

### Keep Uric Acid Out of Joints

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid, which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink, which helps overcome uric acid and is beneficial to your kidneys as well. Advertisement.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—a sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

### Nebraska JOHN M. TEELING TO CARRY THE VOTE

Hastings Hotel Man Elected Messenger to Make the Trip With Electoral Ballot.

LONG CONTEST TO GET IT

(From a Staff Correspondent.) Lincoln, Neb., Jan. 8.—(Special Telegram.)—Eight democrats met today in the office of Governor Neville and after taking an oath before Joe V. Johnson, chief clerk of the banking board, that they were the real electors of the democratic party in Nebraska, voted unanimously for Woodrow Wilson for president and Thomas Marshall for vice president. They then took twenty ballots in an effort to elect one of their number to carry the tidings to Washington. Notably having received the required majority of 11, they adjourned until 2:20 o'clock.

After a long session in the afternoon, John M. Teeling of Hastings, proprietor of the Clarke Hotel, received the necessary five votes, sixty-six ballots having been taken. Little Change on Twenty-first. Coming back from lunch at 2:50, the electors again began their balloting, but with little or no change. On the first ballot, the twenty-first of the session, the vote was almost identically the same as the first ballot taken at noon, which had been: Baumann, 1; Gallagher, 3; Teeling, 2; and Neble and Requette 1 each, with five necessary to elect.

Teeling seemed to be the strongest man, receiving four votes on the thirtieth ballot and from that time on dropping to three and sometimes to two. Baumann received his heaviest vote on the thirtieth ballot, when he received three votes, and again the same on two other ballots. Gallagher got three votes on the sixth ballot and twice thereafter. Neble got his highest vote on the thirty-eighth and thirty-ninth ballots, when he reached three. Morning got two votes several times and the others one vote frequently.

Comes on Sixty-sixth. Teeling started in with two votes, raised it to three in the fifth and four in the thirteenth and on the seventh and other ballots after that received the same number, within one of an election. The sixty-sixth ballot gave Teeling five votes and he was declared elected.

Those supposed to have voted for Teeling were Byrnes, Donovan and Requette, which, with his own vote, made him the four. Requette, who was a candidate himself, switched frequently. It is understood that the fifth vote came from Morning, who had become considerably discouraged over the prospect of electing anybody, and had made several suggestions in order to break the deadlock. The job of messenger carries the allowance of 25 cents per mile, which is supposed to pay all expenses.

### Mail Carrier Cliff Shoots And Kills Gold Head Eagle

Lucas, Neb., Jan. 8.—(Special.)—Ernest Cliff, a rural mail carrier, Saturday shot and killed a golden headed eagle. Mr. Cliff spied what he thought was a hawk in the top of a tall tree. He had a .22-caliber rifle with him and shot. The bird was wounded and flew, but could not soar and came to the ground some fifty yards away.

Mr. Cliff followed the eagle, which put up a desperate fight. Not until four of the bullets had been shot into it did the eagle give up. The eagle measured seven feet and eleven inches from tip to tip. It has been shipped to a taxidermist at Omaha to be mounted.

### Those Convenient Eclipses

### Right of State to Fix Rate Coming Up at Cheyenne

(From a Staff Correspondent.) Lincoln, Jan. 8.—(Special.)—The question whether the Nebraska legislature can make an intrastate freight rate that the Interstate Commerce commission cannot touch is involved in a hearing set for February 21, at Cheyenne, Wyo., before an examiner for the federal commission. Torrington, Wyo., complains against rates on live stock over the Burlington to Omaha, as compared with the legislature-made rates from Henry, just across the Nebraska line, to the same destination.

The commission early last spring, without even notifying the Nebraska commission of the hearing, declared the Henry-Omaha rates to be discriminatory and so notified the state commission.

The Nebraska railway board promptly rejected the report, and refused to comply. It went further and sent a scathing rebuke to the national commission, for not having notified the Nebraska commission, so it could be represented at the hearing.

At the national convention of state commissions in Washington recently the matter was taken up by the whole body, and the Interstate Commerce commission was asked for an explanation. The rehearing of the case is the result. Torrington claims that stockmen drove cattle across the Nebraska line to get the benefit of the Nebraska rate. This tariff, including live stock and oil, was fixed by the Aldrich act of the Nebraska legislature of 1907.

In 1915 the number was 59,140, while in 1916 the number ran up to 101,201, which does not include duplicate numbers or motorcycles.

### Richmond Gets Second Wind In Race for Chairmanship

(From a Staff Correspondent.) Lincoln, Jan. 8.—(Special.)—The rumor is abroad today that the controversy over the chairmanship of the house committee on towns, cities and villages, has not yet been settled and that Richmond of Douglas still has a chance to land.

It appears that two members of the Douglas county delegation are opposed to Richmond as chairman of that committee, Bulla and Shannon and that they favor Keegan for the place. There was an effort, so it is said, to compromise the matter on Schneider, but nothing came of it and the rumor has it now that the thing will not be settled until the committee on committees meets tomorrow morning.

It is said that there is a strong sentiment on the committee favorable to Richmond because of his experience as chairman of the committee at the last session and but for the opposition of the two Douglas county members he would land the place without much trouble.

### North Platte Man and Woman Fined for Violating Liquor Law

North Platte, Neb., Jan. 8.—(Special.)—Saturday Mrs. Myrtle McClellan and James Erskine appeared in district court to receive sentence on four counts for violating the liquor laws, upon which they were convicted during the last term of court. Each defendant was fined \$100 on the first count, \$200 on the second, \$300 on the third and \$400 on the fourth, which, with the costs of prosecution, totaled \$2,325.20.

The two were arrested and bound over to the district court four times within a fortnight. One complaint charged the selling of a quart of liquor, another the keeping of a quart of liquor for sale. One complaint grew out of a police raid in which nineteen quarts of whisky were found, and the fourth was the result of the finding by three high school boys of nine quarts of whisky cached on an island in the South Platte river, which the prosecution proved was the property of the defendants.
