

GERARD CEASES TO BE AMBASSADOR

Plans for Departure of Minister and His Staff From Berlin Not Made.

DON'T GO FOR FEW DAYS

Berlin (Via London), Feb. 5.—The American embassy which from 1 o'clock today ceased to be the American embassy and metaphorically hauled down the Stars and Stripes when Ambassador Gerard received his passports will after Mr. Gerard's departure house the departments of the Spanish embassy and the Dutch legation, which have been entrusted with the interests respectively of the United States and Great Britain.

Probably the Roumanian, Serbian and Japanese and other representations, none of which are large or important will be concentrated under the same roof and the embassy building on which Mr. Gerard's lease still has a considerable time to run will be kept open.

Plans for the departure of Mr. Gerard and his staff are still unsettled, it will perhaps be a matter of several days before they will leave Germany. Mr. Gerard has asked for his passports. The ambassador and Secretary Grew, with their families, will return directly to the United States. The attaches and others who have been assigned by the embassy to look after the work connected with prisoners and relief will probably also return to the United States. The other secretaries will be assigned to various European embassies and legations so the embassy staff will probably scatter by several routes of departure, by way of Stockholm, Holland and Switzerland, Switzerland being the ambassador's route.

SENATE PASSES THE IMMIGRATION BILL OVER VETO

(Continued from Page One.)

200,000 in excess of the outgoing aliens.

President Cleveland vetoed the first immigration measure with a literacy test provision. President Taft disapproved the second bill, and in 1915, President Wilson rejected the third. President Wilson wrote his second veto message a few weeks ago.

Only thirty vetoes have been overridden in the history of the United States, and but four of them have been within the last thirty-five years. In 1882 congress passed a river and harbor bill over President Arthur's veto. In 1886, one of 524 pension bills vetoed by President Cleveland was forced through congress. In Roosevelt's administration a bill to extend time for construction of a dam on the Rainy river in Minnesota was passed despite executive disapproval and President Taft's rejection of the Webb-Kenyon interstate commerce law was re-passed.

The vote on re-passage of the bill was:

Against overriding the veto: DEMOCRATS: Ashurst, Blackburn, Beckham, Bryan, Chamberlain, Chilton, Culberson, Fletcher, Hardwick, Hoag, James, Johnson (Mo.), Sheppard, Shields, Blanton, Smith (Ga.), Smith (S. C.), Weaver, Tillman, Underwood, Pittman, Vandenberg, Williams—34.

REPUBLICANS: Jones, Kenyon, Bradley, Clapp, Cummins, Curtis, Dillingham, Fall, Gallinger, Gronna, Hardzie, Smith, Sterling, Sutherland, Townsend, Wadsworth, Wilson, Wolcott, Total, 42.

Against overriding the veto: DEMOCRATS: Hollis, Hunting, Johnson (S.D.), Lewis, Republican: Dupont, Lippitt, Sherman, Smith (Mich.), Warren—15.

Senator Phelan, one of those who voted to override the veto, had voted against the original passage of the bill. Senators who voted for the original bill, but would not vote to pass it over the veto, were Hollis, Johnson of South Dakota and Thompson, democrats, and Sherman and Smith of Michigan, republican.

Blocks Vote on Grayson. Washington, Feb. 5.—Senator Weeks again blocked a vote in the senate today on confirmation of Dr. Cary T. Grayson, President Wilson's naval aide, nominated to be a rear admiral.

To Prevent Grip. Colds cause grip—Laxative Bromo Quinine removes cause. There is only one "BROMO QUININE." E. W. Grove's signature on box. See advertisement.

BERNSTORFFS WILL LEAVE ON SUNDAY

Whole Corps of German Officials Will Sail Week From Today.

SHOWN EVERY COURTESY

Washington, Feb. 5.—Count von Bernstorff, his wife, who is an American woman, together with the secretaries and servants of the embassy will leave the capital next Sunday night in a car specially provided through the courtesy of the State department and adequately guarded to prevent any offense to the former ambassador and his suite. On their arrival in New York the party will go direct to the steamer.

Every Precaution Taken.

Every precaution is being taken to allow no opportunity for offense to the dismissed officials, the American authorities throughout the country have been requested by the State department to see that every courtesy is given.

Ambassador Gerard, his suite at Berlin and all the American consular officials in Germany are expected to receive similar courtesy from the German government and people. As yet no word has come from them as to events in Germany or plans of departure.

One week from tomorrow the whole corps of German officials in the United States, including Count and Countess von Bernstorff the embassy suite, and consuls from all parts of the country, will sail from New York for Germany.

Reservations For Two Hundred.

Reservations for more than 200 persons have been engaged on the big Scandinavian liner Frederick VIII, leaving New York, February 13 for Christiania. Final arrangements will be completed tomorrow with officials of the company. Meanwhile former German consuls throughout the country, having turned their consulates over to caretakers to be eventually reopened under the direction of Swiss officials, will start for New York in time to be on hand when the ship goes out.

Safe conducts have been requested by the State department of both Great Britain and France for passage through the allied blockade and no doubt is felt that they will be accorded.

Farm Hand Found With Hands and Feet Frozen

Fremont, Neb., Feb. 5.—(Special Telegram.)—With both hands and feet badly frozen, Walter Gwinn, a farm hand, was brought to Fremont for treatment at a local hospital.

Gwinn was picked up by Northwestern section men in a haystack near Hooper, where he says he had been since Thursday night. He had lain in the below zero temperature for three nights and two days and was almost dead. It will be necessary to amputate both legs and maybe both hands. Gwinn says his home is at Maryville, Mo., where he has an uncle. He says he had applied at a number of farm houses for work, but had been refused.

PERSHING'S ARMY BACK ON U. S. SOIL

Expeditionary Force Crosses Border After Long Sojourn in Mexico.

REFUGEES ARE A PROBLEM

Columbus, N. M., Feb. 5.—Ten thousand thoroughly seasoned soldiers, members of General Pershing's Mexican punitive expedition, returned to Columbus today, after more than ten months' foreign service. Interest of the soldiers tonight was divided between the pleasures of their first leave of absence in an American town since they entered, and the recent developments in the international situation.

Columbus was a seething mass of soldiers tonight. Tomorrow they will resume their march to border stations and Columbus will gradually lapse back into the calm which was broken by Villa's raid in the early morning of March 9 last.

The refugees from Mexico, who preceded the punitive expedition remain a problem for the civil authorities, as there are more than 3,000 camped here. The American Red Cross has been appealed to for assistance in feeding these refugees.

Governor Neville Pledges Support of State to President

Lincoln, Neb., Feb. 5.—(Special Telegram.)—Governor Neville sent the following telegram to President Wilson this afternoon:

"Nebraska will uphold you in any contingency that may arise."

Another telegram signed by every member of the senate pledged the support of the state in any action that the president deems necessary to uphold the honor of the United States and the rights of its citizens.

Moderate Weather Promised For Most of the Country

Washington, Feb. 5.—The weather bureau tonight predicted moderate temperatures over most of the country the next few days, following the cold wave and high winds which since Saturday have prevailed east of the Mississippi, causing heavy crop damage and probably the most severe suffering of the winter. The blizzard was over New England tonight and elsewhere in the east temperatures were low with freezing as far south as central Florida, but the winds were quieter.

Except in the North Atlantic states it will not be so cold tomorrow.

See Squadron of Japanese Warships in Hawaii Seas

Honolulu, Feb. 5.—The rumored presence of a squadron of Japanese warships in Hawaiian waters was given a measure of corroboration today by reports from passengers on the Toyo Kisen Kisha liner, Shinyo Maru, arriving from Japan. They told of having seen a cruiser early this morning. The war vessels reported in this vicinity are the Tokiwa, Itata and Nisshin.

French Liners Sail.

New York, Feb. 5.—The French passenger liner Chicago sailed from Bordeaux at 3 a. m. Sunday, according to a cablegram received by the local agents here today.

FIFTH NEBRASKA IS TO STAY IN SERVICE

Troops Which Passed Through Houston Today Will Await Orders on Arrival Here.

OTHER UNITS ARE HELD

Houston, Tex., Feb. 5.—The Fifth Nebraska guardsmen, on their way from Llano Grande to Fort Crook, Neb., to muster out, received orders here today to continue in mobilization at the fort and await further orders from the War department, according to statements of Colonel H. J. Paul, in command of the troops.

Other Units Are Held.

San Antonio, Tex., Feb. 5.—Orders for the homeward movements of the Second Wisconsin infantry at San Antonio and the Fifth Maryland infantry at Eagle Pass have been cancelled. Whether the approaching movements of other National Guard organizations scheduled to leave the border will also be halted could not be ascertained at department headquarters today.

El Paso, Tex., Feb. 5.—After the South Carolina and Tennessee units stationed here had already entrained today for home an order was received from General Funston by the quartermaster's department suspending the return of all state guard troops here.

Dakotans Must Stay.

Brownsville, Tex., Feb. 5.—Orders which soon would have caused the Second Virginia infantry, First Oklahoma infantry and Fourth South Dakota infantry to move to their home stations were recalled today, according to announcement at Fort Brown.

Utah Troops Halted.

Nogales, Ariz., Feb. 5.—An order suspending all movements of National Guard troops was received today at the headquarters of the Nogales military district. The order will delay the departure of the First squadron of Utah cavalry, which had been preparing to leave for home upon the arrival here of the Tenth United States cavalry, expected tomorrow.

Turk Grand Vicer Quits.

London, Feb. 5.—The Turkish grand vicer has resigned, according to a Reuter dispatch from Constantinople received by way of Amsterdam. His health is given as the reason for his resignation.

CALL HALF MILLION MEN IF WAR COMES

President Will Probably Ask for That Many Volunteers in Event of Fighting.

MAY ADOPT COMPULSION

Washington, Feb. 5.—War and Navy department chiefs and employees, busy with plans for any military activity the nation may require, had interest in their task heightened today by a personal visit from President Wilson. Walking over from the White House, the president appeared unannounced at the office of Secretary Daniels and after the conference dropped in on Secretary Baker.

With Secretary Daniels he talked over the amendments to the naval appropriation bill, which the house is expected to pass tomorrow, empowering the president to take over ship building plants, munition works and other private agencies vital to the construction or operation of the navy in war times.

Visit Is "Routine." The president described his visit to Secretary Baker as "routine." He is understood to have been told just what the army is doing in the way of preparation.

There was no change in the situation at the War department so far as surface indications went. Demobilization of National Guard regiments home from border service has not been interrupted nor have orders gone out to speed up the return of other guard units. There are indications, however, that the question of just what steps would follow a declaration of war or a hostile act are being carefully weighed.

The most probable course of the administration, in the view of many officials, will be to summon a volunteer force of half a million men and allow the decision as to passing to a universal service system to await the response to that call.

Response Is Generous.

The War department has at hand a study of the steps necessary to organize such a volunteer army, made at the time the situation on the Mexican border was acute. No officer believes voluntary service will supply a force of the size the army general

staff has repeatedly declared adequate for defense of the country. Various bureaus of both the War and Navy departments are laying plans for swift action should a war emergency come. Further messages from individuals and corporations offering their services continued to flow into the departments. Secretary Baker said a generous response to the national need was coming from the "business and personnel of the country."

The Navy department issued a list of prompt offers reaching Secretary Daniels, on which appeared the name of the Bethlehem Steel company, Fore River Ship Building company, Electric Cable company, New York; Slocum Avicum and Slocum Laboratories, (Inc.), New York; Lackawanna Steel company, New York; Boston Scale and Machine company, Magnolia Metal company, New York; Bernstein Manufacturing company, Philadelphia; Wabash Gear Works, Terre Haute, Ind.; Roberts Numbering Machine company, Brooklyn; United States Rubber company, New York; Aero Club of America, Great Lakes Boat Building corporation of Milwaukee; Boston & Maine railroad, Pittsburgh Hickson company, Staten Island Ship Building company and Kearfoot Engineering company of New York.

THOMPSON, BELDEN & COMPANY The Store for Blouses Shows spring blouses of a newness, a nicety of detail and of charming fabrics and colors that are pleasing to contemplate— \$2.95, \$3.95, \$4.50 to \$25.
