Housewives of New York Will Organize For a Food Boycott

New York, Dec. 4.—An organization of housewives, through which every consumer in this city may be reached, "whenever it appears necessary to establish a boycott on articles of food," will be formed by January 1, it was announced tonight by Joseph Hartigan, commissioner of weights and measures. The plan, Mr. Hartigan said, is to have at least one woman assigned to each of the 42,000 square blocks here, whose duty it will be "to keep in touch with the residents of that block and keep them posted as to the prices of the various articles of food."

Omaha Women Will Take Chance Upon Lincoln Bachelors

(From a Staff Correspondent.)
Lincoln, Dec. 4.—(Special.)—That it pays to advertise and also that publicity of the right kind always brings results has been demonstrated as a result of a story published in The Bee a week ago, announcing that five Lincoln bachelors, Thomas L. Hall, railway commissioner; Bruce Fullerton, police judge; Allen W. Field and Dan McClannahan, attorneys, and Arthur Beckmann, merchant, had tired of boarding house hash and had resolved to reform.

"Several departments are under the command of General Tuller. The members of these departments partly belong to others of the central powers. The cultivation of the country will be carried out according to the principles previously established, which, in part, correspond to the necessities of Roumania and are in part on account of the necessities of the central powers."

Talks on Spiritual Life In the Animal Kingdom

In a lecture given by Dr. Pribbenow before the Theosophical society, 701 Bee building, Sunday evening on the subject, "Spiritual Life in the Animal Kingdom," he spoke of the part played by the animal kingdom in the great evolutionary scheme. He showed how the rudiments of mind and those principles which shall later show out in perfection of the human, are evolved; that animals have a conscious and subconscious mind just as man, and that instinct in the animal is already the developing of the spiritual, that will show forth as intuition in the human. That instinct is the accumulated experience of the species, that is stored in the animal group-soul, and to which the separate animal forms are linked.

Kaiser Congratulates von Bethmann-Hollweg on Bill

London, Dec. 4.—A dispatch from Amsterdam says that Emperor William has sent the following telegram to Dr. von Bethmann-Hollweg, the imperial chancellor:

Your report of the passing of the bill for national civilian service fills me with great delight. My heartiest thanks are due for the co-operation of the imperial government and the Reichstag, sustained by a patriotic spirit. The German people thus again have shown firmly that they are resolved to induce every sacrifice of blood and treasure in honor for the victorious accomplishment of the defense of the fatherland and its power. The people, filled with such uniform determination, will with God's gracious assistance, maintain in perfection of the world, which is gained by intelligence, industry and moral strength, and cannot be conquered. May God reward all our readiness for sacrifices and grant that the good work will be successful.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

Constipated - Bilious?

Mr. Cressman Howell reports his own case from Home City, Kan., saying: "I suffered awfully with liver trouble. I was always constipated, which was followed by severe bilious attacks. Since taking Thedford's Black-Draught I am relieved of those sufferings. I do not say I am completely cured, for I never take the medicine long at a time; just until I feel better. Lots of medicines I have used would get so they would not have any effect on me, but it is not this way with Black-Draught. I cannot praise it too highly." Try Black-Draught for biliousness, indigestion, constipation, etc. Insist on Thedford's—take no substitute. Price 25c a package—one cent a dose. Your druggist sells it.

HAPPENINGS IN THE MAGIC CITY

Coroner's Jury Unable to Determine How Joe Pzydek Came to His Death.

ASKS NO ONE TO BE HELD

A startling insinuation that Joe Pzydek, 26-year-old Pole, who died mysteriously from a blood clot on his brain in a West L. street saloon the morning after Thanksgiving, had met foul play the night before and was left in the pit in the rear of the saloon the same evening, was made to a coroner's jury investigating the case yesterday by Mrs. Charles Knoch, wife of the saloon keeper, in the rear of whose place the body was found.

Evidence brought forth by County Attorney Magney from witnesses showed that the top of the staircase leading to the pit where the body was found had been boarded up in such a manner as to make it impossible for a person, intoxicated or not, to fall over the edge of the railing. The only possible admittance, according to the testimony, would have been to crawl under a loose board at one end.

"You would have to crawl under," were the words of Mrs. Knoch, when asked by the county attorney as to how it would be possible to get below the back yard level.

"Do you think that some one carried him below?" was the next question.

"I would not say in fact," the woman answered. "When I saw him the next morning he lay on his head and hands flat on the ground, just like he had been put there to sleep."

Pzydek and Knoch both attended a party Thanksgiving afternoon, and

BIC EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

HIS FRIEND HURT; HE HELPED HIM

Injured Man Laughed When Simple Treatment Was Suggested, But He Thanked His Comrade Later.

Once upon time word came to Henry A. Voehl, of Plainfield, N. J., that a close friend had been injured, and full of anxiety he visited the afflicted man, who was suffering from a sprained ankle.

"It was so bad that the leg had turned black," said Mr. Voehl in relating the story. "I told him I would have him out in a week and he laughed at me. But I took him a bottle of Sloan's Liniment, that night he put some on and noticed the ankle felt better. I told him to use it every day, and in three days his ankle was practically well. In four days he was working. He gladly admits that Sloan's Liniment 'put him on his feet.'"

Sloan's Liniment can be obtained at all drug stores, 25c, 50c and \$1.00.

during the evening engaged in a wrestling match, in which Koseba was thrown decisively, according to testimony of Joe Curel, Frank Koseba and John Cava, witnesses of the match.

Late in the night, between 11 and 12 o'clock, a small party of the men are said to have left the dance hall at Thirty-ninth and H streets and repaired to the Knoch saloon, a block away. On the way Joe Koseba is said to have suddenly taken hold of Pzydek and thrown him heavily to the earth. The police assume that it was at this time that the fracture of the skull, found in the post-mortem examination, was sustained. Pzydek did not rise for several minutes, and when he did so he is said to have remarked to Koseba that "he must not do that again."

Death was caused by a fracture of the skull, due to causes unknown, the report of the jury read. The jury further recommended that no persons be held.
