Sick-Headache! Dr. J. J. Caldwell says that this exceedingly distressing headache, which does not appear to be curable, suffers from this affliction are concerned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Positive measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive. The attack may be often prevented by taking two anti-spaas tablets when the first symptoms appear, and one anti-spaas tablet every two hours during the attack should be continued until the pain and brings rest and quiet. Anti-spaas tablets may be obtained at all drugstores. Ask for A-K Tablets. They quickly relieve all pain.
