

Brief City News

Platinum Wedding Rings—Edholm. Have Root Print It—Now Beacon Press. Lightning Fixtures—Burgess-Graden Co. Caser's Chicago 24 and Lake, Web 152. Heyman Has Recovered—Harry Heyman, manager of the World Film corporation, who was overcome by fumes arising from a burning pile of scrap in the company's shop Monday, has fully recovered.

Moot Legislature Argues Municipal Ownership of Light

Last night witnessed a hot debate in Creighton model house of the law department. J. I. Schultz, representative from Hitchcock county, introduced a bill into this moot legislature, which is copied after the state legislature. The bill was for an act empowering the Metropolitan Water District of Omaha to build and purchase and operate an electric plant for light, heat and power purposes.

Donations to Library Officially Accepted At Meeting of Board

At the monthly meeting of the public library board, permission was granted the Omaha Art Guild to hold its annual exhibit in the library the early part of January. The board also officially accepted the collection of more than 1,000 stereopticon slides presented by Miss Mary Wallace and Mrs. William Curtis. The collection will be hereafter known as the William Wallace collection. The framed photograph of General George A. Custer, presented by his wife in New York, was also officially accepted.

Fisherman Unconscious From Blow Upon Head

Fred Propleisch, 3103 South First street was found last night at Second and Walnut streets, unconscious from a blow upon the head. He was taken to St. Joseph's hospital, and at midnight had not recovered consciousness. He is a fisherman.

Aged Man Fractures Skull by Fall on Walk

Dr. J. D. Wilson, 60, of Creighton Heights suffered a fractured skull last night when he slipped on a sidewalk at Fortieth and Parker. He was taken in the police ambulance to St. Joseph's hospital.

WILSON TO CHANGE DIPLOMATIC STAFF

All Will Resign, According to Custom, and Some Likely to Quit Service.

MANY WILL ALSO REMAIN

Washington, Nov. 17.—In accordance with custom in the diplomatic service, all American ambassadors and ministers abroad are expected to resign as a sequence to President Wilson's re-election and succession to a new term of office.

Some Will Go.

That a considerable number of the incumbents will be asked to remain in office is a certainty, but some do not wish to remain and some have proved unequal to the heavy requirements of their stations. It is said that in the course of one of his informal talks to newspaper men some time ago, President Wilson had precisely this situation in the diplomatic service in mind when he remarked "some men grow in office and others 'swell' up."

Striking High School Students Back at Desks

Fayetteville, Ark., Nov. 17.—Striking students of the Fayetteville High school returned to their desks today on the promise of influential citizens to take up with the school authorities the matter of privileges desired by the pupils. The strike had its beginning in a prolonged demonstration over the re-election of President Wilson, which caused the principal to suspend some of the school privileges.

Condition of Bishop Frank R. Millsbaugh Is Worse

Topeka, Kan., Nov. 17.—There was little change today in the condition of Right Rev. Frank R. Millsbaugh, bishop of the Episcopal diocese of Kansas, except that he grew slightly weaker. No hope for his recovery.

Why Rheumatism Comes With Cold Weather

(By Valentine Mott Pierce, M. D.) A close connection exists between these two—cold weather and rheumatism. Prof. Alex. Haig, of London, has the most followers in the medical profession in the belief that the presence in the system of uric acid, or its salts in excess, is the real cause of rheumatism. Everyone has recognized the difference in the appearance of their water as soon as it gets cold; there is often a copious sediment of "brickdust."

Several causes may lead up to an accumulation of uric acid in the system, which, in turn, cause rheumatism or gout, or crampy joints, swollen fingers, or painful joints. For one reason the skin does not throw off the uric acid, by profuse sweating, as in the hot weather, and the kidneys are unable to take care of the double burden. Another reason is that people do not drink as much water in cold weather as in summer, which helps to flush the kidneys. Again, they eat more meat in cold weather, and some people are so susceptible that they soon develop rheumatism after eating meat.

At all such times persons should drink copiously of hot water, say, a pint morning and night, and take Anuric three or four times a day. This Anuric comes in tablet form and can be had at almost any drug store. It dissolves the uric acid in the system and carries it outward. I would advise everyone to take Anuric occasionally, and continue for three or four weeks, and in that way avoid rheumatism, gout and many of the painful disorders due to uric acid in the system.

Make yourself healthy and strong by open air exercise and diet. Then cleanse the liver by occasionally stimulating its action with a pleasant laxative composed of the May-apple, dried juice of aloe and root of jalap. Sugar-coated and long sold by all druggists as Dr. Pierce's Pleasant Pellets.—adv.
