TREASURER HALL WILL OPPOSE ROYSE

State Treasurer Starts Fight Against Reappointment of Bank Board Secretary.

WRITES LETTER TO McNISH

Lincoln, Neb., Dec. 9.—(Special.)—Secretary Royse of the state banking board is to meet opposition for reappointment to that position. In a letter to Jessie C. McNish, a banker of Omaha, who had written State Treasurer Hall that the reappointment of Mr. Royse would meet with universal satisfaction from the bankers of the state and asking him to intercede with the new governor for Mr. Royse's reappointment, the state treasurer denies that the reappointment would meet with universal satisfaction, but on the other hand the democratic bankers of the state will favor the appointment of a democrat.

The injured boys were brought home and given medical attention.

Broken Bow Celebrates Opening of New Station

Broken Bow, Neb., Dec. 9.—(Special.)—The Public Service club of this city gave a big banquet Thursday night to celebrate the completion of the new Burlington station, which recently went into commission. It was one of the most elaborate affairs of its kind ever given here and was attended not only by some prominent officials of the road, but by people from all parts of the county as well. It was purely a stag affair and the food was cooked and served by the male members of the club. Three long tables, loaded with the choicest food and extending the full length of the club's auditorium, accommodated the guests. There were places for 150, and the tables were all filled. The program was unique and full of pep. The visitors were welcomed by Mayor Humphrey and President Alpha Morgan of the Public Service club, Vice President N. T. Gadd acting as toastmaster. Among those responding were Superintendent Weidenhamer of the Alliance division, Traveling Passenger Agent Henry Kauffman, Frank Young of Broken Bow, J. J. Tooley of Anselmo, E. P. Walter of Broken Bow, H. F. Pinkley of Ansley, Judge Ford of Broken Bow, Bill Lundy of Sargent, and Rasmus Anderson of Broken Bow.

State Live Stock Transport Law is Declared Void

Lincoln, Neb., Dec. 9.—The Nebraska law requiring railroads to transport live stock in shipment at an average of eighteen miles an hour on main lines and fourteen miles an hour on branch lines less than 125 miles in length was today declared unconstitutional by the state supreme court.

The ruling came in the form of a decision on three cases against the Northwestern railroad, consolidated and appealed from Brown, Dawes and Holt counties. The shippers had obtained judgments for delays in shipping stock from South Omaha out into the state. The opinion of the court declares the law unreasonable, if applied without exception, as it was. The law was passed in 1905 and amended four years later.

Pool Makes Hit With Pamphlet of Election Figures

(From a Staff Correspondent.) Lincoln, Dec. 9.—(Special.)—Believing that there should be reform wherever it is needed, Secretary of State Charles Pool has inaugurated a new idea in the publishing of the official sheet of the election. Instead of having it printed on a long sheet four or five feet one way and eighteen inches the other, the secretary has had it compiled in pamphlet form and therefore is entitled to the thanks and praise of the millions of people who have heretofore been provoked to harsh words and explosive adjectives whenever they have attempted to get information from the long sheet and have tried to follow the line of figures clear across the page. As the official vote is prepared now, it is a source of joy to peruse it and is almost as interesting as one of Charles Q. De France's expositions on "How the Nebraska Election Ballot Should Be Made Longer."
