KELLER PROMOTED, NEW MANAGER HERE

L. A. Keller to Become Manager of Northwest Territory at Portland, Ore.

H. KENNADY SUCCESSOR

Omaha appears to be a good training ground for young business men, another having just received recognition from eastern headquarters.

L. A. Keller, for the last six years manager of the Omaha branch of the Studebaker Corporation, leaves the coming week for Portland, Ore., to become northwest manager, an enormous section of country thereby coming under his direct supervision.

Mr. Keller's connection with the Studebaker dates back to the early days when the first Studebaker branch was established in Minneapolis, and when automobiles were not as numerous as aeroplanes are now. After some years in Minneapolis, he went to Portland with the E. M. F. Northwest company—the name of the Studebaker branch at that time—and in 1911 came to Omaha.

Enjoys Wonderful Growth.

Under Mr. Keller's direction, the Studebaker automobile business in the Omaha territory has grown from a very modest business to its present magnificent proportions. The present Studebaker building, at Twenty-fifth avenue and Farnam street, one of the finest branch buildings in the Studebaker organization, is a monument to Mr. Keller's energy and progressiveness. He is a member of the Omaha Commercial club, Field club, Sixty-Six club, Athletic club, Automobile Trade association, Automobile club and Sales Managers' association, of which he was president last year.

A notable addition to the automobile men of Omaha has just been announced by the Studebaker Corporation, the appointment having been made of Henry Kennedy as manager of the Omaha branch to succeed Mr. Keller. Mr. Kennedy, while young in years, being only 33, has had years of experience in the sales end of the automobile business. He has been connected with Studebaker for over nine years and is a veteran in the automobile business.

Mr. Kennedy's first connection with Studebaker was in the vehicle division at the South Bend plant, where he spent four years. His work there brought him the appointment of manager of the South Bend branch of the automobile division, which he managed for over two years, going from there to Oklahoma City as branch manager. His experience at Oklahoma City gave him a thorough insight into conditions in the "middle west" and the record he made brought him prominently before the executives at the Detroit plant.

When it became necessary to send to a far distant point a man who knew Studebaker policies from the ground up, who was able to deal with conditions as he found them, and who had the initiative and the ability to carry things through to a successful conclusion, Mr. Kennedy was the man selected. He was sent to Australia to build up the business there and for the last four years has been managing director at the Studebaker Corporation of Australia, limited.

Mr. Kennedy's previous experience in this section gave him the desire to return, and when the opportunity offered for locating in Omaha he was quick to take advantage of it.

International League is Making A Double Schedule

New York, Dec. 11.—The most important week of the winter for organized base ball opened today with the meeting here of the International league. The annual session of the National league will be held here tomorrow, and after that will come the annual assembly of the league magnates in Chicago. The most important business before the International league is the adoption of the double schedule, which calls for a season of 112 games, ending August 5, and a forty-eight-game series with the American association.

The International faces the possibility of a strike of the minor league players. According to President Fultz of the players' fraternity, the minor leaguers will refuse to sign their contracts next spring unless demands for traveling expenses and for the elimination of the objectionable disability clause are granted.

A committee made up of Presidents Barrow of the International and Hickey of the American association, and J. Cal Ewing of Oakland, Cal., will confer with the National league magnates tomorrow concerning a new minor league board of arbitration to handle all minor league

Boy Held for Passing Three Worthless Checks

Falls City, Neb., Dec. 11.—(Special Telegram.)—Floyd Grimes, a 17-year-old boy, was arrested for passing three worthless checks at the Daniels' grocery store last week. The total amount secured was \$28. One check was signed with the name W. S. Bushman and the other two Dave Delpes. They were drawn on the Preston bank, which has been out of business for two years. The payee in all three checks was J. E. Marx, the brother-in-law of the boy. Each time he passed a check he made a small purchase of groceries.

SYRACUSE WANTS TO PLAY HUSKERS

Easterners Ask for Thanksgiving Date, but Notre Dame Already Has Holiday.

SCHEDULE IS A HARD ONE

Lincoln, Neb., Dec. 11.—(Special.)—Syracuse university wants to meet Nebraska on the gridiron next fall and the Nebraska athletic board has been asked to give the powerful eastern eleven a Thanksgiving day date.

With negotiations already completed with Notre Dame for a return date next turkey day it seems impossible for the Husker management to arrange a game with the easterners. Nevertheless, the Nebraska athletic board is anxious to establish relations with Syracuse, as the easterners have been represented by some of the most powerful elevens seen on eastern gridirons.

The Nebraska schedule, with games already arranged with Missouri, Kansas, Notre Dame and Iowa, will be the hardest which has ever been faced by a Nebraska eleven. At the same time Dr. Stewart is conducting negotiations with one of the leaders in western foot ball and a fifth big game will undoubtedly be arranged before the close of the coming week.

The Huskers' schedule will also see some big upsets. Drake, which has been the first game of the season the last two years, wants the Huskers to come to Des Moines, and it is not likely the two schools will meet next fall. Dr. Stewart has as many games as he can provide for already—scheduled away from home. The Kansas Aggies have been dropped and the Iowa game moved up ahead. Nebraska and Ames may not meet, with the Aggies insisting upon the date of November 3, but Reed is doing everything in his power to smooth the way for a battle with the Iowans.

The Saturday before the Notre Dame battle will be left open, leaving the Huskers nearly two weeks to prepare for the coming of the proteges of Jess Harper.

Sorority Girl Tears Ligaments at Dance

Iowa City, Ia., Dec. 11.—(Special Telegram.)—Edna Emanuelson of Davenport, a prominent liberal arts senior and Delta Gamma sorority girl, will be confined to the hospital for a week because of torn ligaments injured when she fell at a Nu Sigma Nu fraternity dancing party.

Lewis and Santell, Alias Ernst, Clash In a Decision Bout

San Francisco, Cal., Dec. 11.—The wrestling match scheduled here tomorrow night between "Strangler" Lewis, the Kentuckian, and Ad Santell, regarded as the Pacific coast champion, will be in the nature of a championship contest, according to local sporting authorities.

With Frank Gotch apparently retired and Lewis and Joe Stecher, on-considered the two men next in line for the heavyweight crown, credited with a five-hour draw bout, Santell, in the event of a victory over Lewis, would be considered considerable right to the title.

The bout is limited to two hours and calls for a decision whether or not there is a fall. Should neither man succeed in throwing the other, the contest will be awarded to the man making the better showing.

Lewis will have an advantage in weight of forty or forty-five pounds over his rival.

Gage County Pioneer Dies From Apoplexy

Beatrice, Neb., Dec. 11.—(Special Telegram.)—Seth Terry, a pioneer of this section of the state, was found dead near his home south of Beatrice last evening. Coroner Reed was called and attributed the cause of death to apoplexy. The deceased was 86 years of age. He had resided near Pickrell for nearly half a century. He was the father of Menzo Terry, former county attorney.

GREIGHTON OFFERS TO PLAY SYRACUSE

Invites Eastern Eleven to Come West to Omaha for Conflict on Turckday Next Fall.

MAY CARD OTHER GAMES

Creighton university stands ready to play Syracuse next Thanksgiving day if the Cornhuskers cannot find their way clear to play the easterners.

An invitation to this effect was wired to Syracuse last night by the athletic board of the Omaha institution. The New Yorkers will be granted any guarantee within reason.

Syracuse wants to come west for a drakey day game next fall and they applied to Nebraska for this date, but the Cornhuskers had already scheduled to clash with Notre Dame and had to refuse. Creighton, upon learning the news, wasted no time in offering the Syracuse lads an opportunity to make a trip west. The local school is anxious to play Syracuse and offered any guarantee within reason.

Creighton is trying to get Syracuse to come to Omaha because the athletic authorities believe Omaha wants to see the big foot ball elevens in action and is willing to lend every assistance in making such a big game a success. Since Omaha alumni of the University of Nebraska have failed in their efforts to procure one of the big Nebraska games here next

Mitchell, S. D. Boy Shoots a Burglar

Mitchell, S. D., Dec. 11.—Aroused from sleep by the barking of a dog in an adjoining room in his home last night, Albert Coffel, 16 years old, awoke to find a burglar in his room. He leaped from his bed to attack the intruder and was stabbed twice. The boy then jumped over the bed, seized a revolver he had kept hidden under his pillow and shot the burglar. The burglar escaped, leaving a trail of blood to testify to the accurate aim of the boy. Coffel's wounds are not serious, it is said. In the semi-darkness of the room the boy was unable to identify his assailant.
