

'Nebraska OMAHA ROAD PUTS ONE OVER ON BOARD

Rearranges Schedule Out of
Sioux City to Cut Out
Two-Cent Fares.

RAIL HEADS ARE MIFFED

(From a Staff Correspondent.)
Lincoln, Dec. 4.—(Special.)—It is understood that members of the state railroad commission are not pleased over the way officials of the Minneapolis & Omaha road put one over on them a few weeks ago when the latter appeared before the board and asked permission to reconstruct their time schedule out of Sioux City to Omaha in order to make better time and better connections.
Their attention has been called to the fact that in reconstructing the time card provision was made that certain trains out of Sioux City would make no stop at South Sioux City. As a result patrons of the road who had been in the habit of taking a street car for South Sioux City in order to save the higher fare of interstate traffic and purchasing their tickets there for points in Nebraska, were left standing on the platform while the train whizzed by, the wheels clicking a merry ha ha as the train passed them up.

Case Involving Treasurer's Fees Up at Fairbury

Fairbury, Neb., Dec. 4.—(Special.)—Judge L. M. Pemberton opened the December term of district court for the Eighteenth judicial district here today. This will be a jury session and a large docket of criminal and equity cases faces Judge Pemberton for adjudication.
The case of the county commissioners against County Treasurer D. B. Cropsey for the recovery of clerical fees which he retained will be one of the most important cases brought up at this term. The county attorney will represent the commissioners. Mr. Cropsey filed a petition in the district court November 21 asking for a writ of mandamus to compel the county board to fix the allowance for clerks in his office. When Mr. Cropsey took the office of treasurer he asked for an allowance of \$1,620, but the commissioners allowed only \$1,200. This case has caused considerable discussion and nearly resulted in the defeat of the county treasurer at the recent election. He pulled through by a majority of sixty-three votes in a strong republican county on the second term.
A criminal case of considerable importance is that of the state against Roy Barnes. This case is the outgrowth of a shooting fracas at the home of E. E. McLane in this city in May, 1914. Barnes asserted he had been robbed by companion sat the McLane home of \$3.80. When he tried to recover his money, a quarrel ensued and he later procured a revolver and attempted to compel several of his companions to reimburse him. He fired a shot that struck McLane in the leg.
The case of Mrs. B. Z. Millikan, suing four Jefferson county boys for \$25,000 damages for injuries sustained in an automobile collision, has been continued.

Notes From Beatrice And Gage County

Beatrice, Neb., Dec. 4.—(Special.)—The case against Jake Workman of West Beatrice, who was arrested at his home Thursday evening, where he was entertaining some friends at a beer party, was heard before Judge Ellis yesterday and the defendant discharged because there was no cause of action. The court held that it was not illegal for a person to purchase beer and bring it into a dry town to entertain friends at one's home.
William Theye, wife and daughter, were struck by an auto on the highway near Odell as they were riding to their home in a buggy. All were thrown out and Mr. Theye seriously injured. His left side is paralyzed and at last reports he was in a serious condition.
The Elks held their memorial services at the Gilbert theater Sunday afternoon. The principal address was given by Hon. E. C. Paige of Omaha.

Successful Farmers' Institute at Harvard

Harvard, Neb., Dec. 4.—(Special.)—A very successful two days' session of the Harvard Farmers' institute ended here Saturday evening when John Lawton of Lincoln, judge of the live stock exhibit, awarded the prizes for stock judging, following with a talk upon the "Care and Management of Stock." Friday afternoon the women had a good meeting at the opera house with an address by Maude Wilson on "Home Furnishing." The men had a meeting at the Community club room at the same time, at which P. L. Gaddis of Lincoln was the speaker, his topic, "The Nature and Care of Our Soil." In the evening there was a joint meeting at the opera house addressed by Miss Wilson and Mr. Gaddis, with several musical numbers by local talent interspersed.

Saturday afternoon was stock exhibits and stock judging. Mr. Lawton of Lincoln had charge of this department, and complimented those who participated in the judging contest very highly upon their near perfection.
The poultry exhibit on Saturday was the best ever shown here and developed the fact that there are some breeders in this immediate vicinity that are sure "on their job." The display of chickens, turkeys, geese and ducks was highly graded in every respect and greatly admired by the large number of visitors to the show room.

CONGRESS TO SPEND MONEY FOR WEST

Estimates Include Large Sums
for Institutions of Three
States.

FOR NEW POSTOFFICES

(From a Staff Correspondent.)
Washington, Dec. 4.—(Special Telegram.)—Congress resumed business at the old stand today with little out of the ordinary to warrant extended description. The congratulations and condolences between the members who had been re-elected or had been relegated to private life, were spoken in the lobbies or in private, the evening scenes of former days, where men of opposite parties threw themselves into one another's arms, being entirely missing from the picture.
It was business from the beginning, and outside of the warm receptions accorded Vice President Marshall and Speaker Champ Clark as they appeared in their respective places as the presiding officers over the two houses, the wheels of legislation began to grind early, betokening a desire to accomplish everything possible within the time limit set by the constitution for this session, namely March 4.

The roll call in senate and house disclosed that the entire Nebraska delegation was present, a number of the members coming in on early morning trains, to be on hand when the gavel fell, calling the house to order.
Messrs. Lobeck, Sloan and Shallenberger came in together from Chicago, as did Green of Council Bluffs, Ia. Representative Kinkaid arrived this morning, coming by the southern route from Nebraska. Representative Reavis has been in Washington since shortly after election, while Representative Stephens arrived in the capital last week. Senator Norris has been in the city for a fortnight, Senator Hitchcock arriving on Saturday.

MR. ASQUITH WILL REVISE CABINET

Premier Announces in Commons
King Has Approved
Plan of Reconstruction.

ALL MINISTERS RESIGN

London, Dec. 4.—Premier Asquith announced in the House of Commons this afternoon that King George had approved of a reconstruction of the government. Mr. Asquith suggested that after today's business had been concluded the house adjourn until Thursday.
Premier Asquith stated that the reconstruction of the government involved no policy in any shape or form of the policy pursued since the beginning of the war.
He did not deny that the resignations of all the ministers were in his hands.
There are some details yet to be arranged, but newspapers which have been the most severe critics of the government's alleged dilatory attitude express the conviction that the premier will be able to announce before many hours an agreement with his colleagues on the vital question concerning the war council, the formation and size of which led to the crisis.

Whether the council will be composed of three, four or five members is still a matter of discussion, while its powers also are the subject of negotiations. Mr. Lloyd George and his adherents desire the smallest possible council, with power to conduct the war independently of the cabinet.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water
before breakfast to wash
out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.
Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.
Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. When you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.
The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

INLAND CITIES LOSE RATE CASE

Lower Charges for Long Haul
to Pacific Coast Terminals
is Declared Legal.

RULING BY SUPREME COURT

Washington, Dec. 4.—Interstate Commerce commission orders permitting railroads to give lower transcontinental freight rates to San Francisco, Oakland, Portland, Seattle and other Pacific ports, while denying them to the inland cities of Sacramento, Stockton, San Jose and Santa Clara, Cal., were sustained today by the supreme court.
The court upheld authority of the commission to thus adjust rates to meet water competition due to the Panama canal and overruled injunction given by the California federal court against the orders of enforcement. The decision was regarded as a defeat for the inland cities who sought classification as "Pacific terminals" and ocean terminal rates.

Because he induced a friend of his to take a bath and to let him hold \$540 which the friend had tucked snugly in his belt, and later decamped with the money, Charles Mike loses three years of liberty, according to a decision of Judge Sears. Mike pleaded guilty to "larceny as bailed."
