INDIANS NO MATCH FOR THE BRANDEIS

Local Flippers Run Up Score of 83 to 9 Against the Cheyenne Tribe.

HAIR TONIC DOES WORK

The Cheyenne Indians, heralded as considerable basket ball five, went down to defeat before the crack Brandeis team of Omaha at the Young Men's Christian association last night. The score was only 83 to 9. It might have been 183. The redskins must have traveled through Iowa in their journey to Omaha. When they hit the "Y" floor the fans thought somebody was fumigating the place with formaldehyde and every redskin looked like the welcome arch in full glow. Most of them saw two balls at the same time and tried to play the one that wasn't. As a result of the exhibition, announcement was made that the spectators could use their ticket stubs as admission tickets to the next big game which probably will be with the Oklahoma Rangers, who come from a dry state.

The game, however, was enjoyable. It made a Keystone comedy look like a deuce-spot. Herb Stryker chucked fourteen goals during the event, Les Burkenroad threw nine and Morris Cohn eight. The lineup: BRANDEIS. INDIANS. Cohn, Burkenroad, Stryker, Korman, Ritchie, Substitutes: Schmidt, Smith for Korman, Goals: Cohn (8), Burkenroad (9), Stryker (14), Korman (3), Ritchie (2), Schmidt, Gilbert (3), Mallory, Goals from Goals: Cohn (7), Burkenroad (2), Gilbert, Referee: Mulligan.

Business Boys' Class Has Game Schedule

"Bob" Hager, assistant physical director of the Young Men's Christian association, is rapidly developing a squad of star basket ball players in the business boys' class, which he directs. Two games of a class schedule will be played this evening. The class time is from 6:15 p. m. to 7:30 p. m. The Cubs, under the leadership of George Walker, will meet the Coyotes, led by Morris Soglow. The second game will be between the Tigers, under Don Moore, and Elmer Sedin's Giraffes.

The remainder of the schedule follows: January 12, Cubs vs. Tigers, Coyotes vs. Giraffes; January 19, Cubs vs. Giraffes, Coyotes vs. Tigers; January 26, Cubs vs. Coyotes, Tigers vs. Giraffes; February 2, Cubs vs. Tigers, Coyotes vs. Giraffes; February 9, Cubs vs. Giraffes, Coyotes vs. Tigers.

Calvary Baptists Win By Single Point Margin

By the narrow margin of one point Calvary Baptists triumphed over the St. Mary's Congregationalists in the Church league at the "Y" last night. The score was 14 to 13. The lineup: CALVARY BAPTISTS. ST. MARY'S. Fredericks, Swanson, Landberg, Ditcher, Wood, Substitutes: Rose, for Ditcher, Goals: Fredericks (5), Swanson (3), Landberg, Swanson, Ditcher (2), Wood (1), Goals from Goals: Fredericks (4), Smith, Referee: Drummond.

Match on Indoor Golf Course at Burgess-Nash

An opening putting competition will be held Saturday on the nine-hole putting course at the Burgess-Nash company. Stanley Davis, the Field club pro, who is in charge, has the course all established and says it is difficult enough to make the play interesting. The date of meeting has been indefinitely postponed. During the vacation holidays no games will be played. The next game will be on January 12 with Council Bluffs and the week following Central and South High will meet on the local "Y" floor.

South High-Commerce Game Postponed

There will not be any South-Commerce High school basket ball game as previously announced for Friday evening. The date of meeting has been indefinitely postponed. During the vacation holidays no games will be played. The next game will be on January 12 with Council Bluffs and the week following Central and South High will meet on the local "Y" floor.

Notre Dame Agrees To Observe Valley Rules of Training

Lincoln, Neb., Jan. 5.—(Special).—Notre Dame yielded to all of the Nebraska demands that the South Bend institution observe Missouri Valley conference rules regarding fall training and final arrangements were completed yesterday for a Notre Dame-Nebraska game in Lincoln October 20.

Jess Harper, coach of the South Bend eleven, telegraphed Dr. Stewart that the school would live up to the regulations that fall practice shall not start before registration week, which is the middle of September, and that Notre Dame would be glad to accept the Nebraska offer of October 20. With the Notre Dame squabble out of the way Dr. Stewart expects to make short work of the remainder of the schedule. There is still a hitch in the arrangements for the game with the Michigan Aggies at Lansing, the Wolverine institution having failed to notify Nebraska as to the guarantee it would offer. Until the guarantee is forthcoming the Husker management will not sign the final agreement for the game and, providing the Lansing management is not willing to offer a guarantee, then the tentative date of October 27 will be called off. Wesleyan will undoubtedly provide the opening game of the season, although these negotiations have not been closed.

In any event the Huskers will have the most attractive schedule in their history, including Missouri, Kansas, Iowa, Syracuse, Notre Dame and Wesleyan.

Beselins Are Too Fast For Commerce High Lads

COMMERCE HIGH. Campbell, L.P.F., E. Revere, Tompkins, L.F., J.F., E. Millberg, Stark, C.C., Brown, Cuckson, R.G., Nicholson, French, L.O., Cooper. Substitutes: Johnson for Millberg, G. Phantom Crook Steals Cigar from Police Judge and Candy from Girls

Hist! Shades of Sherlock Holmes, Nick Carter, Arsene Lupin et al! The boldest of petty thieves is at work in Omaha. Imagine a sneak thief choosing the county attorney's office as the scene of his operations. As a result of the epidemic of petty thievery County Attorney Magney has issued orders that all doors into the offices, with the exception of the main one, be kept locked. This is in order that Miss Lottie Martin, private secretary to Mr. Magney, can give everyone entering the main office the "once over." As a climax to the series of petty thefts some villain stole Paul Steinwender's lunch. The lunch included a luscious piece of pumpkin pie which the county attorney's messenger prized very highly.

CITY COUNCIL USES THE PRUNING KNIFE

Working to Keep Expenses for Coming Year Within the Money in Sight.

FIGHT FOR OWN SECTION

The city commissioners, sitting as a budget board, are learning the simple lesson that it is impossible to stretch 100 cents into anything more than \$1. To begin with, the city will have approximately \$1,600,000 to spend this year, \$1,320,480 being 95 per cent of the tax levy and the remainder being estimated collections. The various departments want \$150,000 more than is available. The budget board has started its work of shrinking the estimates. They adjourned yesterday because of the illness of Commissioner Hummel.

There is about \$15,000 more to appropriation than was apportioned in 1916, providing the city pays off \$75,000 borrowed last year. It is proposed, however, to pay off \$25,000 of that debt, in which event there will be \$65,000 in excess of the 1916 budget.

Experts Expensive. The request of the City Planning commission for \$25,000 aroused expressions not favorable to engaging experts from New York at fancy salaries. Commissioners Jardine and Butler opposed the planning commission's policy of expensive experts. The planners asked for \$8,000 for salaries of experts this year and \$2,500 for their traveling and hotel expenses. As a starter, the city planning appropriation has been reduced to \$15,000 and before the budget has been finally adopted it is believed it will be necessary to make a further cut in this item.

The mayor will be allowed an increase of \$300 for his office, this being for increase of salary for his secretary, from \$1,500 to \$1,800 a year.

Police and Firemen. Commissioner Kugel explained that to maintain his present police department on the graduated increase of pay as provided by statute, he will need \$13,000 more for 1917, or he will be compelled to reduce his staff. Commissioner Withnell stated he will require \$4,000 more to maintain increases of pay for firemen as provided by the law.

The knife is being used freely in cutting out many salary increases requested. The inspector of weights and measures will not be raised from \$1,200 to \$1,800 a year, as asked in his estimate. No increase will be allowed for the city hall maintenance. Commissioner Withnell served notice that the roof of the Auditorium needs repairing and that one of his fire houses is falling down.

The most popular shades worn by the models were blue, gray and brown.

WANT ENDRES TO POST BIGGER BOND

School Men Have Not Approved New County Treasurer's Security—Will Wait.

DEEM BOND INADEQUATE

The finance and judiciary committees of the Board of Education are considering the requirement of a bond of \$500,000 from Treasurer Endres for the protection of school district funds and securities. The customary bond required of the county treasurer as treasurer of the school district has been \$200,000, which bond Mr. Endres, the new treasurer, filed a month ago. On Thursday W. G. Ure, retiring treasurer, turned over to Treasurer Endres a total of \$1,136,008.74 in school district funds and securities. Of that total \$797,331.40 is in the site and building fund, this being the unexpended balance of \$1,000,000 bonds authorized and sold more than a year ago.

As the building program progresses the site and building fund will grow less. Under normal conditions the treasurer holds from \$300,000 to \$400,000 in school funds. It is the opinion of the chairman of the judiciary and finance committees of the Board of Education that a bond of \$200,000 is not adequate to protect more than \$1,000,000 of school funds and securities. The matter is still pending. In the meantime the school directors have not approved the bond of \$200,000.

Seward Farm Women Employ County Agent

Seward, Neb., Jan. 5. (Special).—Cooperation has invaded a new field. This time it has taken itself to the poultry yard and has enlisted members of the fair sex under its banner. This new venture is the result of the employment of a woman county agent by the Seward County Home-Maker's association last November. Eggs and dressed poultry produced by members of the Home-Makers' association were marketed cooperatively by parcels post for the Christmas trade. Miss Esther Warner, woman county agent, secured the names of prospective purchasers and completed arrangements for the transactions, so that producers were able to realize an increase of 30 per cent over regular market prices received when produce was distributed through other channels. Consumers bought the produce C. O. D. and paid all charges, thus leaving the purchase price net to the producer. Members of the association who shipped in this way did not have the burden of taking the produce to town, for the market place was just next to the gate-post. Names of prospective purchasers were secured by the county agent, Omaha, Lincoln, Auburn and Tecumseh being included in the list of towns in which products were marketed. Plans are also being made by Miss Warner for a series of poultry meet-
