

## ONLY GUAR- ANTEED GRAY HAIR RESTORER

Don't Use Dyes—Let Q-Ban,  
a Simple, Safe Sure Prep-  
aration, Bring Natural  
Color.

Here is the one safe, cleanly, healthful  
and certain way to restore the natural color  
to gray or faded, lifeless hair—the only  
method in perfect good taste and accepted  
by America's foremost people.

Q-Ban Hair Color Restorer will bring all  
your hair back to its original, even shade,  
and it will be rich, glossy, lustrous and  
soft. For women, Q-Ban means hair of real  
beauty. For men and women, Q-Ban means  
the look of vitality, health and youth.

Simply apply Q-Ban like a shampoo.  
Simply wet your hair with Q-Ban Restorer.  
Your hair will gradually and evenly return  
to its natural, uniform shade. Beware of  
imitations. Beware, too, of dangerous dyes  
and chemicals.

Q-Ban is all ready to use. It is guaranteed  
to be as harmless as the pure air. It is sold  
under guarantee of satisfaction, or money  
back. It is the only guaranteed preparation  
for the purpose. It costs only 50c for a large  
bottle, at Sherman & McConnell Drug Co.  
Stores and all good drug stores, or write  
Hessie-Ellis Drug Co., Memphis, Tenn.

Try Q-Ban Hair Tonic, Q-Ban Liquid  
Shampoo, Q-Ban Toilet Soap; also Q-Ban  
Dandruff Remover for removing super-  
fluous hair. Send for free illustrated book  
of lectures, "Hair Culture." This tells how  
to take proper care of your hair. Write to-  
day.—Advertisement.

## OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head  
and Nose are Stuffed Up.

Count it! Your cold in head or  
catarrh disappears. Your clogged nos-  
trils will open, the air passages of  
your head will clear and you can  
breathe freely. No more snuffling,  
hawking, mucous discharge, dryness  
or headache; no struggling for breath  
at night.

Get a small bottle of Ely's Cream  
Balm from your druggist and apply  
a little of this fragrant antiseptic  
cream in your nostrils. It penetrates  
through every air passage of the head,  
soothing and healing the swollen or  
inflamed mucous membrane, giving  
you instant relief. Head colds and  
catarrh yield like magic. Don't stay  
stuffed-up and miserable. Relief is  
sure.—Advertisement.

## Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos  
contain too much alkali, which is very  
injurious, as it dries the scalp and  
makes the hair brittle.

The best thing to use is just plain  
unsifted coconut oil, for this is pure  
and entirely greaseless. It's very  
cheap, and beats the most expensive  
soaps or anything else all to pieces.  
You can get this at any drug store,  
and a few ounces will last the whole  
family for months.

Simply moisten the hair with water  
and rub it in, about a teaspoonful is  
all that is required. It makes an  
abundance of rich, creamy lather,  
cleanses thoroughly and rinses out  
easily. The hair dries quickly and  
evenly, and is soft, fresh looking,  
bright, fluffy, wavy and easy to han-  
dle. Besides, it loosens and takes  
out every particle of dust, dirt and  
dandruff.—Advertisement.

## A Sure Way To End Dandruff

There is one sure way that has  
never failed to remove dandruff at  
once, and that is to dissolve it, then  
you destroy it entirely. To do this,  
just get about four ounces of plain,  
common liquid arvon from any drug  
store (this is all you will need), ap-  
ply it at night when retiring; use  
enough to moisten the scalp and rub  
it gently with the finger tips.

By morning, most, if not all, of  
your dandruff will be gone, and three  
or four more applications will com-  
pletely dissolve and entirely destroy  
every single sign and trace of it, no  
matter how much dandruff you may  
have.

You will find all itching and digging  
of the scalp will stop instantly, and  
your hair will be fluffy, lustrous,  
glossy, silky and soft, and look and  
feel a hundred times better.—Adv.

## This Frees Your Skin From Hair or Fuzz

(Toilet Tips)  
The method here suggested for the  
removal of superfluous hair is quick  
and certain and unless the growth is  
extremely stubborn, a single applica-  
tion does the work. Make a stiff paste  
with some powdered delectone and  
water; apply this to the hairy surface  
and after about 2 minutes rub it off.  
Wash the skin and the hairs are gone.  
To avoid disappointment, be sure your  
druggist sells you delectone.—Adv.

## BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

## NUXATED IRON

100%  
FORFEIT  
Increase strength of  
delicate, nervous, run-  
down people 200 per  
cent in ten days—  
many instances. \$1.00  
forfeit if it fails. See  
full explanation in large  
article soon to appear in  
this paper.  
Ask your doctor or  
druggist about it.  
Sherman & McConnell Drug Stores always  
carry it in stock.

## HYOMEI (Pronounced High-O-Me) ENDS CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, of money back. Sold and guaranteed by Sherman & McConnell Drug Co.

## OH, MR. LANDLORD! HAVE SOME MERCY

Senate Bill Would Make Delin-  
quent Tenant Mere Vassal  
of Angry Owner.

### IS STREHLOW BEHIND IT?

Your boots, your overcoat, your  
piano, and even the potatoes that  
grow in your garden may be taken  
from you on very short notice by the  
landlord if you get in arrears with  
your rent, providing the bill now in  
the state senate is passed.

A slow awakening has just begun  
to occur on this bill. It was rather  
slyly handled, so that it has received  
little publicity.

While Senators C. E. Samuelson of  
Hildreth and W. Soost of Magnet in-  
troduced the measure and are taking  
the responsibility for it, it is coming  
to be well understood that it was  
really fathered by Senator R. C.  
Strehlow of Omaha, who is him-  
self a landlord and owner of the  
Strehlow apartments in Omaha.

The bill would make delinquency  
in rent a chattel mortgage forthwith  
on all personal property on the  
premises. Yes, and it would include  
crops growing, or in the bins of the  
granary. It would include practically  
everything that is loose and movable,  
which has not standing against it a  
prior lien of record.

### How It Might Work.

Thus the farmer paying cash rent  
would have to stand by and see his  
grain hauled off and his horses led  
away by the landlord if he hadn't the  
ready cash to meet the rent bill the  
very day it became due.

Thus the retailer who sends out a  
\$150 bill of furniture to a home, takes  
a \$20 payment down and agrees to  
take the rest in monthly installments  
would see his furniture hauled away  
from the customer's home if the cus-  
tomer became delinquent in his house  
rent.

For the landlords would grab every-  
thing in sight in accordance with the  
provisions of this bill. In England a  
law such as this prevails, and persons  
are afraid to loan a wagon or a fiddle  
to a neighbor over night, fearing that  
he may be delinquent in his rent to  
such an extent that the landlord will  
come and sweep the place clean of  
everything.

### Gumshoe Jobbery.

So quietly have the senators worked  
with this bill that the farmers  
throughout the state have not discov-  
ered their corn was in danger of be-  
ing shucked out of the field by the  
landlord on a moment's notice. So  
silently have they worked that the re-  
tailers did not know a bill of goods  
they send out on credit to a renter  
may be snapped up by the landlord  
the moment it reaches the premises.  
So slyly have they worked that the  
coal man did not know the coal he  
sends out on credit to a renter is ap-  
propriated to the landlord's cellar and  
hailed off by the landlord; and the  
jeweler doing a credit busi-  
ness did not realize that the diamonds  
he sells on credit might be adorning  
the fingers of his customer's landlord  
before they have the price tag fairly  
removed.

### That Mighty Howl.

Some of the merchants throughout  
the state and in Omaha only recently  
discovered the bill was in existence.  
They howled. When the farmers dis-  
covered it, they howled. The howl  
was general, except from the land-  
lords.

Then a kind of understanding was  
reached. It was understood, or at  
least the retailers in Omaha under-  
stood from Senator Strehlow, that  
there was to be a hearing on the bill  
before it should be reported out of  
the committee on miscellaneous. So  
they rested. A few days ago, Secre-  
tary Metcalfe of the Associated Re-  
tailers of Omaha wrote to Lincoln to  
know more about this hearing and  
learned, to his surprise, that the bill  
had been quietly reported out of the  
committee and no hearing was ever  
called.

The retailers are alarmed over the  
secret progress the bill is making and  
will now protest to the end. They  
are hoping to interest the farmers  
throughout the state to oppose it also,  
on account of the direct effect it  
would have on the renter.

### Big Demand for Grain, With the Receipts Heavy

Though the grain storage space is  
constantly becoming less, receipts,  
particularly corn, continue heavy,  
there having been 164 carloads of this  
cereal on the market. Corn prices  
hold up well, it selling at 95 to 96 1/2  
cents per bushel, a quarter higher  
than Wednesday. Dealers are begin-  
ning to believe that farmers have  
given up the idea of realizing \$1 per  
bushel on their corn and are letting  
go of their holdings.

The demand for corn right now is  
better than at any time during the  
winter, large quantities being bought  
for shipment to the southern planta-  
tions, there to be fed. Besides, even  
with the high prices, there is a good  
deal going to the feed lots out in the  
state and over in Iowa, where farm-  
ers and feeders are finishing off steers  
for market.

Wheat was up a cent, selling at  
\$1.74 to \$1.77. Receipts were com-  
paratively light for the middle of the  
week, there being thirty-four carloads  
on the market.

Oats were practically unchanged  
from Wednesday, though, if anything,  
a bit higher, selling at 54 1/2 to 55  
cents per bushel. Receipts were  
twenty-four carloads.

### Comes On Crutches to Talk to the Credit Men

Fifteen men are coming from Lin-  
coln today to attend the dinner  
given for the credit men of Omaha  
and the state at the Hotel Fontenelle.  
This information comes from E. W.  
Nelson, credit man of Rudge &  
Genzel of Lincoln. Mr. Nelson is  
himself to be here, and is to be one  
of the speakers. He is coming on  
crutches. Some five or six weeks ago  
his leg was broken. When he wrote  
he would attend the meeting, he said  
not a word about the mishap which  
had befallen him. So those in charge  
of local arrangements put him on the  
program for a talk. When he learned  
of this he confessed that his leg was  
broken, but gamely said he would ap-  
pear on the program even though on  
crutches, for he was anxious to do  
anything that would help the credit  
business of the state to get on a  
sounder basis.

## COMES FROM WAR ZONE AND WILL SPEAK HERE.

COL. AND MRS. GAUNTLETT.

Colonel Gauntlett of the Salvation  
Army, who is coming to this country  
from Switzerland to take charge of  
the army's work in the western states,  
will speak in Salvation Army hall,  
1711 Davenport street, Saturday eve-  
ning, March 3. Brigadier and Mrs.  
A. B. Pebbles, who superintend the  
relief work in Iowa and Nebraska,  
will escort the colonel and his wife  
from Chicago to Omaha. At the  
Young Men's Christian association  
Sunday afternoon, March 4, Colonel  
Gauntlett will talk on "The War in  
Europe." He has been an eye-witness  
of many battlefields scenes.

## Baby Giant Joins Army Because He Wants to Be an M. D.

Few recruits have contributed more  
to the army, at least in height, than  
Harold J. Richardson of Des Moines,  
whom the Omaha recruiting station  
has just sent to Fort Logan for train-  
ing. He stands almost six feet three  
inches barefooted. He's only 17 years  
of age and "still growing."

Besides desiring the experience and  
training to be had in the army, he  
declared that he thought it the duty  
of every American boy to serve the  
colors. He hopes to become a doctor  
and was assigned to the medical de-  
partment.

## Louis W. Hill to Be Here Short Time This Morning

Louis W. Hill, head of the Hill sys-  
tem of railroads, is due to be in  
Omaha a short time Friday, enroute  
to the Pacific coast. His itinerary  
indicates that he will arrive early in  
the morning over the Omaha road from  
St. Paul. Here he will go west over  
the Union Pacific, his car being at-  
tached to the fast mail. He will be  
in town about an hour.

## Corns Loosen Off With Magic "Gets-It"

2 Drops Do the Work, Painlessly.  
"I tell you, before I heard of 'Gets-It' I  
used to try one thing after another for corns.  
I still had them. I used bandages and they  
made my toe so big it was murder to put  
on my shoe. I used salves and other things  
that ate off more of the toe than they did  
the corn. I'd cut and dig with knives and  
scalpels, but now no more fooling for me.  
Two drops of 'Gets-It' did all the work. It  
makes the corn shrivel and get so loose  
that you can just pick it right off with  
your finger!"

Corns Drive You Mad? Try "Gets-It" and They'll Peel Right Off!

There has been nothing new discovered  
for corns since "Gets-It" was born. It's  
the new way—the common-sense, simple,  
sure way.  
"Gets-It" is sold everywhere, 25c a bot-  
tle or sent on receipt of price by E. Law-  
rence & Co., Chicago, Ill.  
Sold in Omaha and recommended as the  
world's best corn remedy by Sherman &  
McConnell Drug Co. Stores.

## FRUIT GROWERS TO BATTLE WITH PESTS

Bugs Have Become Alarmingly  
Destructive to All Sorts  
of Vegetables.

### UNIVERSITY HELPING OUT

For several years the insect pests  
preying upon the common garden  
vegetables, such as potatoes, cab-  
bage, cucumbers, melons, squashes,  
peas, beans, radishes and turnips have  
become alarmingly destructive. So  
much so that these vegetables have  
become unprofitable to grow in this  
county. The directors of the Omaha  
Fruit Growers' association decided  
that, if possible, something had to be  
done to stop the ravages of these lit-  
tle pests.

They applied to the extension di-  
vision of the state university, where  
they got in touch with Prof. M. H.  
Schwenk, who came to Omaha last  
Saturday and appeared before a large  
and enthusiastic audience of fruit  
and vegetable growers. While these  
insect pests have been reducing the  
quantity of these vegetables, caus-  
ing an increase in price, Prof.  
Schwenk has been working overtime  
to find means to control them and in  
nearly every instance has succeeded.

He explained to the growers the  
result of his experiments, which all  
seem very practical. Much extra labor  
and considerable expense will be re-  
quired to free our vegetables from  
these pests, but it can be done. Since  
the high price of meat products, flour,  
eggs and butter, etc., vegetables have  
become an important article in the bill  
of fare. While means have been  
found to control the insect pests of  
the potato, the most serious condition  
is caused by a fungus disease which  
is new to us in this section. This  
new fungus is called "wilt," which  
causes the stalks to die when the po-  
tatoes are about half grown. "Wilt"  
is the cause of the black streaks found

in many of the potatoes.  
If the seed potatoes planted con-  
tain these black streaks they will re-  
produce the fungus. Therefore, good  
pure seed is in great demand.  
Many of the members of the Omaha  
Fruit Growers' association grow some  
vegetables for market. A large in-  
crease of fresh, pure vegetables will  
mean much saving to the Omaha con-  
sumers.

## Omaha Boy Makes Great Record in Uncle Sam's Navy

Promotion in the navy has been re-  
markably speedy for Henry Preis-  
man, 19-year-old Omaha lad, who is  
home for ten days on furlough to visit  
his parents, Mr. and Mrs. William  
Preisman, 2721 South Tenth street.

Only last October he joined the ser-  
vice here as an apprentice seaman, at  
\$17 a month, plus clothing and "keep."  
Already he is ranked as yeoman third  
class and has been drawing the  
doubled salary of that petty officer  
rank for some time. Furthermore, he  
is now in line for annual additional  
promotions.

"Life in the navy is great," he de-  
clares. "I'm going to stay with it,  
and also get some of my Omaha pals  
to join."

Upon enlisting here last fall he was  
sent to the naval training station at  
Great Lakes, near Chicago. Within  
a week the authorities there learned  
that he was experienced in stenog-  
raphy and bookkeeping. They tried  
him out at the office duties of a yeo-  
man and he promptly "made good"  
and was promoted to regular work  
in the court martial and later in the  
paymaster's office.

Night study at Commercial High  
school gave Henry his first business  
training. His parents were born in  
Austria, but are naturalized Ameri-  
cans and have lived in Omaha for  
years. Henry is enthusiastic over  
Uncle Sam's navy and his family  
and friends are proud of his patriotism  
and rapid progress so far.

## WORKMEN JUMP TO SAVE THEIR LIVES

Interior Decorators Take Fly-  
ing Leap Through Air When  
Platform Crashes Down.

### ACT LIKE HUMAN FLIES

Quick acrobatic work and presence  
of mind probably saved two interior  
decorators from a serious fall from  
a twenty-foot scaffold onto the tile  
floor of the postoffice corridor Thurs-  
day morning.

Rex Thomas, 109 South Seven-  
teenth street, escaped with a badly  
wrenched wrist, caused by hanging  
with one arm from the top of a col-  
umn for several minutes, until Fore-  
man George Miller, 1611 North Thir-  
ty-sixth street, set a ladder below him.

Olin McDonald, Thomas' room-  
mate, suffered a sprained knee in the  
accident. Both men returned to work  
after resting and being bandaged.

The two workmen were on a plank  
at the top of the scaffold, cleaning and  
redecorating the ceiling. When other  
workmen below moved the scaffold,  
Thomas and McDonald lost their  
balance.

Thomas managed to jump from the  
falling plank and hang with one arm  
to the top of a column until Miller  
rescued him several minutes later. Mc-  
Donald jumped some distance to an-  
other scaffold to save himself from  
the twenty-foot fall to the hard floor.

The falling plank ruined a section  
of marble wainscoting in the corridor,  
and falling buckets of cleaning fluid  
were spilled over the floor. The  
Thompson company of St. Joseph has  
the contract for the work. Their  
workmen are said to have had another  
narrow escape there recently.

## McDaniel Appears to Prove Claim Against Road

Trial of the personal injury suit of  
Thomas O. McDaniel against the  
Union Pacific Railroad company has  
begun in federal court before Judge

Woodrough and a jury. McDaniel  
asks for \$25,300 for injuries he says  
he suffered at Sarpy Crossing, near  
Millard, when his vehicle mixed with  
a train in November, 1915. He ap-  
peared in court.

## Omaha Van & Storage Co.

**BIGGEST BECAUSE BEST**  
Phone Douglas 4163  
808 South 16th St.

Price of this Chalmers today, \$1090  
Price beginning March 1st, \$1250  
Net Saving, \$160

**YES, THIS IS THE CAR**

A 5-passenger beauty, saves you \$160, if bought today

Not all people prefer this kind of car. Perhaps only eight out of ten  
people do.

To make sure that it will suit you and yours, come and let an  
experienced, and highly intelligent man show you some of the many  
things that stand out and make a Chalmers a Chalmers.

### Take the Motor, for Example

It is the most famous and most used of all Chalmers  
motors. It has high power capacity.

That, certainly, is a logical and extremely  
sensible type of motor to own. It is never under  
a strain. At 45 and 50 miles an hour it is using  
only a part of its power.

### It Saves Itself

And in so doing, saves many a dollar. Con-  
servation of energy means conservation of fuel.

Watch your gasoline bills go down when you  
drive this Chalmers!

Better see the motor first. It is the most  
important thing. But in your enthusiasm, don't  
miss one other feature—the dimensions of the  
body. There are four inches more room in the

front compartment than you really need, and eight  
inches surplus leg room in the rear compartment.

Note the rear seat cushion. It is three inches  
wider than it needs to be. Every dimension in the  
body seems decidedly generous.

### These Are Mere Hints, However

It would be quite impossible to describe the  
6-30 5-passenger Chalmers, and you have no way  
of knowing whether this Chalmers suits you with-  
out seeing it.

That makes necessary a trip to the Chalmers  
showroom!

If this Chalmers does suit you, then you won't  
have to be reminded of the \$160 saving—the item  
is far too important.

The 2-passenger Chalmers roadster, built on  
the same chassis, advances, in price \$180 on March 1.

### Present Prices

Five-Passenger Touring	\$1090	Seven-Passenger Sedan	\$1850
Two " Roadster	1070	Seven " Limousine	2550
Seven " Touring	1350	Seven " Town Car	2550

(All f.o.b. Detroit)
