control of a much as ic higher, Weight are not being discriminated against quite as much as they were a week or so ago, except where they have the added disadvantage of being common or rundown to pig weights.

The general market was stendy to a nickel higher. The run was of the usual Monday sort, and general quality was not as good as on the closing days of last week, though weights held up fairly well. Bolk of the offerings soid at \$8.50,95.96, with some of the least desirable stuff exattered on down. The top of \$10.00 was the highest of the month to date, it being the highest figure made here since November II and here since November II and the best price aver paid on this market in becomine.

Apprehension Over Foreign Complications and High Call Rate Causes Decline.

EARLY PRICES HIGHEST

New York, Dec. 11.—Trading in today's market was governed largely by the couser of foreign affairs and a late rise in call money to 15 per cent the professional ele-ment utilizing these developments to de-press the general list.

In point of fact the 10 per cent money

as the general list.

Is point of fact the 18 per cent money 6 was more or less artificial, most loans ing renewed at half that rate or lower, no public bouldation occurred as a ret of the political conditions in England I. France and apprehension was heighted by further declines in Anglo-French es and city of Faris 6s to a new low ords. Incidentally Austrian exchange distored a new minimum with further elettlement in marks.

Seek prince were mostly above last week a beginning of the control of t

registered a new minimum with further unsettlement in marks.
Early prices were mostly above last week's final quotations, the favorable bank statement and the United State Steel November tonings report being viewed as builth factors. The flat reversed its course before the end of the first hour, however, with lowest prices toward the feverish close, Leading shares showed net declines of 1 to 2 points, with a lose of 16 points for Bethlehem Steel on a single transaction.

Fresure was most propounced in the Copper group, prominent equipments and maniform, shipping shares and trains, investment issues in the latter group yielding it to 2 points on moderate offerings. United States Steel held steady for a time, but fell more than a point on the more extensive selling of the latter dealings.

Among the few noteworthy exceptions to the lower trend were Ajax Rubber, which was over 4 points to the new high record of \$Pic. and Central Leather, the latter, however, fortfelting much of its 23c advance. Ohio Gas was the only utility to display marked strength at a gross gain of 5 points. Total sales of stock, 1,025,000 shares.
