UNION PACIFIC CARS
MAINLY OUT OF STATE
Report to Rail Board Shows
Only Twenty-Five Per Cent
in Nebraska.

CAUSE OF THE SHORTAGE

Lincoln, Nov. 13.—The Union Pacific railroad has at present only 25 per cent of its freight cars for use in Nebraska, the other 75 per cent being in the use of other roads, principally those of the east, according to a report filed with the State Railway commission here today. Of a total of 22,000 freight cars belonging to the road, only 5,652 are available in this state. The railway commission is attempting to reveal the cause of car shortage.

Jerry Will Not Get
Legislative Seat in
Bald-Headed Row

(From a Staff Correspondent.)
Lincoln, Nov. 13.—(Special.)—Corporation cormorants have won a victory, even before the legislature starts. This is because Representative Jerry Howard of Douglas county is unable to get the seat he wanted in the lower house down close to the speaker.

Mr. Howard has written to Secretary of State Pool saying that he wants a seat down in front next to the center aisle, so that he will be in a commanding position to observe any jokers that the captains of industry may have planned to put over on an unsuspecting and innocent democratic house. And he wants also to be as far away from the contaminating influence of the lobbyists as possible, "who infest and pollute the sacred premises of the law-making and God-fearing legislature."

Mr. Howard wants it understood that unless he can have the seat he wants that "the votes of the people and the voice of the disfranchised noble women of the state will be sadly handicapped for the want of a champion always on the job." He closes his appeal to the secretary of state by saying: "I must have a front seat because those who champion my cause are not the representatives of big business, but are heroes and heroines."

Unfortunately the only front seat available for Mr. Howard is on the north side of the chamber.

Richards' Primary Law
Carries in South Dakota

Pierre, S. D., Nov. 13.—(Special Telegram.)—Returns today leave eight counties to report on the Richards law primary. It has a lead of 1,784, which practically means that the next primary election in this state will be held under the provisions of that act, as the probability of this being overturned by the counties yet out is hardly worth considering.

With two counties out, the vote on governor is, Norbeck (rep.), 70,793; Rinehart (dem.), 49,629.

Returns, with eight counties out, give Hughes a lead of 3,842, but the counties yet to report are likely to reduce that figure to below 3,000.

The manager of the state anti-suffrage association says he has figures on all but three counties and suffrage has lost by 5,107.

The prohibition lead has gone to over 10,000 and is growing.

Mr. and Mrs. Bryan
Start for Florida

Lincoln, Neb., Nov. 13.—Mr. and Mrs. W. J. Bryan departed today for Miami, Fla. Rumors that the Bryans were going to make their permanent home in the south, presumably North Carolina, were denied today by Mayor C. W. Bryan, brother of William J. Bryan. It was stated that the Bryans will spend the winter in Miami, but that they still consider Nebraska their home.

Clarke Expresses Thanks
For Support in Fight

(From a Staff Correspondent.)
Lincoln, Nov. 13.—(Special.)—Chairman Henry Clarke of the State Railway commission left this afternoon for Washington to attend the national meeting of railway commissioners.

Mr. Clarke is taking his defeat in a good-natured manner and before leaving dictated a letter of congratulation to his successful opponent, Victor Wilson.

"I wish The Bee would say," said Mr. Clarke, "that I most deeply appreciate the effort which the business interests of the state made toward my re-election. It gives me a great deal of satisfaction to know that, while I was defeated, I had behind me the business men of the state, who know more than anybody else what it means to the state to have experienced men on the commission."

WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.
Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.
For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Adv.

To Avoid Dandruff

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic-liquid, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritations is zemo, for it is safe and also inexpensive.
The E. W. Rose Co., Cleveland, O.

TODAY'S AID TO BEAUTY

An especially fine shampoo for this weather, one that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be made at trifling expense by simply dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Advertisement.

For All Complexion Ills

If the skin be colorless, sallow, muddy, over-red, blotchy or freckled, nothing will so surely overcome the condition as ordinary mercurized wax. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, gently, gradually, causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delicately soft and beautiful. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is used like cream.—Advertisement.

Notes from Beatrice
And Gage County

Beatrice, Neb., Nov. 13.—(Special.)—In the race in Gage county for representative G. W. Steinmeyer, republican, lost to Charles Burrows, democrat, by the close margin of thirty votes. Burrows ran on the dry ticket and Steinmeyer as a wet candidate. The county judgeship contest was also very close. J. A. O'Keefe winning over Judge H. D. Walden, present incumbent, by forty-five votes. Hughes carried the county by only ten votes.

The funeral of Mrs. Letha Hartley, a pioneer of Beatrice, was held from the Methodist church Sunday afternoon at 2:30 o'clock, conducted by Rev. B. F. Gaither. Interment was in Evergreen Home cemetery.

The annual show of the Gage County Pet and Live Stock association to be held in this city the second week in December promises to be the biggest affair of the kind ever held in the city. It will be held in connection with the corn show.

Table Rock Barn Burned.
Table Rock, Neb., Nov. 13.—(Special.)—The barn of F. L. Pettit was entirely consumed by fire Friday night. A quantity of hay and grain and a double harness were burned and the horses were barely saved. As the fire was bursting from the roof when discovered it is thought it was caused by spontaneous combustion in the haymow.

Thirteen Lucky
Number for Berge

(From a Staff Correspondent.)
Lincoln, Nov. 13.—(Special.)—Depputy State Treasurer Henry C. Berge celebrated his birthday today. His birthday comes on the thirteenth day of the month because he was born on that day. Incidentally the first time he lived out to work was in his thirteenth year and for \$13 a month. He was admitted to the bar in Kansas City, April 13, 1903. Four years ago he was appointed by Governor Morehead to a clerkship in the banking board, one of thirteen appointments given out that day. And he is still alive, well and hearty and a democrat.

CHILD SUFFERED
WITH ECZEMA

Mother Had to Tie Gloves On to Keep Her From Scratching.

"My little girl suffered with eczema. There were just two or three little pimples on one side of her face at first but they kept spreading till they covered her whole face. They were quite large and red, and when I washed her a watery matter came from them and they would bleed. They itched and burned so I had to tie gloves on her hands so she could not scratch, and she kept me awake a good deal nights.
"Then I saw Cuticura Soap and Ointment advertised and I used about a half a box of the Cuticura Ointment, and one bar of Cuticura Soap and she was healed." (Signed) Mrs. Andrew Sched, Route 1, Belding, Mich., April 17, 1916.
Some think that because Cuticura does such wonderful work in soothing and healing severe itching and burning eczema it is not adapted to the gentle uses of the toilet. On the contrary, that is just where it is most effective in preventing these serious skin troubles. You can have samples for the asking. Address post-card: "Cuticura, Dept. H, Boston." Sold throughout the world.
