

BILLS FLOWING IN BY THE HUNDREDS

Outlook Now Is That Record of Last Session for Number Will Be Outdone.

THOSE WHO HAVE MOST

Lincoln, Jan. 27.—(Special).—Sixteen working days of the senate have passed and it would appear that the upper body, like the house, bids fair to outdo the record of the last session in the number of bills introduced.

According to the records prepared by G. F. Beschoner, bookkeeper for the senate 152 bills have already been introduced with four more days to run. Usually the last two days crowds the old legislative hopper to overflowing and in spite of the general sentiment before the session began that the number of bills should be kept down, there is every reason to suppose that the number will exceed all previous sessions.

Moriarty Leads

Moriarty of Douglas leads the list with fifteen bills, Howell of the same delegation comes next with fourteen, Sandall and Beal have twelve each, while the rest run as follows: Adams, 8; Albert, 3; Bennett, 6; Buhrman, 2; Bushee, 7; Chappell, 8; Douthett, 2; Doty, 2; Gates, 2; Haase, 1; Hager, 3; Hammond, 5; Henry, 1; Lahnert, 3; Mattes, 7; McAllister, 2; McMullen, 3; Neal, 5; Oberlies, 5; Robertson, 3; Samuelson, 5; Sawyer, 2; Soost, 3; Sprick, 3; Stricklow, 3; Tanner, 4; Wallace Wilson, 2; Willis Wilson, 3. Senator Phil Kohl has not as yet introduced any bills. This would make the average for each member a little less than five bills.

In the last session at the end of the sixteenth day 144 bills had been introduced. Last session Senator Douthett introduced no bills, but so far this session he has introduced three.

Eighteenth Day in House

In the house, when the members "unhitched" last night 403 bills had been introduced and it was the end of the eighteenth day. With two more days left and with a recess until Tuesday in order that the slow ones may get in their work, it is likely that the record of last session will be outdone. On the end of the eighteenth day of that session 361 measures had been poured into the hopper. That has already been beaten by forty-two bills, and "the worst is yet to come." So far the general average is below the senate, only a little over four to the member being the showing.

Fine Farm Home Burns

Fremont, Neb., Jan. 27.—(Special).—The fine farm home of Gus Jonas, two miles southeast of Fremont on the Lincoln highway, was totally destroyed by fire this forenoon. When discovered by members of the family the entire building on the second floor was ablaze. Mr. Jonas and neighbors carried most of the furniture from the rooms on the first floor. The home was one of the finest farm residences in the county, and cost when erected, nearly twenty years ago, \$14,000. It was of brick and two stories high. Mr. Jonas had insurance of \$35,000 on the building and furniture.

One Coyote Caught

Edgar, Neb., Jan. 27.—(Special).—Fifty men and boys turned out to round up the wolves yesterday. Wolves seemed to be scarce, but one lone coyote was captured. Some careless hunter in his anxiety to hit the coyote failed to look beyond and shot toward some others coming from the other direction. A stray shot hit Ralph Tucker in the corner of the eye, grazing the ball and going out through the skin at the outer corner. He will not lose the sight in this eye.

Proposed New High School of Commerce Building

The building will extend from twenty-second street to twenty-third street, fronting on Chicago street.

At the present time the central portion and the west wing will be erected. That portion to be erected at once will have twenty-five large class rooms, including three study halls, and also have domestic science department and large lunch room and kitchen.

When finally completed an auditorium and gymnasium will be built in the court to the rear of the building. The structure is so planned as to eliminate stair-climbing. For example, fourth-year students will have all classes on the top floor. It will be constructed of non-absorbent brick with terra-cotta trimming and will be of reinforced concrete fireproof construction. The building is of simple and economical design, but will present a dignified and beautiful appearance.

TEACHERS PAID BY STATE MONEY

Robertson's Bill Would Impose Levy on Grand Assessment Roll for Purpose.

HELPS IN DRY TIMES

(From a Staff Correspondent.)

Lincoln, Jan. 27.—(Special).—Senator John Robertson comes to the legislature this session fully determined that he will make no attempt to abolish the National Guard at this time. However, he proposes to be a hero anyway and has introduced a bill which if it becomes a law will cause the people to rise up and call him blessed or perhaps something else.

Some of the cities of the state, notably Omaha, are discovering that it will be a tight squeeze with the school licenses abolish, to secure enough funds to run the schools and a bill has been introduced in the house, perhaps more than one, which will enable

school districts who find it difficult to raise enough money to run the schools, to go over the legal levy in order to secure the much needed funds.

Senator Robertson has introduced a bill which is known on the legislative books as S. F. 63. This bill if it becomes a law will fill a long felt want in that it will enable the state to secure enough money to run the schools without having to go over the statutory maximum.

He would make an annual levy upon the grand assessment rolls sufficient to produce a fund, 90 per cent of which added to the temporary school fund shall equal the estimated amount of the wages or salaries of all teachers employed in the public schools for six months of each year.

The bill further provides that on or before July 1 of each year the state superintendent shall secure from the county superintendent of each county a detailed estimate of the amount required in each district in his county for teachers wages for six months during the ensuing year, total number of months to be taught, wages and salaries.

Sell Interest in Hall.

Edgar, Neb., Jan. 27.—(Special).—The Ancient Order of United Workmen lodge of Edgar has sold its half interest in Fraternity hall and the opera house to the Odd Fellows.

There has been a keen fight between the members of the Workmen lodge for some time, some of them wanting to hold on to the building, while others thought it would be best to dispose of it. The profits divided between the two lodges were too small to be tempting and it was difficult to carry it on as it should be, as there was often disagreement. The Odd Fellows have leased the opera house to B. W. Merrill, who will put in a modern, up-to-date amusement house. The \$2,000 paid to the local Workmen lodge will be used to pay assessments for the membership here as long as it lasts, or until the session of the grand lodge in May.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Nature warns you when the track of health is not clear. Kidney and bladder troubles cause many annoying symptoms and great inconvenience both day and night.

Unhealthy kidneys may cause lumbago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion, as time passes you may have a sallow complexion, puffy or dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose flesh.

If such conditions are permitted to continue, serious results may be expected; Kidney Trouble in its very worst form may steal upon you.

Prevalence of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are among the most common diseases that prevail, they are almost the last recognized by patients, who usually content themselves with doctoring the effects, while the original disease may constantly undermine the system.

If you feel that your kidneys are the cause of your sickness or run down condition, try taking Dr. Kilmer's Swamp-Root, the famous kidney, liver and bladder remedy, because as soon as your kidneys improve, they will help the other organs to health.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

Sick People Sometimes Die From Lack of a Good Stimulant

Especially is this true in grip and pneumonia, for they are infectious diseases which attack weak and strong alike. Serious complications are liable to develop in the course of the disease, as grip settles in the weakest part of the system, sometimes the kidneys, the brain, the stomach or the heart, resulting often in heart failure, but the most dreaded of all, pneumonia, which is particularly fatal when arising from grip. As one able medical writer says:

"In all severe types of pneumonia there are two sources of danger—heart insufficiency, and high temperature. A large portion of deaths from pneumonia directly result from heart failure."

Duffy's Pure Malt Whiskey

judiciously used is one of the most efficient means of preventing or overcoming it."
