

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair.

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 oz. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Use every other day until the hair becomes the required shade. It will not only darken the gray hair, but make it soft and glossy. It is not sticky or greasy and does not rub off.—Advertisement.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrhal deafness. American people do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear have had their hearing restored by this English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

Therefore, if you know someone who is troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows:

WHY SOCIETY WOMEN WASH THEIR OWN HAIR

They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty, and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made catarrh mixture. You can use this at a cost of about 3 cents a shampoo by getting some catarrh from your drug-gist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you.—Adv.

TELEPHONE 2020 DOUGLAS Brandeis Stores Show the "Style-Way" for Spring

THEY came in on a wave of popularity that is carrying them higher and higher in the estimation of every woman who sees them. There is something fascinating in the idea of employing colors (bright colors as these have been) by the Style Artist this season. THE year is long enough in the estimation of most any woman to permit her to wear the more somber hues in other seasons. With the approach of Spring, the thought of wearing brighter colors is very agreeable, and hundreds and hundreds of women have already taken kindly to this new slant of Fashion. THEN we see Gold, Grays, Beautiful Rose Tints, etc. AND IN THE DRESSES, where Tussah Silks are employed, there is a new color called "The Collie." Some little time back, bead bags bounded forth to prominence in Fashion circles, and behold today, bead trimming in profusion adorn some of the most beautiful of these sports dresses.

BABY GIRL HAD BREAKING OUT Red and Inflamed, Irritated Badly, Cuticura Healed. "My baby girl had a breaking out on her face when she was one year old. It appeared in the form of blisters, and the skin was very red and inflamed. It itched and irritated her so badly that she was very fretful, and would scratch her face till it was covered with blood. It became so bad I had to keep mittens on her hands all the time, and her face was disfigured. I tried medicines without success. Then I procured Cuticura Soap and Ointment, and they very soon healed her. Her face is now without a scar or blemish." (Signed) Mrs. D. A. Stanger, Box 244, Blue Mound, Ill., Oct. 8, 1916. Im going to prescribe Resinol for that eczema. "I might give you a formal prescription, but what's the use! It would cost you more than a jar of Resinol and I shouldn't be nearly as sure of the result! You see, I have been using Resinol Ointment for over twenty years. During that time I have tried out dozens of new ways of treating skin-troubles, but I have always come back to Resinol—I know that it stops itching at once, generally heals the eruption, and that it contains nothing which could irritate the skin. You can get a jar at any drug store."
