Laws of Sea Violated.

"The American nation knows the means taken in order to move England and its allies to return to the laws of nations and to respect the law of freedom of the seas. The British government persists in its war of starvation, which certainly does not touch the military strength of its adversary, but which forces women and children, the sick and aged persons to undergo painful privations for their country's sake, which are harming the national vitality.

"Thus British imperiousness in cold blood accentuates the suffering of the world, without regard for every com-

Trims Alumni, 13 to 9 world, without regard for every command of humanity, without regard even for the silent longing for peace The High School of Commerce basket ball team treated the Alumni to a beating, 13 to 9, in a hard fought game last night at the Young Men's Christian association.

The score was 4 to 3 at the end of the first half in favor of the regulars. After a few minutes of play the count was tied but the game was rinched by two baskets by Macfarland. Brown was the main point getter for the Alumni with three baskets. Lineup:

Alumni, 13 to 9

even for the silent longing for peace within the nations of its own allies. Every day in which the fearful struggle goes on brings new devastation, new misery, new deaths. Every day by which the war is shortened will preserve on both sides the lives of thousands of brave soldiers and means a blessing for tortured humanity. The imperial government before its own conscience and before listory, would be unable to assume the responsibility if it left untried any one means to hasten the end of the war. Together with the president ALUMNI.

comes do so at their own risk. Although irrespations are being taken to space neutral ships, which on February 1 are on tho way to ports in the barred sons, during an appropriate delay, yet it is urgently to be advised that they should be warned and directed to other routes by all means available.

LAW TO SET CLOCK HOUR AHEAD ASKED

Chamber of Commerce Committee Wants Congress to Authorize Change.

MANY ADVANTAGES CITED

Washington, Jan. 31.-Congressional action to authorize the setting of all clocks in the country one hour ahead of the present standard time was recommended to the Chamber of Commerce of the United States today at the opening of its fifth annual meeting, which will conclude Friday night by a committee on "daylight saving." As an alternative the committee suggested the plan at least for the months between April 1 and De-cember 1.

The committee report on daylight

The committee report on daylight saving said:

"The considerations supporting this provision are physiological, economic and social. It will substitute a cool morning working hour in summer for a warm afternoon hour. Increased daylight in the hours of greatest fatigue will tend to lessen tuberculosis, will decidedly reduce eye strain, will increase personal efficiency and materially lessen accidents. In cities the advantage of having the evening rush hour, when transportation facilities are taxed, come in daylight is apparent.

BLIZZARD BREAKS, BUT TEMPERATURE TAKES BIG DROP Shares of Utah Copper and a few share of other securities before December 20, but that he had covered prior to that date at a profit of \$22,000. He did not himself sell on the strength of the Washington information. Just what the volume of selling for the property of the property of

live stock. In the northern and west-ern part of the state train service has been suspended entirely and in other sections trains are moving far behind

schedules.

At Huron, S. D., the wind attained a velocity of forty-two miles an hour, and with a fall of six inches of snow on the sixteen inches which fell last week, the snowdrifts have become so deep that all travel is suspended.

A sharp drop in temperature throughout the state is reported. At Huron the mercury registered 13 below; at Watertown, S. D., 13 below; Mitchell 12 below, while at Madison, S. D., it reached 5 below. The temperature here this morning was 8 below zero.

Worst Since 1898.

Worst Since 1898.

Salt Lake City, Utah, Jan. 31.—Six men attempting to walk the tops of freight cars in the Soldiers' Summit district, about fifty miles from here.

district, about fifty miles from here, were caught in a gale and hurled into snowbanks, it was reported here to-day by passengers on belated trains. The blizzard in Soldiers' Summit is the worst since the fifteen-day tieup in 1898, when trains were held up in fifty-foot drifts. The Den,ver & Rio Grande road has more than 400 men and two rotary snowplows working in an attempt to keep the tracks clear.

Local railroad officials report the blockade at the point of the mountain near Draper, on the Salt Lake line, will be cleared up late tonight to insure a return of the trains from the Denver & Rio Grande detour to the company's own tracks.

Storm Dies Down.

Up to Connolly.

Representative Bennet developed through interrogating Hutton that the wire Thompson McKinnon of Chicago sent to their Oskosh. Wis, branch on the afternoon of December 20, advising customers to sell on account of the coming of the peace note, was traceable to Ellis' message.

Bennet called the attention of the wintess to testimony by newspaper men in Washington that Secretary Lansing in telling them the note was forthcoming "had given them an impression as to contents exactly opposite to what it really was."

"The only substantially accurate forecast of the president's note which

will be cleared up late tonight to insure a return of the trains from the Denver & Rio Grande detour to the company's own tracks.

Storm Dies Down.

Pierre, S. D., Jan. 31.—(Special Telegram.)—The storm which has come to the attention of the committee thus far," said. Bennet, "is the one sent to you by Connolly. How do you account for that?"

"I don't account for it. That's up to Connolly," said. Hutton. trains are yet moving, and all schools were closed today on account of the severe weather. Drifting has prac-tically ceased.

Persistent Advertising Is the Road

DOES NOT KNOW WHERE HE GOT IT

American Steamer Traffic.

Neutral ships lying in ports of the barred sones can with the same eaterly abandom the barred rones if they sail before February 5 and take the shortest routs into the origin district.

(c)—If steamers on this journey bear the

Hutton said that the information he had on the peace note mad little impression upon him. What "killed the market" was Secretar, Lansing's "verge of war" statement, he said, the day the president's note was forwarded, December 21.

Customers of the Connolly firm dur-ing the "peace period" in the market lost \$40,000, it was brought out.

Mr. Hutton's Testimony.

Mr. Hutton's Testimony.

More light on the telegrams which went over the Hutton wires on December 20 was sought by the committee counsel from E. F. Hutton when the hearing was resumed.

Whipple tried to find out just when the Connolly telegram was received in the Hatton office. He called attention to the time the confidential telegram from Clement, Curtis & Co. was received, 12:48 p. m.—with its intimation that a peace statement was forthcoming from Washington—and produced from the brokers' files a new telegram which was sent out by the firm at 12:57 p. m., which read:

read:
"Stock flash: All: Reports have it that State department will issue statement today intended to promote

"Had you received at that time the Connolly message?" asked Whip-

ple.
"I could not say," replied Hutton.
"Had you received any oral intelligence?"
"Not to my knowledge," replied the witness, adding that he did not know why Toomey had sent the mes.

At this point the commission or dered that George A. Ellis, jr., of the Hutton firm, whose name was signed to the 1:54 telegram, giving a resume of the peace note, be immediately summoned. Ellis is ill near Savannah, Ga.

vannah, Ga.

Hutton immediately sent a mes-sage to Ellis over his firm's private wire asking him to come to New York. He is expected to reach here
