GET SOME VALUABLE LOOT

Two negro highwaymen, working in the neighborhood of the police station and between the hours of 10 and 1 Wednesday night, harvested from half a dozen victims, whom they strong-armed, more than \$130 in cash, much valuable jewelry and two mackinaw coats.

mackinaw coats.

The crooks worked so fast that some of the police believe they are the "phantom fliers," who have been working in Chicago and points east. They are described as light-complected negroes and young. The police have no further clews to their identity.

identity. Dead Wife's Photo. S. Thorson of Basto, Cal., was their first victim. At Twelfth and Douglas streets he was relieved of \$15 and a gold locket containing the picture of his dead wife. He begged the high-waymen to let him keep the photo, but laughingly they denied the recounts.

While Otto Cox was walking under the Douglas street bridge he was slugged. A red-striped mackinaw and \$70 were taken away from him. His home is in Salem, Mo.

At Thirteenth and Douglas streets C. H. Carlstrom, Sioux City, Ia., was knocked down and robbed of \$15. The

robbers ordered him to peel off his mackinaw and hand it over. He did.

Hit On Head. Jonas Lundin, Fremont, Neb., lost \$12 and two trunk keys at Eighth and Dodge streets. He reports that "something hit him on the head" be-

fore his property was stolen.

A book containing valuable papers and \$20 was the loss suffered by G. Peterson, Atlantic, la., who was accosted at Tenth and Davenport

costed at Tenth and Davenport streets.

A. R. Wright, 2203 Broadway street, Council Bluffs, was relieved of a gold watch and diamond stickpin at Tenth and Dodge streets. He says two light-complected negroes did the job and his description tallies with the others' story.

HEARTS TREATED FREE

By Dr. Franklin Miles, the Great Specialist Who Sends a New \$2.50 Treat-

ment Free.

is Metropolitan Water Distr't. 20,272Mehrens 12,150

"Police! Police! Heip!"
A man's voice, deeply bass, echoed through the entire police station Thursday morning. Desk officers, patrolmen and detectives rushed toward the cell where the voice rumbled

"He got it. He took it away from me," Lewis Barges, Mexican, excit-edly told the guardians of the law. It was Lewis who had yelled. And he

was Lewis who had yelled. And he was pointing an accusing finger at his cell mate, Steve Clark, of St. Louis, both of whom had been rounded up in a corral of all the suspects in Wednesday's evening carnival of strong-arm jobs.

It seems that Barges has a secret pocket in his clothes and by the aid of this he managed to keep from the prying eyes of the police a roll of \$60. Both men had been searched at head quarters before being imprisoned. When he got in the cell Barges showed Clark the wad of wealth and the St. Louis product promptly relieved the Mexican, Barges immediately howled and revealed the stunt When the "Mex" got back his money the two men were separated, and each thereafter occupied himself with hurling imprecations at the other, but kept apart by fron bars.

Five men were arrested as suspects in the six highway robberies staged Wednesday night and early Thursday morning in the Third ward.

Wheat. Corp. 2nd showed Clark the wad of wealth and the St. Louis product promptly relieved the Mexican. Barges immediately howled and revealed the stunt When the "Mex" got back his money the two men were separated, and each thereafter occupied himself with hurling imprecations at the other, but kept apart by iron bars.

Five men were arrested as suspects in the six highway robberies spaged Wednesday night and early Thursday morning in the Third ward.

Wheat, Corn and
Oats Sell Lower

attending conventions. And again they had an opportunity to note the slump in prices attributed to a decline in the export demand.

Wheat sold off 1½ cents from the prices of Wednesday, the sales ranging between \$1.78 and \$1.83 per bushel. Receipts for the day were 109 carloads. 109 carloads.

109 carloads.

Corn receipts were fifty-five carloads and sales were made at 89½@
92 cents per bushel, ½ cent off.

Oats were fourth of a cent off, selling at 55@55½ cents per bushel. The receipts were thirty carloads.

Paxton & Gallagher To Enlarge Plant

C. H. Pickens, for Paxton & Gallagher company, requested the city council to vacate an alley south of this firm's building at Tenth and Jones streets. The alley terminates 132 feet east of Tenth street and has been used since 1881 by the Paxton & Gallagher company and Union Pacific Railroad company as a railroad dock. In his communication to the city officials Mr. Pickens states his company intends to make extensive improvements in connection with which

pany ments in connection with which this alley is desired.

The matter has been referred to Commissioner Jardine of the public improvements department for investigation and recommendation.

Benjamin Returns from

Funeral of His Mother

Heart disease is dangerous, hundreds drop dead who could have been saved. Many have been curred after doctors falled. To prove the remarkable efficiency of his new Special Personal Treatment for heart disease, short hreath, pain in side, shoulder or arm, oppression, irregular pulse, paintiation, smothering, puffing of ankles or dropsy, also nerve, stomach and rheumatic symptome. Dr. Miss will send to afflicted persons a \$2,50 Free Treatment. Bad cases usually soon relieved.

These treatments are the result of thirty years' extensive research and remarkable success in treating various allments of the heart, liver, stomach and bowels, which often complicate each case.

So wonderful are the results that he wishes every sick person to test this famous treatment at his expense. Afflicted persons bould avail thenselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than that from heart disease.

Sond at ohee for his new Book and Free Trisi Treatment. Describe your disease. Additionally the summer of the summing and purifying charges and we will drease.

Sond at ohee for his new Book and Free Trisi Treatment. Describe your disease. Additionally the summing and shipping charges and we will drease. E. E. Benjamin, the Northwestern's general agent for the Black Hills country, is in the city, on his way home to Deadwood, S. D., having come from Des Moines, where he went to bury his mother, who died at her home there, aged almost 96 years. Mrs. Benjamin had lived in Iowa fifty-nine years and was one of the pioneer women of Des Moines. Her husband died aeveral years ago.

pieneer women of Des Moines. Her husband died several years ago. Mr. Benjamin asserts that the Black Hills country was never so prosperous as now. Farmers around the Hills raised good crops last sea-son and have been getting high prices for all of their products. New set-tlers are coming in in large numbers and are paying high prices for the lend that is for sale.

MRS. TANNER BADLY BURNED BY STOVE

Dress Catches Afire from Gas Stove While She is Telephoning-Rolls in the Snow.

NEIGHBOR COMES TO AID

Mrs. J. M. Tanner, 3333 Pine street, was seriously burned at 8:30 a. m., when her skirt was ignited by a gas stove while she was telephon-ing. She was alone at the time. Her husband, State Senato: Tanner, is out

husband, State Senato: Tanner, is out of the city.

When she discovered that the back of her skirt was ablaze, she rushed into her backyard and rolled in snow, screaming for "Julia," servant at the home of Mr. and Mrs. E. M. Eckman, 3335 Pine street. Julia Leese responded and succeeded in smothering the burning garments by rolling Mrs. Tanner and beating the flames with an apron.

Mrs. Tanner and beating the flames with an apron.

Mrs. Tanner's limbs, back and hands were severely burned. Two physicians cared for her. According to Miss Leese, the first person to the rescue, Mrs. Tanner had been using the oven of her gas stove. While conversing over the telephone she had her back to the stove and did not realize her plight until she felt a blaze enveloping her body. She burned both hands trying to extinguish the flames before Miss Leese responded. Shortly after the arrival of aid Mrs. Tanner lapsed into unconsciousness.

A FINE TREATMENT FOR CATARRH

EASY TO MAKE AND COSTS LITTLE

stood by all.

Science has fully proved that Catarrh is
a, constitutional disease and therefore requires a constitutional treatment. Sprays,
inhaiers, asives and nose douchea seldon it
ever give lasting benefit and often drive the
disease further down the air passages and
into the lungs.

disease further down too air passages and into the lungs.

If you have Catarrh or Catarrhal deafness or head-noises, go to your druggist and get one ounce of Parmint (Double Strength). Take this home and add to it is, pint of hot water and 4 ounces of granulated augar; stir until dissolved, take one tablespoonful 4 times a day.

This will often bring quick relief from the distressing head-noises, clonged nostrils should open, hreathing become easy and mucus stop droughing into the throat.

This treatment has a slive to the treatment has a slive of the line of the treatment has a slive of the treatment of the treatment of the treatment of the treatment.

City Wants to Find Out

Just What Lots it Owns

City Abstracter Hartley has been directed by the city council to prepare a complete report of all properties whose titles rest in the name of the city. It is stated that various

squatters are occupying city prop-erty without paying rent. **** Quick Way

to End Coughs, Colds and Croup

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, just try this pleasant tasting home-made cough remedy. Any druggist can supply you with 24, ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Thus prepared, you have a pint of really remarkable cough remedy—one that can be depended upon to give quick and lasting relief at all times.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptiness, case and certainty that it is really antonishing.

Finex is a special and highly concentrated compound of grounne Norway pine extract, combined with guaiacou and is noted for its speed is overcoming severe coughs, throat sade chest codds. Its millions of eathusiastic users have made it famous the world ower.

There are many worthless imitations of this noted mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything close. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co. Et Wayne Ind.

Remove Hairy Growths

(Beauty Culture)

It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for, with the aid of a plain delatone paste,

she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is

made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.—Adv.

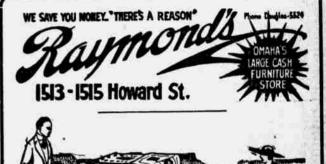

How Any Woman Can

Doctor and Janitress

File Bankruptcy Petitions Frederick Arthur Van Buren, physician and surgeon has filed a voluntary bankruptcy petition in the United States district court. In his petition he lists his liabilities as

\$1,007.60, and assets \$1,395.50. Of the latter amount he a serts that \$607.50 is exempt. Nellie Ryan, giving her occupation as a janitress, has also filed a voluntary petition, listing her habilities as \$666.48 with no assets.

COME SEE NEXT YEAR'S **HUDSON SUPER-SIX**

Compare it with the car on which, to December 1st, you can save \$175

There is little difference in these two cars. Just a few changes that at once show the advantage of buying a car of the present production now. The price increase of \$175 is forced by enormous cost of materials.

The Hudson Company is just completing the current year's production. These are the last cars to be built from materials contracted a year ago. On December 1 the new production starts. The materials for the coming cars cost vastly more than the first cars cost. That is due to market conditions.

To show that the cars of the present production are not materially different from those of the coming production, the factory has brought through some samples that show just what changes are to be made.

We have urged you to save \$175 by buying a car of the current production before December 1.

Now we invite you to come and compare the two cars. They are on our floor side by side. You will at once see the advantage in buying your next year's car now. And you will see why the price of any unsold car of present production will advance December 1.

Any unsold Hudson Super-Six will be sold next spring at new prices. Thrifty men will see the advantage of buying now. A Hudson Super-Six open model to December 1 will cost \$1475 with freight added. After December 1 the price will be \$1650 plus freight.

1917 Costs Are Fixed 1917 Models Are Known

Automobile manufacturers must contract materials for one year in advance. That is necessary, else they cannot meet their requirements. So every maker knows the cost of his next year's car and knows that prices cannot drop.

Eighteen makers have already announced price increases. And many have stated they will have no change in models.

Not all cars will advance, perhaps. Some makers may lower the grade of materials. Some whose profits are too high may cut them. But all makers who use Hudson grade of ma-

terials must provide for this added cost. Phaeton, 7-pasenger, \$1475 Roadster, 2-passenger, 1475 Roadster, 2-passenger, 1475 Cabriolet, 3-passenger, 1775

Have You Noted These Proofs of Endurance The Hudson Super-Six performance is well

known. Rivals no longer question that. The evidence attested for by the American Automobile Association is conclusive. In acceleration, speed and hill climbing no car in the world holds such records. There are no stock car records that the Super-Six does not hold.

But there is a more important thing than that a stock chassis traveled at a speed of 1021/2 miles an hour. Or that a fully equipped 7-pas senger stock car carrying 5 passengers and with top and windshield up should go 70.74 miles in 60 minutes. And the fact that a Hudson Super-Six made the record time up Pike's Peak in the world's greatest hill climb against 20 contest-

ants does not count for so much But the matter of endurance is all important. How long will the car last—what punishment will it stand—are the things to know.
In this the Hudson Super-Six excels any rec-

ord known. A stock chassis traveled 1819 miles in 24 hours—337 miles farther than any traveling machine ever went in that space of time.

Twice Across America in Express Train Time

And a Hudson Super-Six 7-Passenger Touring Car is the only automobile ever to attempt a round trip across America against time. In the going and return trip between San Francisco and New York it made better time than any other car ever made the ocean-to-ocean run.

These things prove supreme endurance. The patented Super-Six motor, to be had only in the Hudson, makes such feats possible. The Super-Six motor cannot be imitated. The owner of a Hudson Super-Six-and there are almost 25,000 owners now-knows that his car excels any car in the world in these things. The finish, beauty, comfort, luxury and quality match the motor.

But these are facts for later buyers. Today the question is whether you are going to save \$175 by buying now.

With such a saving you could afford to buy your car and put it in storage until you want to
