Negro Is Cremated; Two Others Are Held For Investigation

"Bill" Wakefield, negro, known among Third ward members of his race as "Red," was cremated last night in a fire which completely destroyed a shack at 506 North Twelfth street.

Firemen were called at the shack about 11:30 o'clock and found it in flames. When they played a stream of water on it, Williams, who occupied one part of the house with Shearls, was awakened and he ran to the street with one trouser leg on fire.

Shearls, who was in his shirt sleeves, said he had just returned from uptown and that there was no one else in the shack. When the flames were extinguished, however, Wakefield's charred body was found.

"Lonesome" People Have a Party and Enjoy Themselves

Just a desire for friendship, a longing to become acquainted with one another, led nearly 200 persons to brave the frigid temperature and attend the "Lonesome Jim and Jane" party given by Miss Evelyn McCaffrey at the Metropolitan hall last evening.

There was no lonesomeness after the young men and women congregated for Rev. T. J. Mackay of the All Saints church and Mrs. Rose Ohaus of the Welfare board, the official sponsors, saw to that.

As the young men and women entered the hall they were given a tag on which was written their name and address. Introductions were entirely out of order after that.

While dancing was the big feature of the evening, games of all kinds also served as a medium to encourage the lonesomes to get better acquainted.

Many mothers accompanied their daughters to the affair. One chaperoned three and in one instance a mother chaperoned her two daughters and sons.

There was never a hitch in the party from the time that Rev. Mr. Mackay instructed the orchestra to strike up "Pretty Baby" for the dancers to the time of the refreshments.

Another delinquency appropriation of \$11,512.000 for the army and National Guard was requested of congress by Secretary Baker. About \$5,000,000 of the amount is for army pay, and about \$4,000,000 for arming, equipping and training the guard.

Health Talks

(By Dr. Burhorn) During the winter months "colds" of the head, throat and chest are common, and people are wondering what is good for such a trouble. In the treatment of tonsillitis, quinsy, bronchitis, laryngitis, pharyngitis, catarrh, goiter, etc., it is necessary to correct the cause before any permanent relief can be gained.

GOOD YEAR Service Station AN All-Weather Tread on a Goodyear Tire is the best guard against winter tire troubles man has been able to devise. It is double-thick and densely tough, studded with big, rugged, sharp-edged blocks—an effective barrier to most punctures, and a vigilant resistant to skidding. It is as sure-footed in snow as a malamute, and as serviceable as your car itself. Every Goodyear Tire ought to be at work outside a Goodyear Tube. No other tube so safely insures the constant air pressure needed to cushion strain and shock. No other tube is so protected in the making against leak, seep or creep. Goodyear Tires and Goodyear Tubes both can be had from Goodyear Service Station Dealers. Probably there is one in your neighborhood. He is worth searching out and doing business with. For he is there not only to sell you tires, but to help them deliver you their last mile of service (more than you're used to from your present tires) after he has sold them. The Goodyear Tire & Rubber Co., Akron, Ohio
