Hascall announces the opening of law offices at 904 Omaha National Bank building. Andressen Appointed—Judges of the district court have reappointed M. Andressen parole officer and chief adult probation officer. Council Changes Its Mind—The city council reconsidered its decision to restrict Thirty-fifth avenue, Farnam to Dodge streets, to residence improvements. Protests of those most interested prevailed with the commission. Merchant Is Bankrupt—Frank L. Cook, merchant of Albion, has filed a voluntary bankruptcy petition with the clerk of the United States district court listing his liabilities as \$5,227.80 and his assets \$4,112.57. Of the latter he claims \$359 as exempt. Clothes Stealers Jailed—Sentences of thirty days in jail were drawn in police court by Joseph Greeley and Sylvester Greeley of Independence, Ia., when they were found guilty of petit larceny. The Greeyes stole clothes to the value of \$10 from Leo Bewsher of the City hotel. Fine Fireplace Goods—Sunderland. Colonel Baehr Back on the Job—Lieutenant Colonel Baehr, second in command of the Fourth Nebraska regiment, resumed his duties in the money order department of the post-office after an absence of nearly seven months on the Mexican border. Two other postal clerks also resumed their jobs. Three New Recruiting Stations—Believing that inland men make the best sailors in the long run, Uncle Sam is to open three new recruiting stations in western Nebraska and South Dakota. They are to be located at North Platte, Neb., and Lead and Aberdeen, S. D. The sub-stations will be in charge of Lieutenant Waddell of the Omaha station. Stolen Letters Recovered—Practically all of the letters and small packages from the relay mail sack stolen from Thirtieth and Farnam streets Thursday morning have been recovered by postoffice inspectors. The contents of the mail sack was found scattered in an alley near Thirtieth and Farnam. Only a few of the letters and packages had been rifled. Wind Blows Out Burner—J. S. Sykes is the man who continues to operate an oil burner for house-heating purposes. Last night when Mr. Sykes went to bed his burner was doing its duty, but this morning when he awoke it was off the job. Going to the basement he discovered that during the night the high wind had extinguished the burner and that after that the oil had continued to run, pretty well filling his furnace pit. Cattle Increase Numerically—C. J. Lane, general freight agent of the Union Pacific, is home from attending the annual meeting of the National Live Stock Growers' association, held at Denver. He asserts that the meeting was one of the best, if not the best, that has ever been held. Close to 500 men were present, representing all sections of the range and central cattle raising area. Mr. Lane says that the ranchers and feeders reported cattle generally in good condition and increasing in numbers practically everywhere. Mexican Government to Get Three Million Peso Loan Mexico City, Jan. 22.—The assistant manager of the Bank of London and Mexico denied today that the bank had arranged to loan to the government 3,000,000 pesos, as had previously been announced by the Treasury department. The department later announced that the deal had virtually been closed and that the papers probably would be signed tomorrow. American gold coins, it is announced, will be accepted by the government on the basis of 1 peso and 95 cents Mexican per dollar, or a discount of 2 1/2 per cent, but that the rate on American paper money will continue to be 1 peso and 80 cents, or 10 per cent discount. There are few, if any, American gold coins in Mexico. Walter C. Thurston, who has been in charge of American affairs in the capital during the absence of Charles B. Parker, charge d'affaires, has been ordered to Washington by the State department. He will leave here tomorrow. Mr. Parker has returned to the capital from Queretaro to take charge of the embassy. Gilbert M. Barnes Dies Suddenly in Pittsburgh Pittsburgh, Jan. 22.—(Special Telegram.)—While chatting with his son, Prof. G. H. Barnes, and his 3-year-old grandson this morning, Gilbert M. Barnes, aged 69 of Omaha, dropped dead of heart disease in Prof. Barnes' home in Elnfield, a suburb. Mr. and Mrs. Barnes were on the way to their winter home in Florida, where they had planned to stay till spring. They stopped off here yesterday to visit their son, an economics instructor in the Carnegie Institute of Technology. The body will be sent tomorrow to Omaha. Mr. Barnes is an optician, living at 1318 South Twenty-eighth street. Wheat, Corn and Oats in A Slight Decline Here In line with the grain markets elsewhere, prices were "off" on the Omaha Grain exchange, wheat selling at 2 cents under the prices of Saturday; corn, 1/4 to 3/4 cent, and oats, 1/2 cent. Wheat receipts were heavy, considering the weather, being 100 carloads, with sales made at \$1.87@1.89 1/2. There were 120 carloads of corn on the market and it sold at 93@94 cents a bushel. Oats receipts were 10 carloads, selling at 54 1/2@55 1/4 cents a bushel. Big British Steamer Arrives Safely in Port Rio Janeiro, Brazil, Jan. 22.—The British steamer Vauban has arrived safely at Bahia. The Vauban, a Lamport and Holt liner of 10,660 tons gross, sailed from New York, January 7 for Rio Janeiro, with passengers and freight. Although no passenger steamers had been reported interfered with by the German raider which has been operating in the Atlantic, some uneasiness was felt in shipping circles regarding the Vauban, as its course was taking it into the zone of the raider's activities.

HAPPENINGS IN THE MAGIC CITY

"Shame the Devil," or "Honor Christ," Rev. John G. Alber Tells High Graduates.

PREACHES ANNUAL SERMON

Whether it shall be our ambition to shame the devil or to honor Christ are things paramount in the life of the young man and woman entering the outside world after securing a high school education, according to Rev. John G. Alber, pastor of the local Christian church, who preached at the occasion of the Twenty-ninth annual baccalaureate sermon at the Wheeler Memorial church Sunday evening. The young minister chose as his text, "Success." He declared that to succeed is a virtue, but that to obtain success one must search the world of facts with definiteness. The minister spoke of the privileges of the present, the choice of a life's vocation and the means of attaining success after the line of endeavor has been chosen. Character was exhaustively discussed at the close. Love, truth and virtue are the principal essentials of this quality in mankind, Rev. Mr. Alber said. Greatest of all these is love, for on this depends the inspiration that man has in his home, his nation and his self. Others Assist. Misses Beatrice Farrar and Mildred Bliss sang "O, My Soul, Bless Thou Jehovah" beautifully after the scriptural reading by Dr. Wheeler, pastor of the Wheeler Memorial church. Rev. Mr. Wheeler mentioned at the close of the reading that he had attended every one of the twenty-one baccalaureate services held for graduating classes of the high school. The service opened with the procession of the seventeen graduates marching to the first pew to martial music. Rev. Emmanuel Kallian, pastor of the Bohemian Presbyterian church, delivered the invocation. Rev. Albert N. Porter, pastor of the United Presbyterian church, closed with the benediction. The Wheeler Memorial choir, accompanied by the pipe organ, sang three hymns, including "Holy, Holy, Holy" and "Jesus, Savior, Pilot Me." Grade Students Graduate. The annual grade school commencement will be held this week. Superintendent Graff has made no formal announcement as to when the exercises will be held. The commencement was held last year on Wednesday afternoon in the high school auditorium. The auditorium is being repaired at the present time and it is possible that the exercises of local schools will be held jointly with north side institutions.

BOHEMIANS GLAD OF LIBERTY STAND

Mass Meeting in Omaha Sends Message to Wilson Expressing Sentiment.

FREEDOM OF THEIR RACE

In a mass meeting, held in the Bohemian Catholic Sokol hall on South Thirtieth street Sunday afternoon, the following resolution was adopted and wired to President Woodrow Wilson: "American citizens of Omaha, of Bohemian descent, in a mass meeting held on January 21, express to you their deepest gratitude for your act which called out allies' declaration of freedom of Bohemia, and ask you to use your powerful influence in favor of liberation of Czechoslovaks, as demanded by allies."

AVIATORS' COMPASS SENT THEM ASTRAY

Had No Idea Where They Were When Landed in South.

ONE STILL VERY ILL

Wellton, Ariz., Jan. 22.—Lieutenant Colonel Harry G. Bishop, second of the army aviators to be rescued from the Sonora desert, who was brought here today by an army ambulance from the foot of the Gila mountains, sixty miles south of Wellton, will recover, unless complications set in, according to Surgeon Major Orville G. Brown, commander of the government's relief expedition. Colonel Bishop was taken to Yuma, Ariz., and placed in a hospital. Colonel Bishop and Lieutenant W. A. Robertson were lost following an attempted airplane flight from San Diego to Calexico, Cal., January 10. After a nine-day search by Mexican troops, American army aviators and hundreds of civilians in automobiles, which attracted nation-wide attention, Robertson found a party of searchers and directed them to where Bishop had fallen exhausted on January 17. Robertson was taken to Wellton and later proceeded to his station at

San Diego. Owing to Bishop's weakened condition it was impossible to move him until an ambulance arrived two days later.

Compass Went Wrong.

"The compass went wrong on us," Bishop said today. "When we landed at the Gulf of California, January 10 at exactly 12:30 o'clock, we thought we were landing on the edge of Salton Sea."

"We did not discover our mistake until we noticed the tide coming in and obliterating our foot prints. Then, and not until then, did we realize we were lost."

Bishop's condition was such it was impossible for him to continue with his story. He said faintly he did not know how far he had walked, "because it was so far I took no notice of the distance."

Winn Proebstel, who was the first of the searchers to find Colonel Bishop, gave a detailed story here today of the finding of the officers.

"I found Colonel Bishop about 11 o'clock Thursday evening," he said. "He was half-sitting, half-reclining under a bush in an arroyo, wet to the bone, and almost speechless. The first thing he did was to ask me who I was, and what I was doing out there. Then he asked me to make him a cigarette."

Tried to Catch Rain. "Colonel Bishop had spread his coat in a depression to catch rain water. He said that after Lieutenant Robertson had left him last Wednesday morning to press on for help, he had not moved 300 yards. A fire he had built, was extinguished by heavy rain. He felt sure, he said, that Robertson would find aid."

Proebstel said that he and his companion built a fire on each side of the rescued man, wrapped him in sweaters and gave him light nourishment. The rescuers were supplied with condensed milk and on this, a little coffee and toast, and beef broth made from fresh meat, he subsisted from the time he was found until the arrival of Surgeon Major Brown and his soldiers Saturday morning.

Colonel Bishop fainted three times from weakness, but insisted that he was "no baby" and rebelled against any tenderness.

Aeroplane Abandoned. San Diego, Cal., Jan. 21.—Major William J. Burnside of the field officers' aviation school, speaking for Colonel W. A. Glassford, commander of the army aeronautical department, said the aeroplane abandoned by Robertson and Bishop in the Sonora desert probably will be left there, owing to the difficulty of finding it and bringing it to the border. The aeroplane was valued at \$10,000 and was comparatively new.

Butter for Soap In Siberia, While Scarce in Moscow

New York, Jan. 22.—The purchase in the United States of refrigerating equipment to the value of \$30,000,000 to conserve and develop along economic lines the fresh beef and dairy industry of Russia, has been authorized by the Russian-American Conservation and Industrial Stock company, backed by the Russian government, according to J. H. Gullak of Moscow, who arrived here today from Bergen. Mr. Gullak is manager of the technical department of the purchasing company and he said today that the war has emphasized the need for the immediate development of the refrigerating industry of his country. Part of his purchases here, he added, will be 10,000 modern refrigerator cars in addition to heavy machinery for cold storage and freezing operations.

"As an indication of the need of such development," he said, "butter now is selling in Moscow for three roubles and 80 kopes a pound, while at the same time in Siberia, butter is being used to make soap."

Pain in Stomach, Back or Joints

(By Samuel Hamilton, M. D.) In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutzmacher, Pavlov, Fowler, Hawk, prove that an abundance of water is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. Anuric (double strength) can be found at any good drug store, and was first discovered by Dr. Pierce, of the Surgical Institute in Buffalo, N. Y.

When run down, when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially in this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood pressure are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar.—Advertisement.

Deaths and Funerals.

J. A. Horn, aged 33 years, 4309 South Twenty-third street, died Sunday morning at 10 o'clock at his home. He was an employe of Swift & Company and is survived by a wife. The funeral will be held this afternoon at 1 o'clock at the home. The body will be shipped to St. Joseph, Mo., this evening for interment there.

The funeral of Maurice, 1-month-old son of Mr. and Mrs. Julius Oligeaux, 5053 South Thirty-ninth avenue, will be held this afternoon at 2 o'clock at the home to the St. Mary's church. Death occurred Sunday morning early.

Accidents on Decrease. Accidents apparently are on the decrease in the South Side if the record of the last twenty-one days is to hold good for each succeeding twenty-one days in the year. Since the abolition of the coroner's office, January 1, there has been but one case for that office, that being the accidental death of John McAllister, Cudahy ice harvester, who was killed while at work Sunday morning.

In the last week of the coroner's regime there were five sudden deaths. In the twenty-one days since there has been but one. Former Deputy Coroner Larkin handled this one.

Magie City Gossip. Mrs. C. H. Avery was called to Blair yesterday at the death of a relative.

For Rent—Stores, houses, cottages and flats. SOUTH OMAHA INVESTMENT CO. The Woman's Catholic Order of Foresters, No. 1077, will hold a meeting this evening at St. Mary's schola hall.

The Laffer South Side AM society will meet at the home of Mrs. Ike Matson, 1418 Polk street, Wednesday afternoon, at 2 o'clock. Refreshments will be served.

Yardmen at the stock yards experienced considerable difficulty last night in yarding the usual run of cattle. A light rain nearly 400 cars of about half normal, was received.

FIRE INSURANCE, choice of 13 leading companies; prompt service, lowest rates. SOUTH OMAHA INVESTMENT CO. Treasurer Tassell of the High School Athletic association reports that \$18 was lost at the last basketball game. The income on the crowd attending the Argie game was too small to pay the expenses of the visitors.

MONEY LOANED on vacant and improved property in any amount at lowest rates. SOUTH OMAHA INVESTMENT CO. John Parkin, in charge of the branch office of the street and cleaning department at the local city hall, had a full gang of men at work clearing the sidewalks. Police have issued a general order for the clearing of all residences adjacent to the street.

Large Hospital in Spokane Partly Burned; Patients Saved Spokane, Wash., Jan. 22.—St. Luke's hospital, one of the largest in the city, was partly destroyed by fire early tonight. Soon after the fire started the firemen reported that all of the eighty or ninety patients had been removed safely from the burning building.

HOW TO GET RELIEF FROM CATARRH If you have catarrh, catarrhal deafness, or head noises, to your druggist and get 1 oz. of Parmit (double strength), take this home, add to it 1/2 pint of hot water and 4 oz. of granulated sugar. Take 1 tablespoonful 4 times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat.

It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.

For Itching Scalp

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic liquid, is not greasy, is easy to use and will not stain.

Snaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritations is zemo, for it is safe and also inexpensive.

Police Find Wrecked Flivver Car Stolen

Police are trying to identify the remnants of a flivver car which made an unsuccessful attempt to back a Missouri Pacific switch engine off the tracks at Fifteenth and Grace, last night.

Yardmaster R. B. Hatcher saw the incident and said that after the accident, two boys, who had leaped in time to save their lives, darted to the wreckage and removed two bundles, and fled.

The car was stolen Wednesday from J. A. Leaders of Papillion.

Belgian Relief Plans Made for Another Year

New York, Jan. 22.—The American Commission for Relief in Belgium is preparing for at least another year's work and the necessity of raising approximately \$50,000,000 more will be discussed by the officers of the commission here this week, according to Herbert C. Hoover, chairman, who arrived here today from Liverpool.

Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for Influenza or La Grippe. In an article in the "Lancet Clinic," Dr. James Bell of New York City says he is convinced that too much medication is both unnecessary and injurious.

When called to a case of influenza, the patient is usually seen when the fever is present, as the chill which occasionally usher in the disease, has practically passed away. Dr. Bell then orders that the bowels be opened freely with saline, or citrate of magnesia. For the high fever, severe headache, pain and general soreness, one solid-kamoni tablet every three hours is quickly followed by complete relief. Ask for L-K Tablets. They are also unexcelled for headache, neuralgia and all pains.
