CREIGHTON RUSH DOWNS COYOTES

Blue and White Takes Yellow and Brown to Trimming, 22 to 18.

FAST AND ROUGH BOUT

Lincoln, Feb. 27.—(Special Telegram.)—Creighton took the Wesleyan Coyotes to a defeat in the Wesleyan gymnasium last night, 22 to 18. The game was fast and rough.

Wesleyan's floor work and defense was working at a wonderful speed, but their inability to locate the basket, combined with the skill along this line displayed by the Omaha men spelled their defeat.

The early part of the first half looked like Wesleyan, and the lead was held by the Yellow and Brown through most of the period. Near the close of the period, however, Creighton worked up from behind and when the whistle blew, the count was even at 9 and 9.

The second half found Creighton fighting like demons with a pep that found several holes in the Wesleyan defense.

Although the Wesleyan men put up a terrific fight their inaccurate goal shooting was their undoing. The lineup:

WESLEYAN.		CREIGHTON.
Anderson	R. F.	S. P. Platz
Blodgett	L. F.	L. F. Kearney
Fets	C.	C. Spittler
Cozier	R. G.	R. G. Lutz
Hughes	L. G.	L. G. Vandiver

Substitutes: Carmen for Anderson, Haley for Platz, Kahn for Blodgett, Mullholland for Kearney. Goals: Anderson (3), Blodgett, Hughes (4), Platz, Lutz (3). Free throws: Anderson 2 out of 4, Lutz 4 out of 5. Referee: Cline, Nebraska City.

Cutler Proves Easy Mark For Jack Taylor of Canada

Lincoln, Feb. 27.—Jack Taylor, heavyweight wrestler of Canada, won in straight falls here last night from Charley Cutler of Chicago. The first fall, on a neck and head hold, came after a forty-minute struggle. Cutler was pinned down for the second fall in 5 minutes and 10 seconds.

A toe hold was the undoing of Cutler in the second fall.

A preliminary tangle between Claude Swindell, a Lincoln youngster, and Young Riley, said to be from Wray, Colo., went an hour and a half without a fall and was called a draw. The boys are featherweights. Riley was the aggressor throughout, but he could not pin Swindell, who is a waiter in a local restaurant and was wrestling his second match in public.

The semi-windup was a thirty-minute joust between Clarence Eklund of Lincoln and John Pesek of Shelton, Neb. Neither man obtained a fall.

State Printing Commissioner Gets More Authority in Bill

(From a Staff Correspondent.)

Lincoln, Feb. 27.—(Special.)—Passage of the Dafoe-Taylor bill, making the state printing commissioner the purchasing agent for all printing, stationery and typewriter supplies used by state departments, institutions, boards and commissions (except the state university and the normal schools), was accomplished in the lower branch of the legislature today by the vote of 79 to 5. The bill raises the printing commissioner's salary from $1,500 to $2,500 and requires him to put in his full time for the state.

Another bill passed on third reading was the Swanson-Peterson measure, authorizing insurance companies to invest their funds in irrigation or drainage bonds, or bonds of federal farm loan banks.

The Keegan bill, raising the deputy sheriff's salary in Douglas county, also went through.

Once more the house was called upon to give a decision in the standing controversy between Howard and Hall counties, as to which of them shall tax the franchise of the Central Power company, whose power plant is located at Boelus and distributing and business headquarters at Grand Island.

Mr. Stuhr tried unsuccessfully to have the bill recommitted a second time for a specific amendment to distribute the franchise valuation among all taxing subdivisions where portions of the company's physical property are located. Mr. Fries protested that this would kill the bill. Stuhl's motion was defeated, and the bill was left at the top of the third reading calendar.

The finance committee reported back the general maintenance bill with a few minor changes.

One of the bills sent to the general file Tuesday morning was Mr. Dafoe's measure providing for a state censorship of moving pictures. It was recommended by the miscellaneous subjects committee, of which Dafoe is chairman, for passage.

EIGHTEEN KILLED IN RAIL COLLISION

Freight Crashes Into Rear End of Passenger Train in Fog Near Altoona.

COAL OPERATOR A VICTIM

Altoona, Pa., Feb. 27.—Eighteen persons, seventeen passengers and a negro porter, were killed in a rear-end collision between an express train and a freight train on the Pennsylvania railroad at Mount Union station, thirty-four miles east of here, early today.

The passenger train, which left Pittsburgh last night and which was known as the Mercantile Express, had stopped at the station when the collision occurred. The freight struck with such force that the rear sleeper, in which all the victims were traveling, was cut in two.

Chester A. Minds, a coal operator at Rameny, Pa., and a former famous foot ball player at the University of Pennsylvania, met death in the disaster, together with his wife, daughter and a nurse. They were on the way to Utica, N. Y., to attend the funeral of the mother of Mrs. Minds.

Following is a list of the identified dead:

CHESTER A. MINDS, 28 years old, Ramey, Pa.
MRS. DORIS MINDS, 26 years old, his wife.
CHESTER A. MINDS, JR., their infant son, 2 weeks old.
MISS MAUD MINDS, 28 years old, Conifer, N. Y., sister of Mr. Minds.
M. A. CASLISCH, Conifer, N. Y., a brother-in-law of Mr. Minds.
MISS A. F. DELLIN, Cleveland, O., sister of Mrs. Minds.
RICHARD OWEN, 7 years old.
DOROTHY OWEN, 6 years old.
JEAN OWEN, 4 years old; nephew and nieces of Mr. Minds.
CHARLES LEVINE, 35 Nassau street, New York.
P. B. POLLAND, 66 Lispenard street, New York.
MILTON HYMER, 474 West 158th street, New York.
N. BRIGHT, porter.
J. S. KELLY, Brooklyn.
H. A. ROEFLER, Prattville, Wis.
L. W. MONTGOMERY, salesman, 617 East Grove street, Bloomington, Ill.
P. R. FANNING, Michigan.
C. M. MEDSKI, 308 West Forty-sixth street, New York.
P. R. FANNING, Platteville, Mich.
Body supposed to be that of Mrs. Fanning because of a letter congratulating her on her marriage. On this body was a Bible bearing the name Miss Ellen P. Hayt, Denver, Colo.

An official of the Pennsylvania railroad here said the list of dead may exceed twenty, as fourteen bodies have been recovered and at least six are known to be dead in the wreck.

At this time the railroad company is inclined to place the blame for the wreck on the engineer of the freight train, A. T. Cook of Harrisburg, who had a leg crushed. It was his duty, said an official, to get off his engine, walk ahead and look at a signal in case of fog, rather than run past it.

Chester A. Minds, who, with his family, was killed, was a coal operator in the Clear Field region of Pennsylvania.

Mrs. Fanning from Denver.

Denver, Feb. 27.—Mrs. P. R. Fanning, killed in a wreck at Altoona, Pa., formerly was a leader in Denver society circles. Her father and mother and a brother live here. Her father, Judge Charles D. Hayt, is a member of a prominent law firm and the family is wealthy. Mrs. Fanning was about 35 years old. She was married in Denver two years ago. Her husband is a mining engineer and the Fanning home is at Prattsville, Wis.

British Enter Position And Are Later Ejected

Berlin, Feb. 27.—(By Wireless to Sayville.)—British troops yesterday many times attacked the German positions on the front between Ypres, in Belgium and the river Somme, says the official statement issued today by the German army headquarters staff. Only at one place were the British successful in entering the German lines, at a point to the east of Arras, the statement, adds and there the British were ejected by a

SENATE COMMITTEE AGREES UPON BILL

Measure Would Give President Powers He Asks for in Dealing With Germany.

WILL BE PRESSED TODAY

Washington, Feb. 27.—After today's cabinet meeting it became known that the administration will oppose any vital change in the proposed legislation to authorize President Wilson to protect American lives and rights.

The administration expects that, while a number of changes may be suggested, the bill as now framed will be adopted by both houses without material alteration.

Senate Committee Drafts Bill.

The senate foreign relations committee late today agreed upon a bill to give the president authority to supply merchant ships with arms and gunners and use other means necessary to handle developments in the submarine situation. A motion to "direct" the president to arm the ships was voted down.

The bill as framed by the committee follows the precedent of 1819 empowering commanders of merchant vessels to arm for their own defense and authorizing the president to supply the means for arming vessels fore and aft for defensive purposes.

Four Vote Against It.

The senate bill empowers the president to use "other instrumentalities" as he asked.

This feature is expected to meet some opposition. Two democrats and two republicans voted against it in committee.

There will, however, be no minority report. The bill will be reported by Senator Stone tonight and will be pressed tomorrow. The bill declares "that commanders of all merchant vessels of the United States and vessels under registry of the United States are hereby authorized to arm and defend themselves against unlawful attacks, and that the president be, and is hereby, authorized and empowered to supply vessels with defensive armament fore and aft."

Matter Goes Over.

The bond issue was left at $100,000,000, as in the house measure, and the president is empowered to use "other instrumentalities" in the emergency in accordance with his judgment."

When Senator Stone brought the bill into the senate with a request that it be referred formally to the committee, Senator La Follette objected, and as unanimous consent was necessary, the matter went over until tomorrow.

Standard Oil Will Ask Indemnity for Loss in Roumania

New York, Feb. 27.—The Standard Oil company sill seek indemnity for the destruction of its oil properties in Roumania at the time of the German invasion of that country.

Standard Oil officials declined to indicate what government or governments they believed responsible for the destruction of the properties, worth many millions of dollars. It is understood that they have taken up the question with the State department at Washington.

According to cable reports from London, a commission of the entente allies, headed by military officers, had destroyed all the oil properties in Roumania ten days in advance of the capture of the fields by the Germans. The value of the wells, equipment and oil in storage, it was stated, amounted to fully $150,000,000.

SENATORS DIFFER OVER POOL HALLS

Place McMullen's Measure on General File After Long Debate.

BURDEN ON THE CITIES

(From a Staff Correspondent.)

Lincoln, Feb. 27.—(Special.)—Boys under the age of 21 years will not be allowed to frequent pool halls, if Senator McMullen's senate file No. 202 receives the same consideration in the house it did in the senate today. After a lively debate of about an hour, after the committee on miscellaneous subjects had recommended the bill for indefinite postponement, the senate took it up and placed it on the general file, 18 to 15.

Senator Albert said boys could not be brought up under a glass cage. "If pool halls are not properly run, regulate them," said he. Answering a charge by Senator Sandall that the senate was too cynical and shies at progress, Senator Albert declared himself to be for everything good and progressive.

"There is no use of being like a child with a rocking horse," said Senator Albert, "galloping furiously and getting nowhere."

"If the cities cannot cope with the pool hall situation, how can the state?" asked Senator Mattes. He voted for postponement.

"If you have to raise boys in a cage to save them, they are not worth saving," said Senator Moriarty.

Senator Sandall told how York had abolished pool halls.

"Yes, York is second only to the new Jerusalem," retorted Senator Albert. It is pure all right, he agreed, but my how people avoid it.

Those who urged the bill for general file included Howell, Beal, Chappell, Sandall and McAllister.
