LES DARCY BARRED FROM EMPIRE STATE

Governor Whitman Objects to Putting a "Slacker" On a Pedestal.

STOPS BOUT WITH DILLON

Albany, N. Y., March 2.—Governor Whitman today directed the State Athletic commission to prohibit the boxing bout scheduled for Madison Square Garden, New York, on Monday night between Les Darcy and Jack Dillon on the ground that Les Darcy is a "slacker."

The commissioners were informed of the governor's decision by the executive himself in his private office. Grant Hugh Brown, manager of the corporation under whose auspices the bout was to have been held, also was notified, to give him an opportunity to provide a substitute for Les Darcy.

Governor's Statement.

The governor outlined his position in the following statement:

"I have directed the boxing commission to forbid the holding of the so-called 'boxing exhibition' at Madison Square Garden on Monday night. I am credibly informed that one Les Darcy has planned, or that his managers have planned, that the fight contemplated shall be what is commonly known as a 'fight to the finish' or 'knockout'."

"Les Darcy, so I am informed, is a runaway from his own country. In disguise and under an alias he left his native land (Australia) because he was afraid to fight in the cause for which his fellow countrymen are sacrificing their lives. He prefers to give a brutal exhibition of some personal risk for a purse of \$30,000."

Barred from New York State.

At the conclusion of the conference with the governor, Chairman Fred A. Wenck of the athletic commission said that Darcy would not be permitted to participate in any boxing contest in this state. "The governor believes," Mr. Wenck said, "that as this country is on the verge of war it would be both unpatriotic and unseemly to place a man upon a pedestal who has virtually deserted the military service of a nation that will be our ally in the event of hostilities. This executive order is directed solely against Les Darcy and not against the boxing game."

Junior Co-Eds of Nebraska Uni Win The Championship

Lincoln, March 2.—(Special)—Miss Camilla Kock and her crew of basket ball sharks, representing the junior co-eds of the state university, scampared off with a second championship yesterday when they lapped the freshmen girls, 17 to 10.

As sophomores last year, Miss Kock and her teammates captured the class championship among the co-eds of the Husker institution. The final game yesterday was one of the most thrilling ever staged by the co-eds and 200 wildly enthusiastic university girls lent vocal support to their teams. The first half was practically even, but in the second period the junior girls pulled out ahead and maintained their lead until the close.

Mrs. Richard Rutherford acted as referee and Mrs. Charles Behtol Lee was umpire. Members of the championship five will receive handsome sweaters from the University of Nebraska Girls' Athletic association with "N" upon them.

These were the contesting teams in the class tournament: Juniors—Camilla Kock, captain, Fullerton; Beatrice Kock, Fullerton; Dawn Flanery, Cattlegurg, Ky.; Ruth Shiveley, Grace Nicholds and Beatrice Dierks of Lincoln.

TURKS DRIVEN BACK FIFTY-TWO MILES

British Army Continues Pursuit of the Fleeing Ottomans Along Tigris.

TAKE 7,000 PRISONERS

London, March 2.—The Turks are continuing to retreat before the victorious British on the Tigris front. Official announcement was made here today that the retreating Turks on Tuesday evening passed through Aziziyah, fifty-two miles north of Kut-el-Amara. More than 7,000 prisoners have been taken since December.

The statement issued by the official press bureau says:

"Wednesday's report of the officer commanding in Mesopotamia gives the following:

"Pursuit of the retreating enemy still continues and the Turks in great confusion passed through Aziziyah in the evening of Tuesday. The clearing of the battlefield is being systematically carried out, but as fresh booty is being brought in from hour to hour, it will be some days before a complete list of our captures can be compiled.

"Since February 23 the approximate figures are: Prisoners, 4,300, making a total of over 7,000 since the commencement of the operations last December; guns, twenty-eight; trench mortars, nineteen; machine guns, eleven; H. M. S. Eirene captured; Turkish ships, three; tugs, two; barges, ten, and pontoons, thirty."

FLOUR MEN FIGHT INCREASE IN WEIGHT

Hearing Begun on Application to Raise Minimum on Carload Shipments.

MANY ARE INTERESTED

(From a Staff Correspondent.) Lincoln, March 2.—(Special).—Hearing of the application of Nebraska railroads to increase the minimum weight on carload shipments of flour within the state, the findings and evidence in which case the Interstate Commerce commission will consider in establishing an interstate minimum, was begun before the Nebraska Railway commission this morning.

Representing the national commission at the hearing was W. P. Bartel, an examiner. This is the first time the Interstate Commerce commission has co-operated with a state commission in a question of rates and tariff.

Roads Present Case.

The morning was chiefly given over to testimony by freight agents of Nebraska roads, including the testimony of H. H. Holcomb of the Burlington and W. H. Jones of the Northwestern. All the roads were represented.

The roads want the minimum increased from 24,000 to 40,000 pounds, which is the present interstate minimum. It is the contention of the roads that cars are growing larger year by year, and that they should be loaded heavier as a matter of economy in transportation.

The opposition, represented by grain and alfalfa millers and by retailers, is taking the position that smaller dealers cannot handle the larger cars, since the capital would be too great and the storage facilities would be lacking. Therefore they would have to pay the less-than-carload rates, a big increase over the present tariff.

Many Make Request.

The railway commission has received over 100 communications from retailers protesting that the increase would increase the price of flour to them, and hence to the ultimate consumer.

The retail dealers were represented by Cliff Crooks of Fairbury, and others. J. W. Shortliff appears for the co-operative elevators of the state. Flour millers are represented by H. E. Gooch of Lincoln, C. L. Aller of Crete, Chauncey Abbott of Schuyler, and others. B. J. Drummond of Omaha and others represented a half a dozen alfalfa meal mills in Omaha and over the state.

Lisco Boy Probably Fatally Cut by Brother

North Platte, Neb., March 2.—(Special).—Clarence Brown, 19 years old, is in a critical condition at a local hospital and his brother, Robert, aged 26 years, is a fugitive as a result of a wrestling bout between the two brothers at the home of the father, Daniel Brown, a farmer living south of Lisco, in Garden county.

The youth is suffering from six

knife wounds inflicted by his brother, who drew a pocket knife and stabbed him when the younger got the better of the wrestling match. Young Brown was given emergency treatment by an Oshkosh physician and hurried to the North Platte hospital. Physicians say that he may live, but that infection of the wounds makes his condition very grave.

The older brother, realizing the seriousness of the attack, fled from his home and has not since been seen.
