

### How to Obtain Health Without Medicine

Read the Following

You don't need medicine! That indication and constipation will quickly disappear if you will try eating three small slices at meals of the new, scientific, appetizing and wholesome food—O-EAT-IT. A few days' trial of these new, crisp, toasted slices will surely convince you that a cure for your trouble has been found at last.

O-EAT-IT contains many times as much of the coarse outer part of the grains as any other food you have ever tried. Physicians heartily recommend it in place of medicine. O-EAT-IT is for sale by more than 100 leading grocers in Omaha and Council Bluffs, 10c per package, or by mail prepaid on receipt of price. Remember, three small slices with meals will prove all we claim. O-Eat-It Co., 277 Studebaker Bldg., Chicago, Ill.

### Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

### NERVES TREATED FREE

Dr. Franklin Miles, the Great Specialist, Gives New Book and a \$2.50 Neuro-pathic Treatment Free as a Trial.

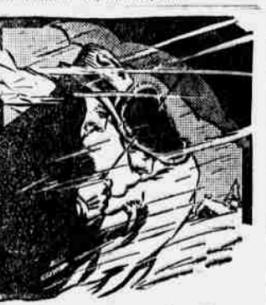

Sick people whose nerves are weak or deranged—who have weak heart, stomach, bowels, bladder, kidney or liver; dizziness, headache, nervousness, nervous depression, irritability, cold hands and feet, shortness of breath, palpitation or irregular heart-beat, drowsiness, nervousness, sleeplessness, trembling, wandering pains, backache, irritable spine, rheumatism, catarrh, constipation, hysteria—would do well to accept Dr. Miles' liberal offer. ### No Immediate Prospect of Cheaper Paper, He Reports

New York, Feb. 8.—There is no immediate prospect of cheaper paper, according to reports made today to the National Paper Trade association and the American Pulp and Paper association, which are holding annual conventions here.

"The snow is hampering cutting in the pulp districts of Canada," said Frank L. Moore of Watertown, N. Y., vice president of the Pulp and Paper association. "Where wood is out, there are not enough cars to haul it out and there is a great shortage of motive power on Canadian railroads. Everything that enters into paper has gone up."

### College Intelligence Bureau Great, Say Baker and Daniels

Philadelphia, Feb. 8.—The plan announced yesterday by William McClellan, dean of the Wharton school of the University of Pennsylvania for the organization of an intercollegiate intelligence bureau to put at the disposal of the government trained human resources of the American college world, today received the official endorsement of Secretaries Daniels and Baker of the Navy and War departments, according to Dean McClellan, who returned tonight from Washington, where he conferred with both secretaries.

### Austria Waits for Wilson To Take the Decisive Step

Vienna, Feb. 6 (Via London, Feb. 8).—Government circles today were calmly awaiting new developments with regard to the submarine controversy with Germany and Austria. A high official said to The Associated Press that all the moves were in the hands of President Wilson; that the Austro-Hungarian government was not seeking complications and would do nothing which would enable the president to go before the American people with the claim that he had been driven to radical action.

### Would Give U. S. Power To Commandeer Shipping

Washington, Feb. 8.—Sweeping provisions for commandeering vessels and other shipping facilities in case of war or threatened war are contained in a bill introduced in both senate and house today and backed by a request from the administration that it be passed.

Coughs and Colds Are Dangerous. Internal throat and chest troubles produce inflammation. To reduce inflammation, loosen cough, destroy cold germs, use Dr. King's New Discovery. All druggists.—Adv.

### HONOR BESTOWED UPON CREIGHTONS

Founders of College in Omaha Lauded by Speakers at Banquet.

### ARCHBISHOP MAKES TALK

Omaha honored the memory of the founders of Creighton university and the Creighton Colleges of Law, Medicine, Dentistry and Pharmacy Wednesday evening with a Founders' day banquet at the Fontenelle hotel.

The 150 guests included members of the various faculties, priests, alumni, business and professional men of the city. At the speakers' table were Archbishop Harty, speaker of the evening; Paul L. Martin, dean of the law school and toastmaster; Father McMenamy, president of the university; John D. Creighton and Mayor Dahlman. Governor Neville had expected to be present, but was kept away.

Toastmaster Martin's introductory speech was full of history of the university. He spoke of the death of Count Creighton, just ten years ago, and that of Father Dowling, two years ago.

**Free School for Boys.** "And forty-one years ago," he said, "Mrs. Mary Creighton died, just a year and two months after the death of her husband, Edward, whose desire to establish a free school for boys she carried out."

He called attention to the fact that Father Rigge, who was at the banquet, has been a member of the Creighton university faculty ever since the school was opened, September 2, 1878.

He showed the growth of the university from that day, when the highest branch taught was only as high as the sixth reader today, to the present when all the Creighton colleges are listed with the best schools in the country.

"The number of students ten years ago was 680," he said. "Today the number is 1,269, nearly double. There has been a corresponding increase in buildings and equipment. Not the least of the benefits of the Creighton university and colleges to Omaha is to be found in the money spent here by students, which is upward of \$500,000 a year."

**Archbishop on Opportunity.** Archbishop Harty pointed out the great opportunity for good that Creighton university and colleges have.

"This splendid banquet marks an epoch in the history of Creighton," said the archbishop. "An epoch that shall have even a deeper interest for even a greater Creighton."

"Creighton stands for the same high ideals as the old universities. They turned out men of solid learning and with something that is even more valuable, namely, a profound and habitual love of study. Their culture rested upon a secure foundation. The classics were household words to them. They thought deeply and could write things worth reading."

"Creighton seeks to elevate the family and the city, to replace weakness with strength, ignorance with wisdom. I am glad to know that Creighton seeks to make its students practical besides giving them the theoretical."

"It also adds the beacon of faith to that of conscience, which is often dimmed by passion and ignorance."

The programs were beautiful, being done in the Creighton colors and containing full page pictures of Edward Creighton and Count John A. Creighton.

### Retailers to Give Closing Concert on Monday Evening

The truth of "last but not least" will be proven by the appearance of the Mendelssohn choir and the Minneapolis Symphony orchestra in joint concert at the Auditorium Monday evening, February 19, as the fifth and last number of the Associated Retailers' Concert course.

The musical merits of the Mendelssohn choir are well known to Omahans, as it was organized by and has been under the direction of Thomas J. Kelly for some nine or ten years past. Emil Oberholfer, conductor of the famous Minneapolis Symphony orchestra, is well known to Omaha, both for his own personality and for the splendid results of the orchestra under his directorship. Those who have heard this orchestra are looking forward to the joint concert with keen anticipation, and those who have not heard the orchestra are promised a rare musical treat. Reserved seat tickets may now be secured at the information bureau at the Burgess-Nash store.

### Nebraskan Ties for Place As Third High Amateur

Kansas City, Mo., Feb. 7.—Phillip R. Miller of Kansas City, with a score of 123 out of a possible 125 targets was high gun today at the second day's sport in the thirteenth annual interstate shoot.

Charles Cooper of Hutchinson, Kan., was high amateur with 121 breaks out of a possible 125. Harvey Dickson of Oronogo, Mo., was second with 120 and Robert Elliot of Kansas City and Al Koyen of Fremont, Neb., tied for third place with 119 hits each.

**To Keep Away Teeth Stains and Tartar**

Why is it that so many persons, no matter how regularly they use the tooth brush, have unwhitely stains and tartar on their teeth? The stains are discolored films which the usual paste, powder and liquid dentifrices are powerless to remove. And these grayish films, besides being so offensive to the eye, are a source of real danger. Beneath their germ film a fruitful breeding place—germs which are the principal cause of tooth decay, nervous and softening of the gums, badness producing denture and intestinal disturbances.

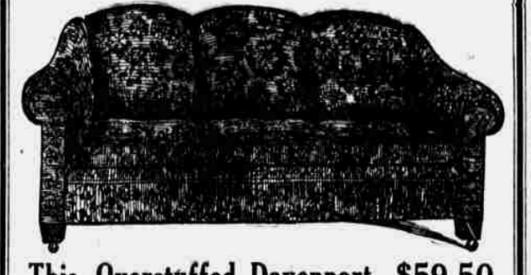

Those who realize the seriousness of this condition will be glad to know that they can quite easily remove every stain or discoloration—and prevent the formation of more films (or "plaques," as dentists call them), as well as tartar, by simply using Avast regularly in place of dentifrices. There's nothing else that will so thoroughly clean the teeth, banish every ugly film, and give that sparkling, pearly whiteness so much admired. Avast, which any druggist can supply in convenient 25-cent tubes, is perfectly harmless to the teeth.—Adv.
