Cacioppo Shoots Escort of Girl Who Scorns His Dance

Sam Fimminella, 27 years old, barber, living at 705 North Eighteenth street, will probably die today in St. Joseph's hospital, a victim of his own chivalry. He is shot twice through the abdomen and once through the wrist. Police surgeons say the abdominal wounds will cause death. Fimminella escorted Alice Wilson, who also lodges at 705 North Eighteenth street, to a ball being given last night at Metz hall by an Italian society. While there, George Cacioppo, a former friend, asked her to dance. She scorned him, and he spat in her face. When she told her escort, he upbraided Cacioppo, and told him to follow him outside the hall to expiate the offense. Cacioppo did so, but when Fimminella faced him he whipped out a revolver and emptied it at the young gallant. He then escaped. Miss Wilson and another young woman, Jessie Ramsay, of 703 1/2 North Eighteenth street, are being held at headquarters as state witnesses. In his escape Cacioppo fired two shots at Policemen Simple and Damato.

Firemen Fight Smelter Blaze in Chimney Itself

Fire in the "bag house" of the American Smelting and Refining company last night worked damage amounting to several thousands of dollars. The smoke house is a big brick building curtained with big bags. Through this building the smoke from the various departments is inducted, and before passing out into the air is cleaned of thousands of dollars' worth of gold, silver, lead and other materials. The bags caught fire, and employees, in order to keep the flames from spreading, were compelled to enter the big room full of noxious gases with their fire-fighting apparatus. Each man wore an oxygen helmet, and the fire was extinguished before any had been overcome.

Rev. Wm. F. Rigge Lectures To Stationary Engineers

Rev. William F. Rigge, professor of astronomy and physics at Creighton university, lectured in the physics' lecture room to the American Association of Stationary Engineers. Father Rigge's lecture was mainly upon astronomy, stereopticon views of the stars and comets being used to illustrate the instruction. C. E. Griffith, a Shakespearean reader, will give impersonations of the great bard's characters at the Creighton university auditorium next Tuesday evening. At one time he was an actor, but because of a serious accident, became paralyzed below the waist. Since then, Mr. Griffith's repertoire has included only readings. Thirty candidates for the junior sodality and forty for the senior sodality will be received, Wednesday, December 6. Services are to be held in St. John's church, Fathers Francis B. Cassilly and W. T. Kane, are the directors. Comes Back Motoring. Hempstead, N. Y., Nov. 27.—Lieutenant A. B. To reduce inflammation, loosen cough, destroy cold germs use Dr. King's New Discovery. All druggists. —Advertisement.

GOD SHOULD BE THE PARTNER OF US ALL

Farmers Should Be the Most Religious People in the World.

SERMON BY BISHOP STUNTZ

"Some say they find it difficult to live their whole life unto God," said Bishop Homer C. Stuntz in his sermon at First Methodist church Sunday morning. "Very well, let them change their life. Everything that is worth doing can be done unto God. Anything that cannot be done unto God has no business to be attempted. There are whole trades that would be wiped out of existence if all men were to do their work unto God." The bishop had much to say about those who think they can live out their religious life by attending a prayer meeting once a week or singing in the choir on Sundays. "They think it is sufficient that they live a religious life for these few hours, and then they go back to their real estate, they go back to selling coffee, and they do a lot of other things which they think have nothing to do with God. This was not the conception of Paul, nor of Christ. All life is a service unto God. All work should be given unto God, not grudgingly, but cheerfully." Partnership With God. The bishop showed that all work worth doing is done in partnership with God. "The man who farms, makes hay, cuts his grain, feeds his cattle, is working in partnership with God. He is only working at one end of the task, with God working ceaselessly at the other. God sends the rain and the sunshine, and sends it at the right time all over the earth. Think of the task that means alone. The farmers should be the most religious people in the world, for they are in the most direct partnership with God. God is the biggest farmer in the world. He takes more interest in real estate than any man in the world. God has 1,600,000,000 people in the world to feed, and they wake up hungry every morning, if they're well. He told the congregation that Rev. Titus Lowe is not working for him, but for Jesus Christ, and that the congregation is not working for Rev. Titus Lowe, but for Jesus Christ. Rev. Titus Lowe during the services announced that Bishop Stuntz now has over 1,200 ministers under his direction and guidance in his district.

OMAHA IS MECCA FOR CONVENTIONS

City Is Living Up to Name—Sixty-Eight Societies Meet Here.

ADVERTISING DOES IT

Three times as many conventions were held in Omaha this year as in the year 1911, and then there were two to spare. "Omaha, the Convention City," is constantly becoming more and more of a convention city. In 1911 it had but twenty-two conventions, and this year it had or will have had when the year closes, a total of sixty-eight conventions. The number has been coming up steadily, especially since the bureau of publicity has made convention work a large part of its activities and has set out to make Omaha a convention city. Here are the number of conventions held in Omaha during the six years beginning with 1911: 1911.....22 1912.....25 1913.....28 1914.....32 1915.....37 1916.....58 Thirty Thousand. The total number of delegates attending these sixty-eight conventions in Omaha will run well up to 30,000 this year. Most of the conventions held here this year were better attended than ever before. Of the ninety-three counties in the state, eighty-two were represented in the convention of the Nebraska State Teachers' association held in Omaha the first part of November. Also the 3,700 teachers who attended this convention represented 351 towns and cities, or almost half the towns in the entire state. The convention of the Nebraska Bankers' association brought in over 1,000 delegates, which is by far the largest attendance this convention ever had. The Farmers' Co-operative Grain and Live Stock State association had more than 600 delegates in attendance.

Fales of Bellevue In His Own Play

Dean Fales, junior at Bellevue college, will appear this evening in the leading role in "One Touch of Art," the one-act play which Fales has dramatized from the story by the same name written by Jack Lait which appeared in a recent issue of a magazine. Fales is also directing the performance of the playlet. This is his first experience in play-writing, although he has had experience in amateur theatricals. He plays the part of Ralph Martin in Slattery, a crook. "Dad" Stewart, end on the foot ball team, will play a female role, that of Delilah, the landlady's daughter. The playlet will form part of the second division of the minstrel and vaudeville show to be presented tonight at the Bellevue college gymnasium by the college Young Men's Christian association. An added feature is the foot ball costumes in which the minstrels appear. Prof. Edwin L. Puls, head of the expression department, is directing the show and acting as end man. Dancing and instrumental numbers, Oriental mystic acts and foot ball songs are other features of the bill.

Burglars Rob Public Market of Turkeys

Burglars drove up to the rear entrance of the Public Market, 1610 Harney street, early Sunday morning and got away with twenty-five turkeys, fifteen geese, twenty-four ducks, fifty-three hams, 600 pounds of bacon and 570 pounds of lard. No eggs were stolen, because the proprietors, as a precautionary measure, had secreted them the night before, as usual.

Plans for "Commons Hall." New York, Nov. 28.—Preliminary plans for the "Rough Riders" of Spanish war fame to build and endow, a "Commons Hall" at Norwich university, Northfield, Vt., were announced tonight.

Worth Careful Thought Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate? Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities. Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness. Never sacrifice quality and healthfulness for low price. ROYAL BAKING POWDER CO. New York
