

Nebraska HOUSE STANDS BY LOBBYIST VOTE

Refuses to Recede From Vote Against "Advisers" of Members.

HOSTETTLER MAKES FIGHT

(From a Staff Correspondent.)
Lincoln, Feb. 3.—(Special.)—By a vote of 40 to 47 a motion to reconsider the action of the house yesterday in denying all people access to the lobby of the house unless they could convince the sergeant-at-arms that they did not carry concealed designs against the members was voted down. Hostettler of Buffalo made a strong fight for the reconsideration. He called the action of yesterday a "slap at the intelligence of the members, and would keep away a member's constituents who might want to come down and talk over matters in which they were interested." He said that he was not afraid of the lobbyists. They did not bother him any and he did not believe that when a man's constituency came down to visit him they should be insulted when entering the lobby of the house by being asked if they had registered as lobbyists.

Hostettler said the place back of the lobby rail was made for the public and the house had no right to deny any citizen and taxpayer the opportunity of standing therein as long as he behaved himself. "If a man from my county wants to see me he has a right to call me into the lobby and talk to me if he wants to and I have no right to say he shall stay out."

Window in House Breaks With a Crash

(From a Staff Correspondent.)
Lincoln, Feb. 3.—(Special.)—The old west wing of the state house took another fit this morning and while the house of representatives was reverberating with patriotic speeches over the German situation the north side took a hand in game and with a report like the sound of gun the north window, immediately below where Henry Richmond sits, split across from top to bottom.
For some time it has been known that the south end of the wing was settling, but on the north side there had been no sign heretofore that the wall was weak. The matter will be called to the attention of the governor and an examination made.

Commercial Travelers To Increase Membership

The United Commercial Travelers of Council 118, Omaha, held a banquet Saturday noon at the Paxton hotel. Grand Counselor Hogan of Nebraska was present and gave a talk. Plans were laid for increasing the membership and a United Commercial Travelers club was formed. Talks were given by Harry Whitehouse of the National Cash Register company, and other members.

Roberts Returned to North Platte for Second Trial

North Platte, Neb., Feb. 3.—(Special.)—Roy Roberts, who was found guilty of murder of Vernon Connett, stepped from a train here today in the custody of Sheriff Salisbury, who brought him to North Platte from the state penitentiary in Lincoln, was taken to the county jail here to await the opening of his second trial Monday.

It was just two years ago that sentence was pronounced on Roberts for the murder of Connett, who the jury found he had slain in order to obtain possession of a team and wagon. The prisoner was taken to the penitentiary to await the coming of June 4, when he was to meet death in the electric chair. In the meantime an appeal to the supreme court had been taken and sentence was suspended pending the decision of the high bench. In July, 1915, the supreme court ordered a retrial on the ground that the trial had been too spectacular and detrimental to the best interests of the defendant.

Shamberg Clothing Store At Grand Island Burned

Grand Island, Neb., Feb. 3.—(Special.)—The fire department has been kept more than ordinarily busy, six fires having occurred in the last two days, three on each day. Overheated stoves and furnaces on account of the severe cold appears to be the cause in almost all of the cases, and in only one case has there been severe damage. This was the destruction of the clothing store of H. Shamberg, whose loss, however, is fully covered by insurance. The one-story frame building, one of the oldest in the city, in which the store was located, was the property of L. M. Augustine, and the loss was partly covered by insurance. Mr. Shamberg's loss is estimated between \$3,000 and \$4,000.

Two Divorce Suits at Auburn.

Auburn, Neb., Feb. 3.—(Special.)—Two petitions for divorce have been filed with the clerk of the district court. Mrs. Ina Chuman of Brock desires a divorce on the grounds of cruelty, charging, among other things, that her husband drew a knife and in the scuffle that ensued she was stabbed in the arm before he could be disarmed; that he repeatedly struck her with his fists, and has called her various vile and insulting names. The second case is Harry L. Simpson against Bernice L. Simpson. The papers of this case have been withdrawn from the court's files.

Fremont Clearings Gain.

Fremont, Neb., Feb. 3.—(Special.)—Bank clearings for Fremont broke all records for the month of January, when the total reached \$3,131,382, against \$2,133,447 for the same month a year ago. This was a gain of \$1,017,935.

Obituary Notes

W. J. HALDERMAN

W. J. HALDERMAN, president of the First State bank of Pawnee City, died very suddenly and unexpectedly from a severe attack of the grip at his home in Pawnee City Tuesday night. He had resided in this county since 1870. He was twice elected county treasurer of Pawnee county. He also served in the Nebraska house of representatives and later in the state senate. He is survived by a wife and four sons.

For Grippe, For Colds—

Hot Lemonade at Bedtime

MOST children can avoid colds and grippe if a few precautions are taken. In bad weather plenty of hot lemonade followed by a warm night's sleep is a valuable help. Good for grown folks, too.

Be sure the lemons are "Sunkist" and the water is piping hot.

California's Sunkist Uniformly Good Lemons

When you order lemons, ask for Sunkist, the uniformly good California lemons. Sunkist are waxy, tart and juicy. See that they reach you in the clean, crisp tissue wrappers stamped "Sunkist." They will stay fresh much longer if you leave them in these wrappers until you use them. Always have at least a half dozen in the house.

Fire Endangers Several Tecumseh Business Houses

Tecumseh, Neb., Feb. 3.—(Special.)—Fire yesterday ignited 100 gallons of oil in the cellar of Grant Sherman's grocery store in the Grist building and the result was a blaze which threatened the destruction of adjoining buildings, including the Masonic temple. Firemen fought the flames for more than an hour before getting control.

A Winsome, Bonny Complexion

Produced by Using Stuart's Calcium Wafers After Meals. They Purify the Blood and Remove All Skin Blemishes.

Try! Package Mailed Free.

In a few days after using Stuart's Calcium Wafers you will be surprised to see those pimples all gone, the redness disappear, new skin gradually covering the cheeks, neck and shoulders, free of blackheads, blotches, liver spots and those other eruptions that have been such a plagued annoyance.

The reason for all this is the calcium sulphide, the principal agent of these Wafers. This is a natural substance, which the blood must have and which it utilizes to overcome the impurities and body wastes that lead up to the skin and make it unsightly. Try Stuart's Calcium Wafers. Get a 30-cent box at any drug store and thus be sure of a winsome bonny complexion. Or if you wish to try them first, send the coupon below for a free trial package.

University Extension Helps Farmer Fight Middleman

Tilden, Neb., Feb. 3.—(Special.)—Getting the better of the middleman has always been the hobby of the farmer and he is now getting instruction on the best way to win in the fight through the extension department of the University of Nebraska school of agriculture.

This week Prof. K. F. Warner paid a visit to Madison county and in company with County Agent H. E. George gave a series of demonstrations on the proper way to prepare meat for use in the farmers' kitchens. At the farm of Louis Hansen on Friday farmers from several miles around gathered to witness the scientific execution of a hog and later on saw half of it cut up in the way a skilled butcher prepares it, and then tried their own hand at it on the other portion of the porker.

The meat was then prepared in various ways best suited to the farm as a start on its way to the table. These demonstrations are being continually given over Nebraska by Prof. Warner, who is one of the experts in animal husbandry of the Lincoln school.

Soldier Who Shot Self Taken to Fort Crook

Auburn, Neb., Feb. 3.—(Special.)—Jesse Nance, the young man who shot himself in an alleged attempt at suicide last Wednesday, was taken to Fort Crook yesterday and placed under a physician's care in the prison ward. Seen just before he was taken away, Nance appeared in the best of spirits and still maintained that the shooting was accidental and that he was practicing the manual of arms at the time. The wound is healing nicely.

Studebaker Engine is Used to Light Theater

All the power for lighting Her Majesty's theater, Sydney, Australia, through the recent coal crisis was supplied by a six-cylinder, fifty-horsepower Studebaker engine taken from a stock car and loaned to the theater management by the Studebaker Corporation of Australasia, Ltd. Strong quiet and efficient, night after night, it produced the power for 4,000 lights, amounting to 200,000 candlepower, without hitch or strain. Its work in operating the big electric generator was equivalent to a motor car run-

ning at a speed of forty miles an hour, carrying with its own body a load of ten passengers averaging 160 pounds each, for over four hours continuously every night, in addition to frequent rehearsals.

HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleaner made for all purposes, but always use some good preparation made expressly for shampooing. You can enjoy the very best by getting some canthox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advertisement.
