

GUN CLUB REGAINS LOST REES TROPHY

Omaha Team Battles Valley Five and Elements, to Win Back Treasured Cup.

GEORGE REDICK HIGH GUN

The Charles Rees trophy, much cherished and treasured cup symbolic of the team trap-shooting championship of Nebraska, once more reposes within the strong box of the Omaha Gun club.

The Omaha Gun club team yesterday battled both the Valley Gun club team and the elements to regain the trophy lost to the Valley marksmen last year and they returned victorious. The Omaha Gun club team turned in a score of 397 against the Valley team's count of 370. As 500 targets were shot at, these scores do not look very formidable. The average is less than 80 per cent. But the young blizzard which swooped down on Omaha yesterday afternoon was responsible. The wind not only almost froze the fingers of the shooters, but sent the targets flying in all directions, up and down and at every angle. The marksmen might almost as well have been working with a joker trap.

George Redick was the high gun of the afternoon. He cracked 88 out of a possible 100 blue rocks. Carl Blake followed with an 86. All of the rest of the shooters fell below 80.

The Valley club intends to return to Omaha when the weather becomes more pleasant and attempt to recapture the prized trophy.

Scores of the competing shooters yesterday were as follows:

Omaha High Trims University Place by One Point Margin

Omaha High won from the University Place High Saturday, 15 to 14. The game was a hair-raiser throughout and the winner was in doubt until the final whistle blew. Omaha, with Paynter out of the game, put up one of the scrappiest games ever seen on the "V" floor. The first half ended with the score standing, 10 to 6, in favor of University Place. Omaha was unable to get points, with the ball going tantalizingly close on numerous occasions. University Place did not throw a field goal inside their half of the floor, all of their baskets being of the long variety. Smith scored the winning field goal following the tying basket by Patten.

A great deal of credit is due the diminutive Klepper, who was placed in the lineup due to the absence of Paynter. The lineup:

OMAHA HIGH: ENL. PLACE: Patten (C), L. F. F. F. F. Harper, Klepper (C), R. F. F. F. F. Boney (C), Knepper (C), C. F. F. F. F. Gies, Knepper (C), L. F. F. F. F. Gies, Smith (C), R. G. F. F. F. Beauty
There is an old saying that beauty is only skin deep, but that is far from the truth. Beauty is founded on good health—without that there is no real beauty. You can cover up a muddy or sallow complexion with face powder, but it will not be beautiful. A homely woman in good health is usually more interesting and more charming than a beautiful, dyspeptic beauty. Constipation and sluggish liver impair good looks. If you are troubled in this way take Chamberlain's Tablets and you will soon be looking better and feeling better.

Cutler Will Be Next Opponent of Marin Plestina

Marin Plestina's next opponent probably will be Charlie Cutler of Chicago.

Following his victory over Freddie Beell at the Boyd theater Thursday night Plestina challenged Cutler to a bout. Cutler replied to the telegram by wiring "name the date." Plestina has submitted February 12 for Cutler's approval and it is believed Cutler will accept this date.

Cutler, it will be remembered, is the man who, by getting trimmed, made a name for Joe Stecher in Omaha two years ago. Stecher threw Cutler, then termed the American champion, in twenty minutes.

The Chicago grappler ranks high among the wrestling stars of the country and if Plestina can throw him as he did Beell, the Omaha man will have made his reputation as one of the best. Plestina hopes to be able to throw Cutler as quickly as Stecher did. The match will be held in Omaha.

Phil Proctor, halfback on the Husker foot ball eleven, accompanied the Aggies to Omaha Friday evening for the team played at Nebraska City, suffering a defeat from the high school there, 17 to 15.

The lineup:

ANTI-TIPPING ACT WILL BE REPEALED

Law Passed by Last Legislature Slated to Be Called Back by Solons.

OTHER BILLS IN HOPPER

(From a Staff Correspondent.)

Des Moines, Jan. 21.—(Special.)—The anti-tipping bill enacted by the Thirty-sixth general assembly will be repealed by the present one if the report of the senate committee to whom was referred Senator Caswell's measure to repeal it is any indication. The committee reported to the senate yesterday in favor of Senator Caswell's bill. It will be placed on the calendar and taken up in its order. Senator Parker of Des Moines introduced into the senate a bill providing for an amendment to the banking laws which will permit state and savings banks to reduce the amount of legal reserve required to be carried in their own vaults in cash from 25 per cent of their total deposits to 15 per cent. Senator Parker explained that this does not reduce the amount of reserve, but that state and savings banks will not have to keep all of their reserve in their own vaults. Banks in outlying districts declare it is unsafe to carry the amount of reserve in their own vaults, which the present law requires.

Senator Holdege of Rockwell City introduced a measure to increase the salaries of state bank examiners to \$2,000, their second year and \$2,400 the third year and thereafter. Bank examiners are now paid \$1,800 annually. Under the new law, they would receive \$1,800 their first year. Senator Holdege also introduced a bill to amend the state highway law to give the commission authority to pass on the plans for cuts or fills changing the grade of roads and highways. This is now passed on by the county supervisors.

Judge Mitchell, attorney for Wilkerson in his suit brought by Senator F. F. Jones in which the detective was sued for libel, was also in Des Moines. Wilkerson stated he was on his way to Kansas City, Kan., where the Burns detective agency with which he is associated has been sued for \$1,000 damages by William Mansfield, who charged that he was roughly handled by the Burns agents.

Nearly \$500,000 is at stake in the case of Elizabeth H. Bettendorf against J. W. Bettendorf, appellant, appealed to the supreme court Saturday from Scott county. Municipal Court Expense

The municipal court was listed among the liabilities of the city of Des Moines by the city auditor last week after checking up the city books. The expenditures of the new court will exceed receipts by approximately \$12,000 by April 1. Half of this expense is borne by the city and half by the county. In commenting on this Mayor McVicar explained that the city has lost the revenue of the police court, which formerly amounted to about \$25,000 a year. When the fiscal year for the municipal court ends April 1 the total receipts will be about \$6,000, the mayor says. The mayor says that the half and half business by which the city and county control the receipts and expenditures is wrong and that the county should do it all.

Iowa Legislative Measures

Happy Hollow Club Rink Is Defeated by Clan Gordon Curlers

The Happy Hollow club curling rink went down to ignominious defeat before the Clan Gordon rink at Miller park Saturday. The score was 15 to 10 which called on account of darkness.

The Happy Hollow curlers, however, have an alibi. Charley Johnstone springs it this way: "You see, Bill McAdam, an old time curler, was to have skipped our rink, but he was called out of town at the last minute and I had to skip." Thus the modest Johnstone blames it all on himself.

The Clan Gordon team was composed of E. S. Dodds, skip; Bob Galt, W. J. Hislop and H. E. Fernandez. The Happy Hollow rink was composed of Charley Johnstone, skip; George Gilmore, F. D. Wead and Frank Garvin.

Omaha Shooters to Battle Law Cutting Out Quail Season

Omaha hunters and shooters are planning to give battle to the proposed state law which will entirely prohibit quail shooting and shorten the grouse shooting season to one month.

A bill has been submitted to the Nebraska legislature which confines the open season on grouse to the thirty days between October 15 and November 15. Quail shooting is now only permissible for fifteen days and the bill cuts this limited time out.

Fred Hamilton is the leading spirit in organizing Omaha shooters to do a little lobbying at Lincoln against the proposed bill. The Omaha shooters point out that the grouse hunting never becomes good until November 15 and that it is ridiculous to close the season on that day. The local quailers would also like to have the quail season extended instead of abolished.

Consider "Bone Dry" Bills

The four "bone dry" bills of Senator Whitmore of Ottumwa were considered at a meeting of the senate committee on the suppression of intemperance held yesterday afternoon. Attorney General Horace M. Havner, who attended the meeting, declared that the state needs legislation for stopping the bringing in of liquor for personal use. He says these bills will not make the state "bone dry," because liquor can still be brought in with automobiles, although in limited quantities.

John B. Hammond has proposed a law to prevent the use of the highways for the bringing in of liquor, but the attorney general objects to this because he says it would be almost impossible to enforce.
