

TEUTONS FARTHER INTO ROUMANIA

Von Mackensen Captures Giurgiu and is Marching On in Direction of Bucharest.

TIGHTENING UP THE CIRCLE

Berlin, Nov. 28.—Two important announcements are made by Berlin today in reporting continued progress of the Teutonic invasion of Roumania—the capture of Giurgiu on the Danube and the taking of Curtea de Arges on the Argechu river, eighty miles northwest of the capital.

The capture of Giurgiu places Field Marshal von Mackensen's army, advancing from the southwest, only thirty-seven miles from Bucharest, with a railroad running thence along which the advance may be pressed.

In occupying Curtea de Arges General von Falkenhayn's troops apparently have driven the Roumanians from the line of the Topolog and may even have broken near its northern end the line of the Argechu, along which the Roumanians were expected to make a decisive stand.

Draws Lines Closer.

Thus the semi-circle about Bucharest and the Roumanian armies is gradually but steadily being drawn closer. Substantial successes are reported by Berlin in the new operations for tightening the grip.

The latest German air raid over England cost the raiders the loss of two Zeppelins, according to London's official report today. Both machines were brought down in flames by airplanes, assisted in one case by an armed trawler.

Damage and casualties from the raid, which took place late last night over Yorkshire and Durham and extended into the north Midland counties, are believed to be slight, it is declared.

Considerable interest attaches to the reports of artillery activity that continue to come from Ypres, Arras and Amanters districts, toward the northern end of the Franco-Belgian front.

Scene of Bombardment.

The Ypres sector in particular has been twice mentioned within the last twenty-four hours in the British reports, last night as the scene of a British bombardment, while today heavy German shelling of the line north of Ypres is recorded. Recent reports from Berlin declared that indications were accumulating that an attack by the entente at some new point along the German lines on the western front was in contemplation.

Another raid by German naval forces near the English North Sea coast is announced today. The capture of one vessel is reported. The raid took place near Lowestoft, about seventy-five miles northeast of Ramsgate, on which German destroyers made a raid last week.

Quiet on French Front.

Paris, Nov. 28.—An attack was made last night by German troops on a small French post east of Maisons de Champagne. Today's official announcement says the assault was repulsed. Elsewhere on the front in France the night was quiet.

Shell Line North of Ypres.

London, Nov. 28.—"Last night our line north of Ypres was heavily and continuously shelled," says today's official communication. "Our casualties were small. We exploded a mine southeast of Souchez and consolidated the crater. Three enemy bombing attacks against the crater were repulsed."

Lewis Does Not Look for Any Embargo on Foodstuffs

Chicago, Nov. 28.—Senator James Hamilton Lewis, democratic whip of the senate, said today that he was certain that President Wilson would not recommend nor would congress pass a law placing an embargo on foodstuffs. The results, he said, of such a law would be disastrous. He said that personally he favored the seizure by the government of necessities and the retailing of them to the public at reasonable prices.

Obituary Notes

MRS. MARY E. SEYBOLD died at her farm home, four miles northwest of Harvard city, aged 73 years. Her husband, Jasper Seybold, died eight years ago. A family of twelve children survive. Mrs. Seybold during the early months of the civil war resided with her husband in Missouri and suffered with other union men and women from the atrocities committed by roving bands of rebel guerrillas. They came to Nebraska from Illinois in 1852.

"One Touch of Nature Makes the Whole World Kin."

It's a commendable trait that when something has been of benefit to us, we want to share it with others who stand in need of the same help. It's the touch of Nature that makes the whole world kin—the wanting to be helpful to our fellow-men. That is why people who have used Chamberlain's Cough Remedy write letters to the manufacturers about it, and ask to have them published so that others will know what to do under the same circumstances. Behind every one of these letters is the warm hearted wish of the writer to be of use to some one else.—Advertisement.

Your Prescription

Getting a prescription is one thing—getting it filled is another. The second is no less important than the first. A poor doctor is a good doctor, but a good doctor and a poor pharmacist is a good doctor and a poor pharmacist. We're in business for your health.

Czar Personally to Aid of Roumanians

Copenhagen, Nov. 27 (Via London)—A Sofia dispatch to the Vossische Zeitung of Berlin says Emperor Nicholas of Russia has arrived at Kiev on his way to the Roumanian frontier, where he will confer with King Ferdinand of Roumania.

MAGNEY SAYS RAILROADS AND MINES CONSPIRE TO STOP SHIPMENTS OF COAL

(Continued From Page One.)

railroad, with whom our mining connection has a contract for engine fuel, is to demand the maximum amount called for in their contract and has instructed their agents that under no condition must any commercial coal be billed from the mines until the railroad's orders have been taken care of. With the very inadequate supply of cars, this means that the mines are able to fill but a very small percentage of their obligations after taking care of the railroad business.

The fuel dealer stated to the county commissioners that a couple of weeks of cold weather would bring a real coal famine. Dealers' supplies, he said, are much lower than at this time last year.

Mr. Rosenblatt explained that Iowa coal has jumped from \$1.50 to \$4, at the mines; Iowa screenings were up to 70 cents a ton, but are now \$2.75, at the mines. Other grades, according to the coal man, have advanced in the same proportion.

One Proposition.

One of the letters shown to Mr. Magney was from the Carbon Coal company, declaring that "we are in no position to make stated prices on lump coal, but might make a few shipments at \$4 a ton, at the mine."

The Northwestern Coal and Mining company, Kansas City, Mo., wrote Mr. Rosenblatt and warned that there will be great suffering from a coal famine if cold weather sets in.

Letters from the Star Coal company and the Mackie-Clemens Fuel company, both of Kansas City, were to the effect that they are in no position to make delivery on any grade of Kansas or Missouri coal. The condition was attributed to mining troubles and the car shortage.

The Lehigh Coal and Navigation company, Buffalo, N. Y., blames the car shortage for the hard coal situation.

French Chamber In Secret Session

Paris, Nov. 28.—(Via London).—The Chamber of Deputies meets today in secret session for the second time since the beginning of the war. The session is certain to be a long one, as forty-one interpellations are to be put to ministers, and almost every question vital to the conduct of the war is to be raised. One of the chief subjects to be discussed will prove, it is expected, to be the general policy of the conduct of operations and the question of effectiveness. The latter problem was touched upon in the chamber a short time ago when the war minister asked for authority to take a census of the class of 1918. The authority was granted.

Million Dollars in Gold from Alaska

Seward, Alaska, Nov. 28.—Robert Griffiths and C. Haley, express messengers, passed through Seward today for interior camps to bring out gold shipments. They expect to return here on their way to Seattle in five weeks with at least \$1,000,000 in gold dust.

Many operators in the Iditarod and Inokik districts recently completed their season's work and reported today with gold shipments that they are taking to Seattle.

VILLA AND HIS ARMY MARCH ON JUAREZ

(Continued From Page One.)

from the city and going in a north-westerly direction today. Fighting took place in the northwestern part of the city, where 2000 Villa troops fortified themselves. By sundown they were completely surrounded and the de facto government officers said they would be annihilated tomorrow. Forty Villa prisoners were taken in a cavalry charge yesterday. They said Villa was short of ammunition and without provisions, the men living on unsalted meat killed on the plains.

Report Not Verified.

El Paso, Nov. 28.—United States government officials here claimed to have received information regarding the evacuation of Chihuahua City by General Jacinto Trevino, Carranza commander, because of a shortage of ammunition. These officials have sent an official report to Washington regarding this report, which they say has not yet been fully confirmed.

The report, which was said to have been received by courier from Tapalapa, south of Chihuahua City, to Terrazas, and thence by telegraph to Juarez, was to the effect that General Trevino had exhausted his munition supply and had been forced to retire. Villa, the same report said, was in possession of the city and Trevino had been forced to abandon the artillery. Many of Trevino's infantry forces had gone over to Villa, according to the report.

Forces Divided.

El Paso, Tex., Nov. 28.—A report received this afternoon from a credited but unnamed source stated General Trevino had been compelled to divide his forces, sending part south to Tapalapa and part north toward Juarez. Government officials claimed to have received partial confirmation of this report from one of General Gonzales' staff officers.

Information regarding the evacuation of Chihuahua City was obtained through Lauro Corillo, brother of Mrs. Jacinto B. Trevino, one high government official said. Corillo, it was stated, had received word to inform Mrs. Trevino her husband was safe. Mrs. Trevino denied she or her brother had received any word from General Trevino since Saturday.

Carranza Consul Bravo and Inspector of Carranza Consulates Andres Garcia denied any such message had been received from the south. They insisted no news had been available since Saturday except that which came to the Associated Press from Chihuahua City by way of Ojinaga, Mexico, and Maria, Tex.

The telegraph line from Ojinaga to Chihuahua City is believed to have been repaired by the military for use after the Mexican Central and federal lines were cut Saturday.

Price of Hair Cut Is to Go Up Ten Cents on Friday

If your wavy locks need a trimming have the job done before Friday. For the H. C. L. has hit the barber and the price is going up. Most of the bigger shops in Omaha have agreed to raise the price of a haircut from 25 cents to 35 cents starting December 1. So you only have two more days to get in on the lower price. Raising the price of a haircut 10 cents is bad enough, but there are those who say the worst is yet to come. "This said it may cost 20 cents to get a shave before long."

A GOOD Trunk, Bag or Suitcase Should Come From FRELING & STEINLE "Omaha's Best Baggage Builders." 1803 FARNAM ST.

Diamond Perfection You certainly won't have to travel far to find it. Just come in and look into our show cases and you will find the most perfect specimens of diamonds mounted in rings, brooches, necklaces, etc. in this vicinity. Good diamonds are always good to have because they represent an investment. Ours are the best investment.

BODY OF EMPEROR CARRIED TO CHAPEL

Borne from Palace at Midnight and Procession Watched by Many Thousands.

LIES IN STATE TWO DAYS

Vienna, Monday, Nov. 27.—(Via London, Nov. 28).—The removal of the body of the late Emperor Francis Joseph from the Schoenbrunn palace to the Hofburg chapel tonight was a most impressive spectacle. Tens of thousands of spectators stood in the cold dampness and filled the windows at every vantage point as the cortege passed through the streets, its way lighted by flickering torches.

The procession left the palace a little after 10 o'clock and reached the chapel shortly before midnight. It moved between two lines comprising thousands of infantry, preceded by a score of equestrians with lanterns, whose flames were held to keep alive in the gusts of wind sweeping over the wet pavements.

All heads in the silent crowd were bared as the hearse bearing the body

and drawn by eight black horses passed.

At the Hofburg the procession entered the main gate and disappeared within the gloomy courts of the ancient palace, dissolving as silently as it had passed through the streets, while the coffin was borne into the chapel where it will be exposed to the public view Tuesday, Wednesday and Thursday.

Section Men Must Take Bath Each Week

Galesburg, Ill., Nov. 27.—Mexican track laborers on the Atchison, Topeka & Santa Fe railroad here will have to take a bath once a week hereafter as a result of an order issued by Dr. J. H. Kaster, chief surgeon of the road, who is here combating the typhus fever epidemic. Kaster ordered section foreman to see that every employee has a bath every Sunday morning.

New York, Nov. 28.—A contest of the last will of George H. Hubber, showman and museum proprietor, was begun here by George Hubber Thomson, a foster son, who alleges fraud and undue influence. The will left most of the showman's \$300,000 estate to his young widow, who has married again. Everybody reads the Want Ads.

ALLIES PLANNING NEW OFFENSIVE

Berlin Hears French and British Aiming Another Blow at German Lines in France.

THIS IS MILITARY OPINION

Berlin (Via Sayville), Nov. 27.—Indications are accumulating, according to military opinion, that the entente allies contemplate an offensive at some new place on the western front either as a diversion to assist the campaign on the Somme or as a transfer of the principal attack to another point.

British cannon on Saturday played on German positions near Armentieres and east of Arras in a manner usually regarded as preliminary to an attack. The French have displayed similar tactics in the St. Mihiel region, south of Verdun.

Overton Case to Jury

Huntsville, Ala., Nov. 27.—The case of David B. Overton, the Huntsville lawyer, charged with the murder of Probate Judge W. T. Lawler, a political opponent, was given to the jury today.
