Atkinson Says Made No Offer of Money to Witness

Red Oak, Ia., Dec. 8.—(Special Telegram.)—James Atkinson of Stanton testified this morning in the Jones-Wilkerson \$60,000 damage suit, relative to the automobile trip to Villisca Monday evening of this week with Mrs. Alice Willard, about which she testified yesterday and on which trip she declared that Atkinson offered her \$2,000 and said she would be taken care of the rest of her life if she would change her testimony about seeing F. F. Jones, W. B. McCaul, William Mansfield and one other man in the vacant lot north of the Joe Moore home the night before the murder.

In his testimony today Atkinson said that the automobile trip was made at Mrs. Willard's request in order that she might talk with him about the testimony she gave early in the trial. She told him, according to his testimony, that she was pretty sure that she saw and heard these men, but she could be mistaken; that she had attended the trial right along and she could see no direct evidence against Jones except here and she would not want him to be convicted on her evidence alone, and that she afterward asked him if he thought it possible for her to go on the witness stand and say she was not sure.

Atkinson said he told Mrs. Willard if she was sure of what she saw and heard to stick to it, and if not she should get in the clear. He denied that he offered her any money to change her testimony.

F. F. Jones was called to the stand and he declared that he had not offered or authorized anybody to offer Mrs. Willard any money to change her testimony.

Tennis Rating Committee Will Spring Surprises

New York, Dec. 8.—Lawn tennis experts predict many surprises in the report of the ranking committee submitted at the annual meeting of the executive committee of the United States Lawn Tennis association here today. It will be made public some time tomorrow.

The problem of proper rating has proved greater than ever before.

Opinion is almost unanimous, however, as to the first four who will head the list. The crown is generally given to Richard Norris Williams II, the champion, with William M. Johnston second. Third place is likewise conceded to either Robert Lindley Murray or George M. Church. Whichever one is chosen by the committee the other will probably follow in fourth place. If Ichiya Kumagai, the Japanese star, proves eligible for rating he will no doubt be awarded a high place.

In the women's ranking, which was made up by a committee of women and submitted to the ranking committee of the tennis association, the same chaos is said to exist.

Aside from passing upon the report of the ranking committee, several problems relating to the game will be acted upon by the executive committee.
