HUGHES RESIGNS AS CANADIAN MINISTER

This Follows Friction Between Him and Other Members of Government.

THEY ASKED HIM TO QUIT

Ottawa, Ont., Nov. 14.—General Sir Sam Hughes has resigned as Canadian minister of militia and defense. His resignation was requested.

The breach between General Hughes and Premier Borden and other members of the Canadian government resulted from differences over questions of policy and details of administration. Since the beginning of the war there have been many such differences on question of military management, but until recently, it is said, they have been adjusted generally by allowing General Hughes to carry out his plans.

Lately the friction has increased and adjustments have grown more difficult. It is understood there has been a growing disposition on the part of the premier and the cabinet to insist upon their own plans as against those of General Hughes.

One Point of Difference.

One of the points over which a difference arose was the supplying of the Canadian forces with the British army rifle. General Hughes, it is reported, advocated instead the use of a Canadian weapon.

Some time ago General Hughes returned from a three months' visit to England with a plan to have a Canadian war council organized in England, with a deputy minister of militia as its head. The Canadian government, however, held that with more than 200,000 Canadian troops in the trenches, in France, or in training in England, there should be an overseas minister of militia. General Hughes opposed this, as it would greatly deprive him of authority.

Perley Is Appointed.

When the government insisted upon its plan, it is reported General Hughes suggested that Sir Max Aitken should be appointed to the new post. Premier Borden, however, appointed Sir George Perley, although there is said to be a lack of harmony between him and General Hughes. This took from General Hughes control of a large part of the Canadian forces.

While he was in England, General Hughes, after investigating the Canadian army medical force, relieved General Guy Carleton Jones of the command. The government replaced General Jones.

Criticism by General Hughes of action taken by British authorities both in regard to the handling of Canadian army supplies and of the Canadian forces, it is said, has been resented.

It has been stated that there was a lack of cordiality between General Hughes and the duke of Connaught, who has just left Canada, after five years' service as governor-general. The accumulation of differences has led to the breach, which has come today.

Striking Coincidence.

It is taken as a striking coincidence that the arrival of the duke of Devonshire as governor general of Canada should be marked by the resignation of General Hughes, under whose administration, as minister of militia Canada has raised 400,000 men for overseas military service.

General Hughes was appointed minister of militia in 1911. While on a visit to England last year he was knighted by King George. His resignation was demanded by the conservatives in connection with war contracts awarded to American companies. He returned from England and demanded an investigation, which resulted in his exoneration by a royal commission.

England Will Have Protective Tariff After War Ends

New York, Nev. 14.—If American manufacturers desire to retain their position in English markets after the war they may be under the necessity of building plants in England, in the opinion of Pierce C. Williams, United States commercial attaché at London, who is conferring with business men here at the bureau of foreign and domestic commerce.

"All indications are that a protective tariff will be in effect by the United Kingdom after the war," declared Mr. Williams. "Sentiment in favor of a high tariff is growing all the time in England and has the backing of influential interests. British labor seems rather favorably impressed with the idea of a tariff wall, the argument being that such a measure will lessen competition and very likely tend to maintain higher wages."

"Should a high tariff be enacted in England, its probable effect would be to curtail the sale of American manufactured articles in that country. It would even seem that in certain lines American manufacturers might find it desirable to establish plants in England in order to meet British and foreign competition there. An alternative might be to build American plants in Canada or enlarge existing ones in order to get into the English market on favorable terms."

Gotham's Musical Public Hears Novelty in Grand Opera Sung

"Les Pecheurs des Perles," Never Before Presented in America, Given.

CHICAGO SEASON OPENS

New York, Nov. 14.—Richer in repertory notwithstanding the difficulties caused by the war, and with an increased list of subscribers, the Metropolitan opera opened its season last night.

The first night which is always one of the most important events in the social season, was made the occasion for the presentation of a work new to American opera goers, Bizet's "Les Pecheurs des Perles," and the novelty was enthusiastically received. It had its premiere performance in 1863 in Paris and two acts were sung at the Metropolitan twenty years ago by Mme. Calve. The scene is laid in Ceylon.

Enrico Caruso in the tenor role, and Giuseppe De Luca, baritone, who, with Frieda Hempel, soprano, were the stars tonight, already were familiar with the opera. Caruso and De Luca sang "The Pearl Fisheries" together in Genoa 18 years ago, and General Manager Gatti-Casazza produced it in his home city of Ferrara early in his career as an impresario.

A duet by Caruso and De Luca and an ensemble ending in a trio with Mme. Hempel were warmly applauded. Georgia Polacco conducted.

as Amneris, and Giulio Crimi, making his first appearance in America, as Radamès.

ACCUSED OF KEEPING AUTO THEFT SCHOOL

Chicago Playgrounds Director Arrested on Charge Made by Boys Under Him.

CALLS IT JUST REVENGE

Chicago, Nov. 13.—William J. Doody, director of public playgrounds, was arrested today charged with having conducted a school for automobile stealing for some of the boys who attended a playground on the West Side. With him were arrested six boys ranging from 16 to 20 years old, who, the police charged, regularly received their instruction from Doody. Doody was implicated by the boys, who, the police declared, charged him with directing them to steal cars and negotiate the sale of the stolen property but always did the collecting himself.

Doody denied the charges and said revenge for having put some of them out of the grounds inspired the boys to bring his name into the case.

PIPKIN CHOSEN AUTO DETECTIVE

Former Motorcycle Policeman Promoted for Work in Recent Cases.

UNCOVERS MANY PLANTS

Because he uncovered the clue which led to the recovery of over two score of stolen automobiles and put out of business the gang which for nearly two months stole from two to six daily, Charles W. Pipkin, motorcycle policeman, has been promoted to the rank of detective.

Chief Dunn made the appointment yesterday, and announced that Pipkin would work out of his office instead of the regular police detective bureau. He will work exclusively on stolen automobiles. The appointment of Pipkin to Chief Dunn's personal staff brings the number of central office detectives up to six. The other men are Detectives Donahoe, Shoop, Van Deusen, Morgan and Detective Sergeant Haverly.

Besides his brilliant work in connection with the recovery of the stolen autos, Pipkin two weeks ago covered himself with glory by uncovering a nest of alleged safe blowers and bringing them to jail. One of the prisoners was afterwards identified as the partner of the egg shot by Patrolman Anton Franci in an early morning duel in a South Thir-

teenth street saloon, where he caught them at work on the saloon safe. When searched Pipkin's prisoners were found to be in possession of a complete kit of yegg tools, besides a quantity of nitro glycerine.

Youth Struck by Auto While in Smoke Cloud

Smoke from the funnel of a switch engine passing under the Sixteenth street viaduct last night resulted in the injury of 12-year-old Frank Newell, 1234 1/2 South Thirteenth street. The boy was pulling a toy wagon, loaded with firewood, when the smoke cloud enveloped him and for a moment obliterated him from the view of A. A. Maisinger, 2713 South Sixteenth, who was driving an auto delivery truck. The auto struck the youngster, bruising him about the body and head, but the hurts were not serious. Maisinger took him home and obtained medical attention for the boy and then notified the police.
