

"Come Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Geta-It' on Last Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Geta-It' always works. You just put on about 2 drops. Then the corn just only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and see how 'Geta-It' gets them off in a hurry and without the least pain.

"That Was a Quick Funeral That Corn Had With 'Geta-It'!"

I can wear tight shoes, dance and walk as though I never had corns. "Geta-It" makes the use of toe-irritating salves, banding bandages, tape, plasters and other things not only foolish, but unnecessary. Use this wonderful discovery, "Geta-It," for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or scissors, and run chances of blood poisoning. Try "Geta-It" tonight.

"Geta-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co. Stores.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Adv.

Sick Headache!

Dr. J. J. Caldwell says that this exceedingly distressing ailment does not shorten life, but it does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet.

Anti-kamnia tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain.

Girl Wife Wins Big Damages in Alienation Suit

After being out more than thirty hours, a jury in Judge Troup's court late yesterday returned a verdict of \$4,750 damages in favor of Beatrice Melcher, girl-wife of Reuben Melcher, who sued her father-in-law and mother-in-law, Mr. and Mrs. Abraham Melcher, for \$25,000 for alienation of her husband's affections.

Vim Motor Truck Exhibit Attracts at the Auto Show

H. Pelton's Vim truck, exhibited at the Auto show, is attracting much attention from the farmer as well as the merchant. The Vim is built in Philadelphia by the Vim Motor Truck company, pioneer builder of light delivery trucks. The production for the coming season will be 30,000 trucks, which makes the Vim Motor Truck company the largest exclusive delivery truck builder in the world.

One look at this sturdy little truck will convince you that it is built for trucking purposes, as it has no earmarks of a pleasure car.

The Vim is built in chassis only, with twelve different styles of body, which enables the purchaser to select a style of body suitable for his particular kind of business.

G. W. Preston, sales manager of the H. Pelton truck department, explains that the Vim appeals to users of light trucks on account of its simplicity, sturdy construction and economy of operation. Every unit is of extra heavy construction and is built to stand up and give service to its owner. The Vim has already gained its laurels on the Pacific coast and east of Chicago, but owing to a limited production until this year no effort was made to enter the central west.

Arrangements for an enormous production have been completed and the battle is on in the central west.
