The Perry Lock

Over 100,000 cars were stolen last year. Yours may be next, The Perry lock does not interfere with or change the standard parts of the steering gear.

It does not lock the steering wheel in a rigid position, but locks the wheel free from steering post so it can spin like a top, making it impossible to control the front wheels. By the use of this device it becomes absolutely impossible to drive or tow the car

STEEL SHOWS SLIGHT GAIN

New York, Jan. 20.—Shipping shares contributed a very considerable percentage to the moderate operations of the week end assion, netwithstanding the fears expressed in maritime circles of a renewed commercedastroying activity in American waters.

Marcantile Marine commen was the active feature of the final hour at an extreme sain of 3% points, with 1% points for his preferred and 2 points for Atlantic Guif and West Indies, while United Fruit rose 2 points, with 1 point for Pacific Mail.

Utilities such as Ohio Gas. Columbia Gas. Montana Power. Twin-City Rapid Transit and North America, were among the usually inactive issues sharing in the movement at gains of 2 to 5 points. Classified stocks, notably Sears-Roebuck. Woolworth, Diamond Maich and Home Stake Mining, changed hands in small dealings at 2 to 10 points advance.

Among the usual faverite, United States Steel recorded a slight fractional gain, while Bethiebsum Steel finished 15 points above yeneraday's closing price, after early uncertainty. Coppers, Metors, Equipments and soons of the more special stocks, made variable improvement, Total sales of stocks amounted to 180,000 shares.

The hank statement fulfilled popular extended in 1,000 shares and income of the more special stocks, made variable improvement, Total sales of stocks amounted to 180,000 hares and income of the more special stocks, made variable improvement. Total sales of stocks amounted to 180,000, figures almost without precedent since the new system of weekly statements became effective.

An expansion of some 185,00,000 in actual loans and discounts reflects some of the heavy financing now under way in connection with new underwritings, such as the United States Bubber bond leaue and the forthcoming British loan.

Bond dealines were negligible, with further irregularity, due to heaviness in the international group. Total sales, par value, \$2,500,000. United States Bonds were unchanged on call during the week.
