

Nebraska STATE FIREMEN TO MEET AT AUBURN

Local Committee Making Elaborate Preparations to Entertain Annual Convention.

GOVERNORS WILL SPEAK

Auburn, Neb., Jan. 12.—(Special.)—Plans for the entertainment of the visiting delegates from the volunteer fire departments of the state to the thirty-fifth annual convention, which is to be held in this city January 16, 17 and 18, are about completed and arrangements for taking care of and furnishing sleeping quarters for the 500 or more are made. Two bands, a local band and one from Ord, will furnish street music, while a large orchestra will be used in the convention and banquet halls. Several articles of fire-fighting apparatus from manufacturers will be on display, with demonstrators in charge. On the second day of the convention an automobile party has been arranged which will take the visitors to Peru, where the Commercial club and citizens will play the role of hosts, winding up the trip with a visit to the State Normal school, where a program has been arranged to take place in the chapel by normal students. Upon returning to Auburn the guests will be treated to a special vaudeville show of five acts, followed by an athletic exhibition, for which a number of state wrestlers and boxers have been engaged, as well as the main event, which will be a ten-round boxing exhibition between Red Butler of Kansas City and Jess Hall of Lincoln. The third day of the convention will be mostly devoted to business of the organization and the city will be selected for next year's meeting. The five moving picture show and banquet, for which tables for 500 will be set, will be the principal amusements of the day's entertainment. Prominent speakers during the three days to be in evidence will include ex-Governor Morehead and Governor Neville. To close the event the Nebraska City firemen have arranged to hold their annual ball, and on Friday a special train from here will run over the Missouri Pacific to that place to convey the visitors and local people and the day will be spent in that city.

An Awful Sight With Itching Pimples On Face. Healed By Cuticura Costing 75c.

"One morning I noticed a pimple on my face at the corner of my mouth. It itched and I scratched it so that in a few days pimples were all over my chin and neck. They festered and when I scratched water would come out and they were in blotches as big as a dime. I lost sleep over them, for when my face touched the pillow, the pimples smarted something terrible. My face was an awful-looking sight. I sent for a free sample of Cuticura Soap and Ointment. After the first application I noticed that my face did not itch so. I bought a cake of Cuticura Soap and a box of Cuticura Ointment, and they were not quite used when the pimples were healed." (Signed) Mrs. L. Gouneau, 325 W. 8th St., Superior, Wis., Oct. 19, 1916.

EACH COUNTY SHARES IN GOOD ROAD FUND

Conference in Governor's Office to Lay Plans to Spend Federal Money.

OPINION SEEMS DIVIDED

(From a Staff Correspondent.) Lincoln, Jan. 12.—(Special Telegram.)—A great deal of interest was shown in a meeting in the governor's office this afternoon which was attended by the roads committees of the legislature, the highway commission and many members of the legislature. A discussion resulted of the plans for a 5,000-mile system of roads in the state built with the \$1,000,000 appropriation from the government. The plan includes a system of north and south, east and west roads in each county, according to State Engineer Johnson, who, speaking for the board, proposed to distribute the appropriation according to the mileage in each county. The roads may be merely dirt roads, surfaced with gravel or clay and in counties where no gravel or clay is available, the government will accept plain dirt roads. The cost will not exceed \$1,000 a mile. Attorney General Reed, a member of the board, emphasized the importance of the counties co-operating with the commission in order that the whole system might not be blocked and the opportunity lost. A levy should be made for the full five years. Several of the members of the legislature did not approve of the board's distribution of the funds and suggested other plans.
