Cattle—Receipts were moderate today but the total for the four days foots up 22,044 head, nearly 7,000 head larger than a year ago.

The demand for killing cattle of all kinds was not quite so eager as it was earlier in the week. Buyers appeared to be looking for something good while the offerings as a rule were of the common order. For that reason the trade was slow and a little dull and anywhere from weak to perhaps 10c lower.

The demand for stocker and feeder cattle continues brisk and prices on such cattle are strong.

NEW YORK STOCKS

Prices Yield One to Three Points on Reports of International Complications.

IN LAST QUARTER HOUR

New York, Dec. 7.—The market's extreme susceptibility to any abrupt change in the international situation was again strikingly exemplified today, prices yielding 1 to 3 points in the final hour on reports suggesting the outbreak of the strain between Washington and Berlin.

Prior to that period the general list had been active and strong, the only notable exception being in the metal group. The reason for this condition found partial explanation later when dividends on the lead, tin, zinc, and copper stocks were announced. While some of these disbursements, regular and extra, were in excess of those declared three months ago, the aggregate dividends of \$1.50 on Utah proved disappointing.

Utah registered an extreme decline of 12 1/2 points for the day, while the other metals were active and strong, the only notable exception being in the metal group. The reason for this condition found partial explanation later when dividends on the lead, tin, zinc, and copper stocks were announced. While some of these disbursements, regular and extra, were in excess of those declared three months ago, the aggregate dividends of \$1.50 on Utah proved disappointing.

On the constructive side the noteworthy feature was the further extension of demand for secondary or reorganized railway shares, especially Western & Lake Erie, Missouri Pacific, Rock Island, Missouri, Kansas & Texas, and St. Louis & San Francisco. # GRAIN AND PRODUCE

Wheat Scores Sharp Advance, Following Big Boom in Export Demand.

CORN IS QUITE ACTIVE

Omaha, December 7, 1916.  
An excellent cash demand for wheat forced another sharp advance in the price of the cereal today. The effect of the increased export business was seen in today's quotations on the local market, which were very readily at the advance in price.

There was a fairly good inquiry on the part of the millers for durum and the bulk of the No. 2 hard wheat at \$1.75 1/2, while No. 3 hard brought from \$1.72 1/2 to \$1.74.

A few cars of No. 4 hard wheat sold at \$1.69 1/2 and the off-grade samples were ranging from \$1.65 to \$1.70.

The local demand for corn was quite active and a good shipping demand was a help to the cash situation.

Corn sold on a much better basis than it did yesterday and all grades of this cereal were quoted at prices ranging from 20 1/2c to 21c.

White corn again took the lead and sold at a slight premium over the yellow, while yellow sold at \$1.00 to \$1.01.
