FIREMEN FIRST IN HEARTS OF FAIR

Other Escorts Are Wall Flowers on Occasion of the Annual Ball. EVENT IS HUGE SUCCESS

Percy and Clarence and Harold and a good many other perfectly nice young men, stood around the corners of the Auditorium last night, gloomily lamenting their fate, while Mickey and Patsy and Eddie, the boys who wear bright red suspenders, were in high feather. It was the occasion of the eighth annual ball given by the Omaha Metropolitan Fire Department's Relief association. Over 1,200 couples were on the floor and when George Green and his military musicians turned in the general alarm that set all the merry throng a-reeling in their hose. Fire ladders were never more in demand, unless it was at a fire. No Chance for Others. It seemed as if Percy and Ferdie and Ethelbert and all the other dear boys just couldn't get a girl to dance with. But the lads in the blue uniforms and brass buttons had 'em in plenty and to spare, in fact, they were all cluttered up with femininity. It started out with a one-step to the tune of "Everybody Loves a Lover," it looked as if everybody (speaking from the viewpoint of Percy and Ferdie) loved the firemen. Along about 1 o'clock it got to be such tough sledding for the civilian swains, that Chief Salter was cornered and applications by the score for jobs as fire-eating demons were thrust upon him. Even George Powers, the mail carrier (with emphasis on 'the'), found himself hard put until Clyde Dunn, who was busy in the box office, loaned him a couple of girls. Most Successful of All. From every angle, the annual dance was a pronounced success. According to Walter Foran, the affair, which was the most successful of any of the social functions ever sponsored by the Omaha fire department, will net close to \$1,800 for the relief fund. Commissioner Withnell and Chief Salter helped promote the event and were aided by Battalion Heads John W. Simpson and Martin Dineen. Others to help were: George G. Cragger, Charles Cox, John W. Hasburgh, Edward Schmidt, John Doyle, Charles Rutherford, John F. Ryan, Clyde Dunn, Samuel E. Faulkner, Julius Larsen, Walter Foran, Neils Anderson, Robert Oliver, Fred Germandt, John Engel, Shau Gardner, Raymond Dickman, Fred L. Weaver, William Stearns, Edward Ryan, Samuel Crowley, Julius Larsen, William Hyland, Charles Kauffhold, Charles Hyatt, Patrick McElligott, Joseph Sandon, Robert Dunlap, Thomas Tobin, Edward Hayduk, Philip Miller, John T. Was M. P. Responsible For Death of Smith? Was the Missouri Pacific railroad responsible for the death of Frank W. Smith, a locomotive engineer, who was shot and killed by Ezra A. Koozts, in the company's railroad yards on January 27, 1912? The question will probably be decided in the case of Nellie A. Smith, administratrix of the estate of her husband, against the Missouri Pacific, the widow of the engineer asking \$50,000 damages. Koozts was tried for the killing of Smith, but was adjudged insane, being sent to the state insane asylum at Norfolk. A couple of years ago he was paroled to his brother at Kansas City, Mo., where he is residing at the present time. Smith and Koozts were fellow engineers, said to have been the best of friends. The former was preparing to go out on his run, from Omaha to Falls City, Neb., when Koozts shot him. It is set forth in the petition that Koozts at the time believed his wife unfaithful and that Smith was responsible. The case had a hearing in the United States district court, but the attorneys for the plaintiff later decided to bring it before the local district court. The petition maintains that Smith's death was brought about by the negligence of the railroad company in having an insane man in its employ.

Yeggs Try Twice To Blow Mill Safe. Yeggs tried twice with two charges of nitroglycerin to blow the safe in the West Lawn mills at an early morning hour, but were frightened away before they got any loot. Residents who live near say they heard two distinct explosions between the hours of 2 and 3 o'clock. Deputy Sheriff Hogan found the rear door of the building jimmied in. Police think the job is the work of professionals.

NEIGHBORS MEET TO HAVE PLAY TIME

Dundee Residents Meet Each Other on Same Level at Community Center. OLD FOLKS ENTER "GYM"

Dundee residents are responsive to the community center idea as it is being promoted by the Board of Public Recreation, under the direction of Superintendent English. One hundred and fifty dwellers of Omaha's fashionable district attended a community center gathering in the auditorium of Dundee school yesterday evening. It was a real neighborly affair, without any frills or furbelows. After the formal program was over, the attendants shook hands with each other and introduced one to the other. Mrs. R. J. Abbott offered a piano solo. Mrs. I. H. Arey read a humorous selection and Miss Adeline Jones sang two numbers, accompanied by Mrs. R. K. Harris and Miss Gladys Miller on violin and piano, respectively. Chance for Exercise. John I. Negley, supervisor of the center, announced that on every Tuesday evening gymnasium classes will be held for boys and men and on Thursday evenings similar classes will be maintained for girls and women. An opportunity is offered to Dundee women who wish to reduce under capable instruction. Dundee men who find their joints growing creaky may take scientific exercise in the school house gym. It is stated that a number of elderly Dundee folks intend to enter the gym classes. Ray J. Abbott is president of the temporary community center organization. J. A. Linderhold is vice president and Herbert L. Martin is secretary-treasurer. Another center meeting will be held on next Friday evening. To Start Classes. Blanks were distributed for the purpose of determining who will be willing to contribute their time and talents during the winter to make the programs interesting and entertaining. Classes in dramatics and public speaking will be given during the season and an amateur dramatic entertainment also will be promoted. "East Lynne" has been suggested for this. Several have mentioned "Ten Nights in a Bar Room" as a possible production. Nothing definite, however, has been done in the dramatic line, as the center is just getting started.

ROBBER HOLDS UP TRAIN FROM OMAHA

Masked Bandit Enters Express No. 108 at Leavenworth and Collects \$90. LEAVES WOMEN GEMS

Kansas City, Mo., Nov. 15.—As the Missouri Pacific Omaha-Lincoln express train No. 108 was leaving Leavenworth, Kan., last night for Kansas City, Mo., a masked robber entered the rear sleeping coach, leveled a pistol at the four passengers and the conductor, C. E. Schmitt, and obtained \$90. Eighty dollar of this was taken from the conductor. The bandit then informed the victims that they might resume their seats, "I'll ride a way with you," he said. Bids Them Bye Bye. At intervals, as one of the passengers would shift his position, the pistol in the robber's hand would shift to cover him. When the train pulled into the Kansas City, Kan., station the man wished his victims a laugh-

ing "good night," left the coach by the rear platform and disappeared through the dark maze of tracks and cars. Two women who were in the car were not molested by the robber, although both of them wore valuable jewelry. He refused to take watches, saying he wanted only "ready money." The bandit was about six feet tall, wearing a mackinaw, gray cap, his face masked with a white handkerchief. He climbed over the back platform of the Pullman buffet observation car on the rear of the train, opened the door and stepped inside. "Hands up," he ordered as he backed up his command with a revolver. The only passengers in the car, two men and two women, shocked out of speech, obeyed. "You may be seated, ladies. I won't bother you," he said. Mrs. H. O. Fredericks of Omaha, wife of a salesman for a music firm, sat down, very much relieved, as she was wearing diamonds and jewelry valued at \$3,000. Mrs. Mary Gray West of Geneva, N. Y., also sat down. She, too, had on diamonds. He then lifted the pocketbooks of the two men passengers. He got \$12 from Adolph Kroner, Kansas City, and \$6 from L. F. Kleeman, Mount Washington, Mo. He then went into the dining room. He encountered C.

E. Schmitt, the conductor, who had just sat down to supper. "Got any money?" asked the bandit. "No," replied Schmitt. "Stand up," Schmitt complied. The bandit took \$80 from him, which was half of his own money and half the receipts of the company. Central Warriors Ready for Sioux Falls. Foot ball practice will be resumed at Central High school this afternoon, following a two-day layoff, due to the cold weather. Coach Mulligan does not intend to run the risk of having any members of his squad on the sick list just before the Sioux Falls game, which takes place next Saturday. The squad is in good shape and are anxious to pile up a big score against Sioux Falls. Although they did not win from Lincoln last Saturday, the team considers they have only themselves to blame, for they passed up numerous chances to score. Lyman Phillips, the big tackle, is considering entering the naval academy at Annapolis, for which he took a course in a preparatory school last year. In case he leaves before the close of the season, Richard Haller will probably fill his place.
