. The British and French, with the strongest forces, made a powerful advance against the front of General von Helows' army. Troops under General Baron Marschal von Deimling and von Garnier withstood the attack unshaken. The allied enemy on the entire front from Les Sars to Bouchavesnes, a distance of twenty kilometers along which they attacked, suffered the heaviest losses and accomplished nothing except a small local gain in the north part of St. Pierre-Vaast wood. The enemy left ten officers, 310 men and booty in our hands. Northeast of Le Sars more than seventy prisoners and eleven machine guns were brought in.

"Near Soissons an attack by a weak French detachment was repulsed.  
"On the right bank of the Meuse (Verdun front) in the Hardaumont sector, there was violent artillery and hand grenade fighting."

**French and British Reports.**  
Paris, Nov. 6.—A violent attack by German troops was made last night on the positions captured by the French between Saillly-Saillisel and the St. Pierre-Vaast wood. The war office announced today that this as-

sault was repulsed with heavy loss to the Germans.

London, Nov. 6.—A strong German counter attack last night compelled the British to relinquish a portion of the ground they had captured in the neighborhood of Butte de Warlencourt on the Somme front, the war office announced today.

## Hughes Will Carry South Dakota by 10,000, Says Norbeck

Sioux Falls, S. D., Nov. 6.—The campaign closes in South Dakota tonight with Hughes and Wilson rallies in several cities and with both republican and democratic leaders predicting victory. With a normal total vote of 110,000, Hughes backers declare the republican nominee will carry the state by a plurality of at least 10,000, while Norbeck, the republican gubernatorial candidate, is expected to pile up a plurality much larger than that. The election of all republican congressmen, as well as the success of the entire state ticket is also predicted.  
Democratic leaders, on the other

hand, declare a great surprise is in store and confidently predict that Wilson's strength in the state is great enough to carry the entire state democratic ticket to victory.

A bitter fight on prohibition ends with the dry forces predicting a victory by 15,000 votes, but opponents of the proposed amendment are equally confident of its defeat. The proposed woman suffrage amendment has a fighting chance and may carry by a close margin in the general belief. Several other proposed amendments and five measures submitted under the initiative and referendum law will also be voted on.
