A Most Remarkable Sale of GOURA, NUMIDI and PARADISE

Kid Gloves 69c Pair

100 dozen Kid Gloves, broken lots and broken sizes, but all sizes in one style or another; in black, white and colors.

These Gloves, if bought today and sold in the regular way, would have to bring \$1.00 and \$1.25, but they are odds and ends and broken sizes from our own stocks and we have decided to sell them at a price to clear them away in a day.

Just about 1,200 women will have an opportunity to buy Gloves here on Saturday at away below wholesale prices.

Some of the Gloves are soiled, but all are perfect in every other respect.

At **69c** a Pair.

Finest Hat Trimmings in the Land at Seemingly Impossible Prices

OUR PERSONAL representative, while in Chicago recently, was fortunate enough to obtain the entire stock of one of the largest dealers in the country, at such a wonderful concession that the prices we quote are the result.

GOURA, NUMIDI and PARADISE feathers are very scarce today, and we are making a conservative statement when we say that next year they will almost be a thing of the past. They are a real investment, even if you have to pay regular prices for them—every woman knows their value as a hat trimming.

The valuations shown in this advertisement are the exact prices we would have to charge for them if we had bought them at regular prices and put them in regular stock—the savings we offer you in this event are genuine in every instance.
