→ A CLEAN STOMACH ← MAKES A WELL MAN.

The body is a highly organize machine of complicated parts in which the stomach, liver and the kidneys work for the common good. Damage to any one of these organs interferes with man as a motor mechanism. If you will clean the stomach, liver and you will clean the stomach, liver and bowels occasionally with a gentle laxa-tive you can keep well. Too much fuel in man's machine, such as eating too much meat, or alcohol or tea, nervous everwork and lack of exercise in out-

tables, and with air and good exercise you need little else. If the liver needs rousing—and most of us need this once a week—take a safe vegetable extract of the leaves of aloe, Mayapple, root of jalap made into a tiny sugar-coated pill, sold by almost every druggist as Dr. Pierce's Pleasant Pellets and first put up nearly filty years ago.

Most people die eventually of an over-acid condition. If the blood can over-acid condition. If the blood can be rendered more alkaline, the longer we live. With regular hours, 6 to 8 glasses of water between meals, sensible coarse food and a chance to get the poisons out of the system, a man will live to be a hundred. But, unfortunately, our highly nervous way of living brings increased storage of urio acid in the body. This acts as poison, and consequently we suffer a poison, and consequently we suffer

a poison, and consequently we suffer from headaches, neuraigia, lumbago, aches or pains, rheumaism, gout.

Get rid of this uric acid poison by taking a harmless medicine called Anuric, which throws out the uric acid by stimulating the kidneys. Drink a pint of hot water before meals and take Anuric (double or triple strength) after meals and at bed time. Anuric can be obtained at almost any drug store, or send at almost any drug store, or send \$1.00 to Dr. Pierce, Invalide' Hotel,
