HONEYMOON YOUNG WHEN WIFE POUTS

Mrs. Carl Swanson Thrice Seeks Divorce—Fremont's Smallness Peeves Her.

HUSBAND'S IRE SIZZLES

The third divorce action started by his wife, whom he says began to make life miserable for him in Fremont, Neb., two days after their marriage in 1913, was the straw that broke the camel's back for Carl O. Swanson, who says that on two previous occasions when she attempted to break the matrimonial traces without just cause, reconciliations were effected, and now he has filed an answer and cross-petition to the latest suit, setting forth in several pages of alleged wrongs why he thinks his spouse's case should be dismissed and a decree granted to him.

Carl, who was formerly assistant postmaster at Fremont, when his father was postmaster, says that on the second day after their marriage his wife, Marguerite W. Swanson, began to complain about living in "such a small town." He alleges that she was continually complaining to him and in the presence of others that she "was used to the company of professional men—men of wealth and standing—and could have married them and had fine clothes and luxuries and comforts."

Sold Furniture. From the very beginning of their married life, the husband alleges, "she contrived to involve him in debt and dissipate his earnings." He says that he was compelled to borrow money to pay her debts. One of her Fremont experiences, he asserts, was to desert him and sell the household goods. She had a habit, according to Swanson, of abusing his parents and referring to them as "damned Swedes."

On one occasion, he alleges, she made a proposition to him to blackmail his father, who is well-to-do, out of a large sum of money by threatening to start action alleging alienation of her affections.

Swanson declares that she persisted in calling him vile and insulting names and would often fly into an uncontrollable rage and assault him.

Wife's Good Aim. Throwing a mandolin and pieces of furniture at him in the presence of several women and breaking an ebony hair brush over his head are instances of her fondness for him, he says.

When he fought the divorce action started against him at Fremont on May 2, 1915, she promised to stop abusing him, he says in his petition. The scene changes to Kansas City, Mo., where, he says, his wife started another divorce action in the circuit court there in February, 1916. He alleges that her grounds for divorce there was that he was a "vagrant."

The husband states that their troubles were again patched up and they went to live at Norfolk, Neb., where he was employed by the Third congressional committee. But he says she "broke out" again when they came to Omaha. Swanson alleges that his small fortune has been dissipated as a result of his wife's extravagant career.

Peace Again Broods Over Olen Evans' Household

The Evans, Olen E. and Marie, have evidently settled their domestic difficulties between themselves and are going to make another try at it before actually getting into divorce court. They came close, though, for the husband filed a petition for divorce last week, the wife following a day or so later with a cross-petition and answer, both making sensational charges. A stipulation for dismissal has been filed with the district court clerk by the husband and wife. The husband asks that his petition for divorce be dismissed, as does the wife her cross-petition and answer. Evans says that his charges that his wife was unfit to have the care and custody of their child were untrue. He agrees to pay the costs of the cases thus far.

Burlington Embargo On Grain Still in Effect

The Burlington announces that in order to relieve the freight congestion the embargo that was laid some days ago and which was to have been raised on grain shipments to points beyond Chicago will be continued in effect until February 2. The embargo applies to shipments received from connecting as well as on shipments on the company lines. Live stock and perishable commodities are exempt from the rules of the embargo.

Merchants' Market Week Plans Many Big Things

Ever a better and greater program of entertainment for the visiting merchants from Omaha's trade territory who will come to Omaha for Merchants' market week is planned by the Merchants' Market Week committee. A meeting of the committee, headed by Joe Kelley, was held at the Commercial club rooms at noon. Plans are being made for this semi-annual event for the week of March 12.

FARM LOAN BANK TO BE OPEN HERE SOON

Herbert Quick Says that in Two Weeks the Bank Will Be Ready for Business.

APPOINTMENTS SOON, TOO

Appointment of the directors and other officials of the Omaha Farm Loan bank will probably take place within the next two weeks. Herbert Quick, member of the federal farm loan board, when in Lincoln a few days ago intimated to Omaha men with whom he visited at the time that these appointments would be made before long.

The farm loan act provided that the bank should be opened for business within thirty days after the stock went on sale. The stock for the Omaha Farm Loan bank has been on sale at the office of the collector of internal revenue in Omaha for some two weeks now, and this means that within a trifle over two weeks more, or perhaps by February 15, the appointments will be completed, and the bank will open for business.

Though the stock in the bank has not sold quite as rapidly as some had estimated, this will in no way affect the time of opening the bank, since the law provides that after the stock shall have been offered for sale during a period of thirty days, the government shall take the remaining unsold shares up to the sum of \$750,000, whereupon the bank will throw its doors open.

Milwaukee to Resume the Electrification in Spring

The Chicago offices of the Milwaukee road sent word to the Omaha officials that with the return of spring, resumption of work of electrifying the coast line will begin. Surveys have been finished and it is asserted that it is the expectation to complete the electrification through the Cascade mountains this year.

Four hundred and sixteen miles of the Milwaukee's coast line, from Harlowton to East Portal, have been equipped with electrical device for the operation of trains, both freight and passenger. A stretch of twenty-four miles from East Portal to Avery, Idaho, will be connected up early this spring.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for one week. Before breakfast each day, drink a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Advertisement.

How to Relieve Catarrhal Deafness or Head Noises

If you have catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Eucalypti (Double Strength). This will not cost you more than 75c. Take this home and add to it 1/4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. If nearly ninety per cent of all ear troubles are caused by catarrh, there must be many people whose hearing may be restored by this simple home treatment.—Advertisement.

Veteran Railroad Man, Frank E. Higley, is Dead

Frank Edwin Higley, an employe of the Burlington for thirty-five years, died at the home of his son, Rollie Higley, 1109 South Tenth street. Funeral services will be Wednesday afternoon at 2 o'clock at

Dodder's chapel and interment will be in West Lawn cemetery.

Mr. Higley was born in Ohio fifty-five years ago. In addition to his wife he leaves three sons, Clarence, Rollie and Charles, all of Omaha. He was a member of the Ancient Order of United Workmen, the Maccabees and Burlington Relief association.

Charged With Stealing From Hayden Bros. Store

Charges of petit larceny have been filed against Charles Johnson, colored, 2811 Charles street, former employe of Hayden Brothers' store, at whose home \$50 worth of stolen articles was found. It is alleged that

Johnson stole the articles from time to time while employed as handy man about the store.

Three others, Margaret Minger, Hattie Hartson and Emmet Garner, all colored, who also live at 2811 Charles street, are also held for investigation. Bee Want Ads Produce Results.
