

Nebraska RACE FOR CHIEF JUSTICE IS WARM

Result of Election on Head of Supreme Court Closely Contested.

CORNISH GETS BIG VOTE

(From a Staff Correspondent.) Lincoln, Nov. 9.—(Special.)—The result of the election of supreme judges may have to wait until the full vote is in judging by the returns as coming to the state house.

Lancaster and Douglas counties on supreme judge, gave Fawcett for chief justice, on the figures so far obtained, a lead of approximately 7,000. Only about one-fifth of the state has been heard from. These same returns give the associate justices the following:

Cornish	34,110
Hodgson	24,423
Barre	24,344
Dean	23,229
Martin	23,842
Hastings	23,218

On chief justice the vote stood at noon:

Fawcett	31,375
Mortenson	27,243

Funeral of Barton Held at Aurora

Aurora, Neb., Nov. 9.—(Special Telegram.)—Followed by a funeral train of automobiles more than a mile in length, the body of Silar K. Barton of Grand Island, late republican candidate for congress in the Fifth district, was today conveyed to the Aurora cemetery and now rests beside his father. Masonic and United Workmen bodies united in the funeral ceremonies.

Business in Aurora stopped for a while in honor of its former citizen and hundreds of Hamilton county people attended the services at the grave.

Mr. Barton was born and reared in Hamilton county. After serving as deputy county treasurer, he was elected to an office in the United Workmen lodge and removed to Grand Island.

Weeping Water's New School House Open

Weeping Water, Neb., Nov. 9.—(Special.)—The new \$17,000 high school building just being occupied at Weeping Water. The old building which is on the same campus, will be used by the grades entirely, the need of more room being the reason for the construction of the new building. The new building is 44x60 feet and has three floors. The basement houses a gymnasium, 57x24 feet, and manual training room. A large stage is provided and separate dressing rooms in connection.

It is planned to use the building as a community center for some of the social activities of the town, as well as for all school entertainments and social affairs. No bonds were voted for the construction of the building. About half of the cost was provided for from a sinking fund and the other half raised by voting warrants instead of bonds.

William A. Watson, Old Resident, Has Fatal Stroke

William A. Watson, a resident of Omaha for thirty-three years, died at the home of his daughter, Mrs. Henry Hornung, 1327 South Thirty-fifth street, yesterday, as a result of a stroke of paralysis. He is survived by his widow and daughter, six brothers, Cyrus E. John N. Oliver S. Albert H. and Ulysses G. of Omaha, and James Anderson of Chickasha, Okl., and Mrs. James Newkirk of Mayberry, Neb.

Mr. Watson was born in Sullivan county, Indiana, June 8, 1850. For many years he was engaged in the horseshoeing business on Harney street, between Fourteenth and Fifteenth streets. He retired from business about six years ago and has since lived at his home in Benson. He was a member of Grant post, Grand Army of the Republic, having served in Company C, Eleventh Illinois infantry. Funeral services will be held Saturday afternoon at 2 o'clock from the Burkett chapel. Interment will be in Forest Lawn cemetery.

Telephone Chiefs to Move; Will Not Build This Year

Four of the Nebraska Telephone company's chiefs with their staffs will move November 15 into new quarters on the sixth and seventh floors of the Brandeis building. The object of the transfer is merely to give more room to the main headquarters on Douglas street.

Those who move are Division Engineer E. H. Patton and his force of thirty persons; E. I. Hannah, division plant superintendent; J. R. Carter, superintendent of traffic; L. B. Wilson, commercial superintendent. E. S. Myvman, general traffic engineer, has just moved into quarters in the Saunders-Kennedy building.

Library Books May Now Be Borrowed Longer Period

A ruling which went into effect at the public library November 1, allows patrons to keep books for twenty-eight days, instead of fourteen days, the former time limit. Patrons are also allowed to renew the books for a similar period at the expiration of the twenty-eight days. In this manner Miss Edith Tobitt, librarian, expects to do away with the many small fines imposed upon members who kept their books longer than the time limit.

"Y. M." Worker in Japan Will Speak at Local Association

Arthur Jorgenson, student secretary of the Young Men's Christian association branch at Tokyo, Japan, will be the speaker at the Sunday afternoon meeting at the local "Y." He will talk on the Japanese student. Mr. Jorgenson formerly was assistant secretary of the local association. He is a graduate of the University of Nebraska. J. J. McConnell who fought with the allies in the European war, will also speak.

Concordians Hear Boy Scout Leader Tell of Plans Here

Members of the Omaha Concord club at the weekly meeting and luncheon at the Hotel Fontenelle heard Judson P. Freeman, national field commissioner of the Boy Scouts, tell of the month's campaign of organization that is to be carried on here.

He outlined the activities of the Scouts and spoke of the great civic interest being taken in the movement in other cities. Mr. Freeman declared that the field for the work here was exceptionally good.

The Concordians expressed themselves as being heartily in accord with the Boy Scout movement and passed resolutions to appoint a committee to aid in the campaign in Omaha.

Dental Dispensary For Children to Be Opened Next Month

Announcement was made yesterday by Dr. P. P. Shearer that the free dental dispensary for children will be opened in December. The plan has been under discussion for several months. In the neighborhood of eighty Omaha dentists will give their services to the new institution.

That from 85 to 90 per cent of all children in Omaha are suffering from some physical malady that can be traced to defective teeth, is the contention of Dr. Shearer.

Notes From Beatrice And Gage County

Beatrice, Neb., Nov. 9.—(Special.)—A stranger visited Beatrice Tuesday afternoon and succeeded in passing a forged check for \$10 at Klein's store. He made a small purchase of goods, received the balance due him and disappeared. The check was drawn in favor of Louis McGown, a young man employed at the farm of John Penner and also bore the supposed signature of Mr. Penner, who stated that he had not issued such a check. The officers are working on the case.

Oliver Maize of Armour, Neb., and Miss Mayme Wilson of Hollenberg, Kan., were married yesterday afternoon at the court house by County Judge Walden.

The annual corn and poultry exhibit of the Beatrice Poultry and Pet Stock association, will be held here the second week in December and prospects point to a big exhibit.

Thomas E. Roberts and Ora Roberts, well known young people of the Wymore neighborhood, were married yesterday afternoon at the home of the bride's parents.

John Wichmann of West Beatrice is circulating a petition for the removal of Chief of Police Hayden, charging that he has failed to properly perform his duties in making arrests, etc.

Reavis and Sloan Have Big Margins

Lincoln, Neb., Nov. 9.—Congressman Reavis, present republican incumbent in the First district of Nebraska, has a majority of 3,500 votes over his opponent, former Congressman John A. McGuire, according to returns from six of the seven counties in the district. In the Fourth district, with one county and two other precincts missing, Sloan, present republican incumbent, is leading his opponent by 3,655 votes. Reavis' election was conceded tonight at democratic headquarters.

Suffrage in West Virginia Beaten

Charleston, W. Va., Nov. 9.—Returns from 843 out of 1,713 precincts in West Virginia on suffrage: 33,887 for, 72,473 against.

Like a Boy at 50 Bubbling Over With Vitality—Taking Iron Did It

Doctor Says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent in two weeks' time.

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man. In fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron—nuxated iron had filled him with renewed life. At 20 he was in the bud health; at 40 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, consumption, indigestion, liver and heart trouble, etc. The real and true cause which started their disease was nothing more or less than a weakened condition brought on by lack of iron in the blood. This is absolutely necessary in the body to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron, you will wither and die. I owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary iron daily for three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were sipping all the while, double their strength and endurance

NEBRASKA TEACHERS LISTEN TO CLAXTON

United States Commissioner of Education Details Method of Teaching.

URGES OUT-OF-SCHOOL LIFE

If the teachers of Nebraska who attended the association meeting held at the Auditorium last night paid attention to the words of P. P. Claxton, Washington, D. C., United States commissioner of education, they learned two things—how to teach, and why P. P. Claxton is commissioner.

The subject of the discussion was "The Promotion of the Teacher With the Pupils." In substance he showed that the history of a child, its environment, habits, interests, and the history of its family, both in a physical and mental sense, are the prime facts to be ascertained in order to start properly in the pupil's education.

As an insurance agent or physician inquires into the life of an individual and his family to ascertain just what to expect from the person, so a teacher should make this a vital issue of preparedness for the campaign of teaching.

Don't teach a child to recite by heart from a text book," said the speaker. "That is not education, but mechanical efficiency. Learn what your pupils do out of school, what they are interested in, how they spend Saturday and Sunday and their vacations."

The Main Education.

"Out of school life is the main education. Learn what they are taking interest in without, and bring these things into the school and interpret them for your children. The teacher who would teach must put herself into the minds of her children. Teachers in grade schools have no sense of value, but merely go through a certain process of dispensation without weighing the result. "Instead of learning first, second and third grade teaching singly a teacher should not only be prepared, but should instruct pupils not only in one grade as the first, but on into the third and fourth and even through the sixth grade. The child becomes acquainted with the child, its habits, owners of retaining knowledge and the best methods by which it may receive true learning. "If this plan will be carried out, the teachers in the schools will teach children and subjects, instead of just subjects."

Commissioner Claxton cited numerous amusing incidents of the absolute folly of "book learning" when it is not interpreted so that the child's mind can digest it. His discourse showed that the years of devotion he has given to the subject.

City Superintendent of Schools John D. Shoop of Chicago spoke on "The Variable and the Constant in Teaching." He put much stress on the gospel of work and self-reliance for the pupil and particularly on the teaching of control, which he termed "the greatest word in the English language." Mr. Shoop recently sustained severe injuries in an auto accident and it was against the advice of his physician and family that he came to Omaha. But he asserted that "this visit had been a real tonic in more ways than one."

The Nebraska State Teachers' association will probably hear no more interesting talks during the forty-first annual session, and besides the speaking of the singing of the Menomaa Male chorus, under the direction of James E. Carnal, was superb.

Bellevue Students to Stage Banquet at Rome This Eve

The Bellevue college banquet at the Hotel Rome this evening, probably will be attended by every Bellevue alumnus now in Omaha for the teachers' convention. Through an error in printing the program the banquet was announced for the college dining room. Many of the teachers who are graduates of Bellevue have been making the college hill their headquarters. Headquarters for the Bellevue teachers is at the Young Men's Christian association. They all attended the address by President Kerr at the Commercial club yesterday afternoon.

Burroughs' Machines Speed Election Returns

Voting men and women owe an extra ballot of gratitude to the mechanical mathematicians, the Burroughs' adding machines, which made returns, as published in The Bee, so early and so accurate. Edison and Bell helped to speed up the news by means of the telephone. But the chief accelerator and verifier of the votes was the faithful adding machine! Every time it clicked it told the fate of somebody's favorite—and told it with perfect precision.

DEMOS CLAIM NEW HAMPSHIRE STATE

Republican Chairman Says Alleged Official Figures Are Not Authentic.

ASKS VOTES BE INSPECTED

Concord, N. H., Nov. 9.—The complete figures of New Hampshire showing a plurality of 117 for Wilson presidential electors are based on certified returns to the secretary of state, 240 precincts out of a total of 294, added to press returns from fifty-four precincts. The secretary is checking up the press returns with those certified as the latter come in.

The two precincts which were missing until this afternoon gave a total of eleven votes for Hughes and seven for Wilson.

Demost Figures Disputed.

Philip F. Falkner, chairman of the republican state committee, issued the following statement: "The claim that New Hampshire has gone for Wilson is unsubstantiated by any returns in our possession. "Fully 40 per cent of the town clerks throughout the state have rendered no returns of the vote, but such unofficial figures as we have verified in every quarter of the state indicate that Mr. Hughes has carried New Hampshire by something less than 100 plurality."

"We have well fortified information of irregularities in the counting of votes in many quarters and we have today instituted proceedings for an inspection of all the votes cast in the state on Tuesday as our law provides."

"George A. Fairbanks of Newport, one of the Hughes presidential electors, is the petitioner in this action and we expect to have the New Hampshire ballots in the hands of the secretary of state by the close of another day."

"We do not concede New Hampshire to the democrats and are prepared to substantiate our claim of republican victory before any competent tribunal."

Certified returns for 248 precincts out of 294 in New Hampshire give: Hughes, 37,072; Wilson, 36,793. For the balance of the state the secretary of state has only press reports and it was on the certificate returns combined with press reports that the Wilson plurality was placed at 117.

Credit Men to Hold Monthly Dinner

The monthly meeting of the Omaha Association of Credit Men will be held at the Hotel Fontenelle Thursday evening. The dinner is to be followed by a business session. Frank H. Myers of Benson & Myers will talk on the subject, "The Farm Loan Bank and Its Relation to Credits." An entertainment feature will be given by Frank T. B. Martin of Martin Bros. & Co. W. A. Glass is chairman of the entertainment committee.

Blackburn Wants Lawyers To Suggest Law Changes

Thomas W. Blackburn, chairman of the committee on legislation of the Nebraska State Bar association, desires members of the bar of the state to communicate with him concerning any changes they would recommend in the statutes of the state, particularly such as would simplify the procedure. Another meeting will be held before the annual meeting of the Nebraska State Bar association, at which time additional recommendations will be brought to the attention of the association.

PRESIDENT WILSON REMAINS SILENT

Executive is Given Summary of Election News at 11 A. M., but Withholds Comment.

WILL GO TO CHRISTENING

Long Branch, N. J., Nov. 9.—At 11 o'clock President Wilson was given a complete summary of election news to date, including word that Senator Hollis claimed New Hampshire. Although the word transmitted to Mr. Wilson was almost entirely favorable, he reserved judgment.

President Wilson was informed at 10:25 o'clock in a telegram from Senator Hollis of New Hampshire, of the change in the New Hampshire returns giving Mr. Wilson a lead of ninety-three votes, Senator Hollis declaring that Mr. Wilson had carried the state by that plurality.

"Congratulations," he concluded. It was taken for granted among officials here that there would be recounts in several of the very close states and it was believed that weeks might pass before questions involved were settled. Officials said the results would be watched very closely in order to insure a fair verdict. The president was in a cheerful mood today and believed the result eventually would favor him.

The president will leave Atlantic Highlands on the naval yacht Mayflower late this afternoon or tonight for Rhode Cliff, N. Y., on the Hudson, where he will board a train at 10 o'clock tomorrow morning for Williamstown, Mass., where he will act as godfather for the child of Mrs. Francis B. Sayre, his daughter.

Racing Automobile Burned at Deshler

Deshler, Neb., Nov. 9.—(Special.)—While trying out his Emden car on the track at the Thayer county fair grounds this afternoon, Ray Herbert of Sioux City, Ia., had his car destroyed by fire. It backfired and in a moment was in a mass of flames.

"Only 'Gets-It' for Me After This!"

It "Gets" Every Corn Every Time. Painless. Nothing More Simple. "I'll tell you what, I've quit using tucating knives for corns. I've quit making a package out of my toes with bandages and contraptions—quit digging with knives and scissors. Give me 'GETS-IT' every time! That's what they all say the very first time!"

When You See These Pretty Girls in Your Druggist's Window It's a Good Time To End Your Corns. they use "GETS-IT" because "GETS-IT" is so simple and easy to use—put it on in a few seconds—because there is not work or corn-fooling to do, no pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, that little old corn peels right off, leaves the clean, corn-free skin underneath—and your corn is gone! No wonder millions prefer "GETS-IT." Try it tonight. "GETS-IT" is sold and recommended by druggists everywhere. Be a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co.
