

Splendid for Bad Coughs, Colds, Bronchitis

Pinex

An Inexpensive Home-Made Remedy—Gives Relief, Quickest Relief.

Anyone who tries this pleasant tasting home-made cough syrup, will quickly understand why it is used in more homes in the United States and Canada than any other cough remedy. The way it takes hold of an obstinate cough, giving immediate relief, will make you regret that you never tried it before. It is a truly dependable cough remedy that should be kept handy in every home, to use at the first sign of a cough during the night or day time.

Any druggist can supply you with 2½ ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 34 cents and you have a full pint of the most effective remedy you ever used.

The quick, lasting relief you get from this excellent cough syrup will really surprise you. It promptly soothes the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, combined with guaiaac and is famous the world over for its healing effect on the membranes.

To avoid disappointment ask for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

GUARANTEED TO MAKE GRAY HAIR NATURAL COLOR

Q-Ban Is Simple, Healthful Preparation—Satisfaction or Money Back—Don't Use Dyes.

It is not necessary, not even wise, to have gray hair nowadays. But don't use dangerous, dirty, sticky dyes. "Turn Back to Nature."

Restore the uniform color of your hair with the aid of Q-Ban Hair Color Restorer. Thousands have done so and are proud of the result. Years of study by expert chemists resulted in Q-Ban, the one preparation that actually works in hand with Nature in banishing gray hair in a healthful way.

You simply apply Q-Ban like a shampoo, and your hair will resume its natural color, evenly, gradually, safely and surely. Your hair will become soft, glossy, abundant and beautiful. You will look as young as you will be delighted. But beware of imitations, as you would of dyes. There is nothing like Q-Ban.

Q-Ban is all ready to use—it is guaranteed to be harmless, and is sold under the makers' money-back guarantee if not satisfied. It is the only preparation for the purpose so guaranteed. At Sherman & McConnell Drug Co., and all good drug stores, 10c a large bottle, or write direct to Hesing-Rilly Drug Co., Memphis, Tenn. "Hair Culture," an illustrated, interesting book of lectures, sent free.

Try Q-Ban Superfine Hair Tonic; Q-Ban Liquid Shampoo; Q-Ban Hair Conditioner; Q-Ban Depilatory for removing superfluous hair. Advertisement.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv.

Strongly Recommended

"Pain is no respecter of persons," says Dr. E. L. Aborodo. It knows no distinction of race, creed or wealth. The pain of the man of millions with his gouty foot is just as excruciating as that of the most lowly citizen nursing his jaw in a frenzy of neuralgia. For the time being the one thought uppermost in the minds of both is that they would gladly give their all to get rid of the pain.

The prominent symptoms of most diseases are pain and I have found that anti-kamnia tablets are equally as effective as fever reducers as they are as pain relievers. Therefore, in any disease where pain or fever exist either separately or together, anti-kamnia tablets have their proper use. For instance, I have used them with most gratifying results in the treatment of all kinds of headaches, migraine, neuralgia, and its after effects; as a sedative in indigestion, gastritis, dyspepsia, hysteria and insomnia; as an antipyretic in intermittent, puerperal and malarial fevers; bronchitis, pleurisy, etc.; and in acute and chronic neuralgias, earache, toothache, and the pains of sciatica, rheumatism and gout.

Anti-kamnia tablets will quickly give you the desired relief. Obtainable in any quantity desired. Ask for A-E Tablets.

Heals Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 25c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

LINCOLN THINKS GRAFF IS TO QUIT

Story is Here Branded as a Fabrication Woven by Some Interested Parties.

TALK OF HIS SUCCESSOR

A query from Lincoln asking whether Superintendent Graff of the public schools intended to resign brought forth a denial from that official's office.

Thus rumor, which seems to be only a rumor, gained such momentum that members of the Board of Education are discussing the matter.

Chairman Wells of the teachers' committee stated he had heard nothing of an authentic nature on this subject, but had heard the rumor.

It is believed the report was given currency by persons unfriendly to the present school administration.

The Lincoln story is that Superintendent Graff, whose term will expire August 1 of this year, intends to engage in another line of work. It is further stated that N. M. Graham, formerly superintendent of the South Omaha schools and assistant superintendent of the Greater Omaha system for a year after the merger, is in the field for the alleged prospective vacancy.

The story includes Fred Hunter, superintendent of the Lincoln schools, as being groomed for the Omaha superintendency. And, as the plots thicken, the Lincoln yarn has it that Assistant Superintendent Ryan of the local schools recently journeyed to Lincoln in connection with this situation, her mission being to interest Prof. Hunter as a preferred candidate against Prof. Graham.

Miss Ryan averred her trip to Lincoln was solely to attend a meeting of the Nebraska Woman's Educational association.

The Lincoln story is discredited at the local school headquarters, where it was branded as a yarn out of the whole cloth.

"I do not know where these rumors started. All I can state is that there is no truth in them so far as my knowledge goes," stated Superintendent Graff.

Omahans Support Farm Loan Bank Like Others

Commercial club men who boosted hard to get a federal farm loan bank for Omaha say there is nothing strange in the fact that the \$750,000 worth of bank stock offered for sale has not been all taken up in the thirty days allowed.

"We never expected that all the stock would be sold, of course," said Commissioner Manley of the Commercial club. The law provides that which is not sold shall be taken up by the government at the end of thirty days. This district has done as well as any other district in the United States in the purchasing of stock. I talked with the board when I was in Washington a few days ago and found that the stock is selling at about the same rate in all the districts. The government will take the rest of the stock and open the bank just as the law provided it should."

Friday is the last day set for the sale of this stock. More than \$30,000 worth of the stock has been sold to individuals in the district. Many farm loan associations organized all over the state stand ready to take stock as soon as the bank gets started.

Press Association Will Meet to Discuss Laws

An adjourned meeting of the Nebraska Press association is called by President Clark Perkins for Friday, February 23, in the west balcony of the Lincoln Commercial club rooms, at 9 o'clock.

This is a continuation of the meeting held there November 18. At that time the meeting was adjourned to February in order that matters that should in February be pending in the legislature might receive attention from the association. The new constitution adopted last November will also be a special order of business.

No formal program of entertainment has been prepared, as this is a strictly business meeting. The association has, however, accepted an invitation to take dinner at the state farm Friday evening, February 23.

President Perkins urges the members who can possibly spare the time, to gather at Lincoln Thursday, the day before the meeting. He hopes they can get there a day early to consider some legislative matters. A pamphlet containing laws and proposed laws affecting the newspapers and the printing business has been prepared for distribution among the association members.

Big Railroad Shops of West Ready to Make Munitions

Like the Union Pacific, all of the railroads operating into Omaha are prepared to go into the munition manufacturing business in the event the government should call upon them.

With the forges, furnaces, lathes and drills, railroad men assert that in company shops all over the country it would be an easy matter to quickly convert the machinery so that it could be turned into munition making. However, none of these officials have the remotest idea that the time will come when this will be necessary.

At the Burlington shops at Plattsmouth and Havelock, in the Chicago Great Western shops at Olevine, Ia.; in the Northwestern shops in Boone and Missouri Valley, and in the Illinois Central shops in Fort Dodge, it is said that in the event the emergency should arise, it would not require more than ten to fifteen days to have everything in readiness for turning out munitions in large quantities.

James T. Reilly, Old Hotel Man, Dies in Pennsylvania

James T. Reilly, 75 years old, died Tuesday at Carbondale, Pa. He is a brother of Edward Reilly and Mrs. Katherine Benadon of Omaha. For years he was engaged in the hotel business at Pleasant Mount, Pa.

NEBRASKA'S FIRST WAR BABY—Greets father on his return from Mexican border with the Fifth Nebraska. Recognized by Uncle Sam with neat check.

PRIVATE AND MRS. WILLIAM SHEFFIELD AND BABY.

Nebraska's first "war baby," a bouncing 3-month-old baby boy, greeted Private William Sheffield as he stepped off the train at Fort Crook. It was the first time that Private Sheffield had gazed upon his son and it was with parental pride that he exhibited the youngster to his comrades. "Ain't he some boy, though," he remarked as he carefully fondled the little chap. "I'm going to raise him to be a soldier." In

honor of his father the baby has been named William, jr. Baby William, jr., lays claim to being Nebraska's first "war baby" on the ground that he was the first child of a Nebraska guardsman born while his father was serving on the Mexican border.

Uncle Sam took cognizance of this fact and sent Mrs. William Sheffield \$206 from the guardsman's relief fund, passed by congress shortly after the soldiers were sent to the border. Mrs. Sheffield came from St. Joseph

HARDWARE MEN ARE TALKING INSURANCE

Big Feature of Organization to Which Nearly All Have Affiliated Themselves.

HALL OF LINCOLN IS HEAD

Discussion of matters pertaining to the mutual insurance company within the State Hardware Dealers' association took up most of the forenoon in the convention of hardware men at the Hotel Castle this morning.

The mutual insurance feature has been growing in importance and almost all the members of the hardware association are also members of this mutual insurance concern.

While Nathan Roberts of Lincoln is secretary of both the hardware association and the Nebraska Hardware Men's Mutual Insurance company, the other principal offices in the insurance concern are held by men other than the officers of the hardware association. The two organizations are distinct, though affiliated.

H. J. Hall of Lincoln is president; F. W. Ebinger, of Plainview, vice president; Nathan Roberts of Lincoln, secretary; and Ernest Hoppe of Lincoln, treasurer.

All members of the association and their ladies were to be entertained at a theater party last evening by the local hardware dealers. Wednesday night they were entertained at a little party at the Commercial club rooms.

Omaha Grain Exchange Gets News by Telegraph

Telegraph service, taking the place of the ticker, has been installed on the price board of the Omaha Grain exchange and as a result the Omaha grain market is only one-fourth to one-half minute behind Chicago in the matter of time.

Heretofore the Chicago Board of Trade grain quotations have come to

FREIGHT BLOCKADE ON ALL ROADS LIFTED

Meat Trains Rushed East and Coal Trains Are Being Hurried West.

PASSENGERS ARE ON TIME

With the snow blockade lifted on all of the roads and passenger trains coming and going on time, regular freight service has been resumed, the first time in almost two weeks. Shipments going east are enormous, consisting largely of meats, live stock and grain, while those coming west are equally as heavy.

The heaviest tonnage in the shipments coming west consists of coal. This is coming in in trainloads, one train closely following another. Generally this coal during the blockade was held at small stations out on the lines, but now, with the roads cleared, it is being rushed here and to destinations out in the state.

While the coal situation here did not become alarming, the stage was reached where if the blockade had continued another week there would have been a marked shortage in some classes of fuel, particularly the steam coal.

Grain shipments are not so heavy as had been anticipated, due, it is asserted, to the activity of the German U-boats during the last few days. It is said that there are numerous boats lying in harbor at New York, Boston, Baltimore, New Orleans and Galveston, but the owners are not anxious to take on cargoes and sail for Europe.

This holding of grain that but for the U-boat campaign would have gone forward has resulted in the elevators being quickly filled up, until at practically all terminals, as well as out along the railroad lines, there is considerable congestion.

Fifth Nebraska Boys Welcome All Visitors

Civilians are not barred from entering Fort Crook to visit with the soldiers of the returned Fifth regi-

ment. "As a matter of fact we will be glad to welcome all people who care to come out and see us," said Colonel Paul, commanding officer. An idea prevalent was that a guard would be placed about the post to keep all persons away.

Body of Fong Suey is to Be Sent to China for Burial

The health officer issued a permit for the transportation of the body of Fong Suey, Chinaman, who died at 1304 Douglas street. The body will be sent to Hong Kong for burial. It is a Chinese custom never to allow the body of a Chinaman to be buried in a foreign country, lest evil spirits disturb the soul of the departed. Mr. Fong was 55 years of age.

United Improvers Want New High School Here

Principal Adams of the High School of Commerce addressed the School Improvement club in the city hall Wednesday evening, directing his thoughts particularly to the needs of a new building for this school. He referred to conditions at the school, which tend to physical impairment among teachers and pupils. The club endorsed the proposition of the city voting more school bonds to make it possible to include a complete new High School of Commerce in the building program now under way. The club also endorsed the wheel tax ordinance now before the city council.
