

Nebraska NEW CAPITOL TALK STILL PERSISTING

Number of Last Session Known as "Economists," Have Been Returned.

WILL THEY SPEND COIN?

(From a Staff Correspondent.)
Lincoln, Nov. 28.—(Special.)—Whether the coming session of the Nebraska legislature will undertake to carry out the ideas of the last session on economy is worrying the heads of several departments, which are now already pressed for money to carry on their work without creating a deficiency.

Forty-six of the old members of the lower house two years ago have been returned this year and of this number eight were members of the finance ways and means committee which reported to the house big cuts in appropriations of the last session. These are Norton, chairman; Greenwalt, Ostermann, Keischick, Hoffmeister, Fuller, democrats, and Stearns and Mosaley, republicans. Whether Mr. Norton will care to take upon himself the duties of chairman of this committee again is not known, but it is understood that he is not anxious to tackle the job again.

In the senate fifteen old members are returning, while those coming back who belonged to the finance committee, which was instrumental in stopping the wholesale decapitation of appropriations, are Kohl, Wallace Wilson, E. E. Howell and Bushee.

Appropriations to Be High.

Because of the probable necessary appropriation for repairs to the state house, or the building of a new one, it is pretty well known that the appropriations of the coming session will be high and all efforts to make a record of economy may go glimmering, although if the sentiment in favor of economy goes through, not only the state may suffer because of such feeling, but Nebraska may be humiliated by having to build a state house which will not only be a discredit to the state but insufficient to meet its demands in years to come.

How to Pay Bill.

Some members favor a building to cost not less than \$3,000,000. Some believe the building started as a historical society building several years ago should be finished at once. When finished move the offices of the state house to that building and then entirely pull down the present capitol building and build new at one time. By doing this they insist that a special levy could be made and collected each year as the demands of the building required, as is now being done for university extension. When the capitol building is completed the supreme court and state library could remain in the historical society building, with that society, away from the hustle and bustle of public affairs, while the regular offices could be returned to the new capitol.

Piecemeal Plan.

Another plan is to make an appropriation sufficient to erect a new wing after plans have been made for an entirely new building. Some oppose this plan unless such action is taken which will insure the completion of the new building entire as soon as the east wing has been completed. They insist that it would be folly to begin a new building and leave it to future legislatures to appropriate sufficient funds to complete the same.

No State Aid for Bridge Over Blue

Lincoln, Nov. 28.—The State Board of Irrigation today refused the request of citizens of Fairbury for state aid in the construction of a bridge across the Blue river. The law requires that a stream shall be 175 feet wide before state aid can be given, and the Board of Irrigation said it found that the Blue river came within the law only through the artificial widening of the stream by a dam.

Soldiers' Home Notes.

James H. Nall has returned from Stockville, where he visits his daughter and her family. He says the crops in that part of the state were fine, there being a large yield of wheat and corn, as well as hogs and cattle.

J. C. Wilson has requested a leave of absence for twenty days to spend Thanksgiving with relatives and friends.

Mike Preist, who desires to spend Thanksgiving and the Christmas holidays with relatives in and around Des Moines, has asked for a sixty-day furlough. He is one of the oldest members of the home.

Station Wagoner in charge of the West hospital, Saturday morning reported that there was no cause for alarm concerning any of her patients. Mrs. Stone's condition was reported to be about the same.

A talk with the farm superintendent revealed the fact that his fall plowing is all under good headway, and the work for this time of the year is progressing nicely.

Saturday a large number from here took advantage of the nice weather and went to Grand Island to look after shopping and enjoy a little outing.

There has been some talk among the different auto bus owners of reducing the fare to and from Grand Island.

It has been suggested that organizations desiring to do charitable work among the needy around Thanksgiving and Christmas might find quite a little support among the people here. The majority of the members of Burkett are always desirous of hearing good musical concerts, and it is thought an entertainment or two given at the chapel about the time such work is being conducted, might add substantially to such charitable work.

Stomach Trouble and Constipation.

Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the last two years. They not only regulate the action of the bowels, but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y.—Advertisement.

For All Complexion Ills

If the skin be colorless, sallow, muddy, over-red, blotchy or freckled, nothing will so surely overcome the condition as ordinary mercurochrome wax. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, gently, gradually, causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delicately soft and beautiful. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is used like cold cream.—Advertisement.

LANDES IS CHARGED WITH EMBEZZLEMENT

Axtell Lumber Company Starts Prosecution at Minden of Its Former Agent.

OUTGROWTH OF OLD AFFAIR

Minden, Neb., Nov. 28.—(Special Telegram.)—A complaint has been filed against D. R. Landes of Lincoln by Hans Hansen, Hastings, charging Landes with the embezzlement of moneys handled by him during his service as agent for the Axtell Lumber company in Axtell, Neb.

Landes was local manager of the lumber company a number of years, and during that time, it is charged, embezzled money belonging to the company. The discovery was made three years ago, and nothing has been done toward a prosecution until now, although he has been in Lincoln within reach of the officers during all the time.

It is presumed the prosecution is an outgrowth of a suit pending in Gage county for the recovery on some notes against the son-in-law, Grant Burman, who signed them and which were to take up the deficiency, caused by the alleged embezzlement and which notes the son-in-law is resisting, on the ground of having signed them under duress and force.

Burman is a prominent business man of Wymore and stands high with all parties. Mr. and Mrs. Landes were highly respected at Axtell and public sentiment there is aroused over the apparent effort to prosecute, in order to collect the debts of the father, from the son-in-law and daughter. Several of the substantial citizens offered to go on Landes' bond, four appearing this morning voluntarily for that purpose. Mr. D. King, L. W. Hague and C. P. Anderberg appear for the defendant and L. C. Paulson, county attorney, for the county.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them, 10c and 25c per box. All druggists.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.
