GRAIN AND PRODUCE Wheat Market is Very Quiet-

Traders Hold Until Better Prices Prevail.

SLIGHT DROP IN CORN Omaha, January 2, 1917.

The trade in wheat today was in marked contrast to the heavy business of yesterday, today's market being very quiet and prices from unchanged to le hever. The local demand for wheat was fairly active and the duliness today was caused by the sellers holding out for better prices and also hecause today's receipts were somewhat lighter than yesterday's.

The core market was quoted from 14 31 lower, but the trade in this market was very good, considering the decline. There was a good demand for this cereal arch the commercial grades were the best sellers, the No. 2 and 3 grades, in most instances, selling at 13 ½c. while the No. 4 grade brought around 52c.

The sales of wheat up to noon wore very light and only a few cars of No. 2 hard wheat brought 51.94, while some of the No. 1 hard sold at \$1.92%.

Oats receipts continued very light and with a keen demand for all grades of this creal most of the samples were disposed of very early. The bulk of the offerings graded No. 1 white and brought \$4.9c. and a few cars of choice No. 2 white oats sold at \$5.5c.

The ryce market was quoted unchanged.

The ryce market was quoted unchanged the demand for this cercal being very good and the No. 2 and 2 grades ranging in price from \$14.440.146.

Barley was very dull and prices on this article were quoted nominally unchanged.

Clearances were, wheat and flour equal to \$5,000 bushels, and shipments \$15,000 bushels, and shipments of \$75,000 bushels against receipts of 1.515,000 bushels, and shipments \$55,000 bushels against receipts of 1.515,000 bushels against receipts of 1.515,000 bushels, and shipments \$55,000 bushels against receipts of 1.515,000 bushels, and shipments \$55,000 bushels against receipts of 1.515,000 bushels, and shipments \$65,000 bushels against receipts of 1.515,000 bushels, and shipments \$65,000 bushels against receipts of 1.515,000 bushels, and shipments \$65,000 bushels against receipts of 1.515,000 bushels against receipts of 1.515,000 bushels against receipts of 1.515,000 bushels, a Omaha, January 9, 1917.

The future wheat market opened strong and it appeared for a time as if there would be a repetition of yearcraft's strong market, but the market was featured by beavy selling and profit taking by longs, which broke May wheat about 2%c from the opening prices.

broke May wheat about 2% from the opening prices.

The opening prices on corn ware about unchanged, and this article followed the break in wheat and closed to lewer on the May and is to have an July.

The nats market was without any particularly interesting feature and closed lower to sympathy with wheat and corn, the May option declining to and the July closing unchanged.
