

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.—Advt.

WHAT THE DOCTOR KNOWS

KIDNEYS MUST BE RIGHT TO INSURE HEALTH.

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in one year in the state of New York alone. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c and \$1.00.

However, if you wish to first test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Omaha Daily Bee.—Advertisement.

Pimples Disappear

There is one remedy that seldom fails to clear away all pimples, blotches and other skin eruptions and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Ross Co., Cleveland, O.

Don't try to Cover up a bad Complexion! clear it with Resinol Soap

If your complexion is rough, red or pimply, don't try to cover up the defects! It deceives no one and only makes bad matters worse. Begin today to clear your skin with Resinol Soap.

Just wash your face with Resinol Soap and hot water, dry and apply gently a little Resinol Ointment. Let this stay on for ten minutes, then wash off with more Resinol Soap. In a very short time you will usually find your skin becoming beautifully soft, clear and velvety.

Resinol Soap and Resinol Ointment are sold by all druggists. Try them and see how beneficial they are not only for the skin but for the hair, too.

The Nation's Tribute

Health Official Unearths Strange Habitat of Woman Nearly Eighty

The woman in this case is nearly 80 years of age. She lives in a one-room hovel on Twenty-eighth street, a short distance north of Farnam street. City Commissioner Withnell and Health Commissioner Connell insist it would be unkind to mention her name in this connection.

One of the building inspectors happened to discover this old woman and her strange habitat. The inspector intended to condemn the building, but the woman pleaded with Mr. Withnell, whose heart was touched. Mr. Withnell reported the case to the health commissioner, who visited the humble home and was admitted after considerable knocking and explaining.

In one room the health officer found the woman living with three cats, one dog, three roosters and ten hens. In this room and a small, dingy base-

ment was a collection of old rags, shoes, tin cans and other materials. "I never saw anything like it in my life. It would have tested my credulity if somebody had told me he saw what I saw," stated Dr. Connell of the health office.

He added that the woman slept on the floor on old rags. Pleadings of the woman to be allowed to stay in the place, which she owns, moved the health commissioner to permit her to remain if she would remove the unsanitary conditions, which she agreed to do.

Commissioner Withnell interested a junk dealer to buy the old rags, which netted \$28.50, and the old shoes yielded \$8. Eight loads of tin cans were removed. Now the elderly widow says she has so much room she does not know what to do.

"She reminded me of the old woman who lived in a shoe," remarked Mr. Withnell.

New Interurban Bill to Be Put Before Legislature

The interurban bill prepared by the Commercial club and soon to be introduced in the legislature is held by the club to be not so liberal to the companies as was the bill introduced two years ago. The bill at that time failed utterly of passage. The present bill has been carefully prepared by the interurban committee, has been approved by the executive committee and has been examined by some of the committees of business men at Lincoln.

It provides that a company may issue stock in the sum of \$50,000 per mile of road it proposes to build, which feature in itself is much less liberal than the bill of two years ago. It is said that the company interested in developing the Omaha, Lincoln & Beatrice line will be satisfied with the provisions of the bill and if it goes through it is thought likely this development will proceed immediately. Whether or not the provisions are entirely satisfactory to the McKinley interests of Illinois, which have taken over the old Ralston & Papillion line with the idea of making extensions, is not definitely known.

His Nose Is Gone; Whitten Says Man Chewed It Away

Here's \$5,000 worth of alleged mayhem.

James Whitten, a clerk, who is suing one Oscar Powers for that amount in district court, alleges that he was talking to a friend at Twenty-eighth and Q streets, South side, last Friday, when the man he names as defendant attacked him.

Following an altercation with another party, which the clerk says was being carried on without any outside assistance, Powers appeared on the scene and without provocation, according to Whitten, grabbed him about the body with his hands and bit off most of his nose. The gnawed olfactory organ was never found.

Whitten, who alleges that he is disgraced for life, asserts that Powers bit into other parts of his face as well as snapping off his nose.

Two Girls Reported as Lost Have Been Located

Alma Roberts, 15 years old, and Nellie Holslow, 14 years old, who disappeared Saturday night, are now safe at their homes again. They had been visiting at the homes of relatives. Mrs. Bessie Roberts, mother of Alma, and Mrs. Hattie Houston, mother of Nellie, appealed to the police and juvenile court authorities to help locate their daughters.

T. B. McPherson's Father Dies at Maryland Home

Dr. W. S. McPherson, father of Thomas B. McPherson, is dead at Auburn, Md. He was more than 90 years of age and had served in the confederate army. Besides the son in this city Dr. McPherson leaves a daughter, Mrs. W. S. McGill of Thurmont, Md.

COST MORE FOR SOME TO APPEAL CASES

District Judge Raises Price on Several Who Carried Their Cases Up.

FINED ON OWN TESTIMONY

A couple of appellars who didn't relish the brand of justice dished up by the police magistrate have found out that it doesn't always pay to carry troubles to the district court.

In cleaning up the odds and ends of a several months' grist of appeal cases, most of which were disposed of Tuesday, City Prosecutor McGuire laid before Judge Sears the proprietor of a tenderloin district hotel who had been charged with keeping a disorderly house.

When the police judge assessed him \$50 and costs some time ago this individual bellowed loudly and requested that the case be aired in the district court. Judge Sears, after hearing the evidence, raised the ante a stack of blues, making the total fine \$60 and costs. The hotel man could have saved about \$15 by taking the police judge's decision.

More Expensive.

Another case was that of a taxicab driver who sleeps days and propels his gas chariot about the city's high-ways and byways by night. He was arrested as a result of a little incident of Omaha's night life and taxed a moderate fine by the police judge, later appealing the case.

This taxi driver gave his testimony in a confident manner, telling the court how he took a couple of live ones to a certain place where they "could have a good time." There was other testimony. The district court judge looked the man over carefully and then fined him \$50 on his own testimony.

After the last of the cases had been disposed of Judge Sears and City Prosecutor McGuire announced that all appeals from police court will be handled in district court every Saturday morning. It had previously been decided to hold the appeal hearings every three weeks or month.

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Made it Soft and Glossy by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray or faded hair and make it soft and glossy with this simple recipe, which they can mix at home. To half a pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound and 1/4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It is not sticky or greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."—Advertisement.

in the court house, already has on file applications of about 100 men and women seeking jobs. The greatest demand for workers is for women, according to those in charge of the bureau, who are preparing a special list of available jobs in this department.

Use the Bee Want-Ads

SAYS BODY IS A POISON FACTORY

Urges everyone to drink glass of hot water before breakfast.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, headache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Advertisement.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Mustersole

And Mustersole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Mustersole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Mustersole for croupy children. Keep it handy for instant use.

Why men are turning to "Light Hearted Havanas"

SMOKING habits are changing. For years we have been following the trend of these changes. We have noted that men are becoming more and more moderate in their use of heavy cigars.

There is a good reason for this: Heavy cigars, if smoked too freely, injure a man's cigar taste, and worse, they tend to spoil his future enjoyment of all cigars, whether mild or heavy.

So it is natural that the tendency of thinking smokers is towards a type of cigar whose Havana filler produces smoking effects which are invariably mild and pleasant and light hearted.

Among cigars of this "light hearted Havana" type, Tom Moore is a dependable example.

We say, dependable, because its high place in cigar smokers' esteem has been won by twenty years of thoughtful study and painstaking manufacture.
