REAL ESTATE—IMPROVED

West.

A most attractive home—
built to live in,
not to rent;
built to last a lifetime;
beautifully finished and decorated;
in the very best residence district.

This is one of the best built homes in Omaha. Stone foundation and basement under the whole house, and solid brick above; full brick cross wall. No veneer. The porch steps, front, back and to the sun parlor, are all stone. The roof is slate. The coal bins and fruit cellar of tile. There is practically no cost for painting or repairs.

The library with built-in book cases is solid cherry; the halls and stair case of oak. The dining room is paneled in Venitian oak. All floors upstairs as well as down are hardwood, quarter-sawed beach, except the kitchen, which is maple, and tile under the stove. A large double storm windowed and screened sun porch is connected with both the library and dining room by French doors. The walls of the first floor and upper hall are covered with hand decorated burlap, except the music room. There are three bath rooms. The ample closets all have outside windows and wardrobes and chest of drawers, which will delight any woman. There is a laundry, fruit cellar, furnace room and space which can be finished for a billiard room in the basement, which is cemented throughout. Soft water is furnished from a large cistern. The house has a gas hot-water heater for summer use, thermostat, electric outlets, etc.

It is so well built that 15 tons of coal will heat it throughout, and with solid brick walls it is wonderfully cool in summer.

As it is at the very crest of the hill in the summer there is always a breeze there if anywhere. It is convenient to the car line and in the choicest residence section of Omaha. The price is very reasonable, and terms will be made to suit the buyer's convenience. Owner is leaving the city.

IF you will just stop to consider the plan and the proposition that is being made the people by the Hungerford Potato Growers' association, you will readily concede it to be the very best thing possible for the consuming public of Omaha. The poorest man in Omaha can afford to join this association. The man or woman of medium means cannot afford to stay out of the association because it is a safe and sane investment which will make them 33 1-2 to 100 per cent upon their investment. The friends of the consuming public cannot afford to ignore us for our association is really the medium through which they can accomplish their aims and ambitions. Why not all of you join us? Why not all of you get together and challenge us to show you how we are your "missing link?" We are ready; are you? The result—an honest result is what you want. We are that result. We make it possible for you, the consumer, to also be a producer. We cut out the middleman.

Wall Street Takes Fresh Courage From Events at Washington.

RAILS ARE DISAPPOINTING

New York, March 2.—Wall street seemed to take fresh courage today from events at Washington, the course of legislation, more particularly the armament measures, infusing vitality to war shares and affiliated stocks. The trading was again very moderate in comparison with the activity of recent months, but embraced a wide variety of issues.

Rails were almost the only disappointing feature, their continued backwardness, aside from a moderate inquiry for coalers and New York Central, being accompanied by January statements of earnings, some of which reflected the recent congested state of traffic.

Bethlehem Steel shares and the rights to the new stock regained a considerable part of their recent losses, the old stock making a gross gain of 7 points to 127, with 4 for the new at 107½ and 3¾ for the rights at 7⅛. Their recovery was in part ascribed to semi-official statements to the effect that the controlling interests intend to take up their allotments of the new stock.

United States Steel again led the entire list at an extreme advance of 2¼ to 106⅞, gaining its best quotation in the last hour on steady accumulation of large individual lots. Other steel and iron shares were higher by 2 to 4 points. Copper and zinc stocks, Central Leather, American Woolen, Industrial Alcohol, motors and a score of other issues representing interests manufacturing war supplies were lifted 2 to 4 points, with 7 for Texas company, although part of this was later forfeited.

Shippings and equipments, notably Mercantile Marines, Atlantic, Gulf & West Indies, American and Baldwin Locomotives and American Car were from 2 to 4 points higher, with those utilities comprising the gas shares. Decided heaviness was shown by Lorillard Tobacco, common and preferred, at losses of 20 and 5 points, respectively, with 4 points for National Biscuit. Total sales, 435,000 shares.

Italian and Russian exchanges displayed greater weakness, lires recording a new low price, with rubles only a slight fraction over their minimum. Further depreciation of United Kingdom contributed to an uneven bond market. Total sales, par value, $2,185,000. United States coupon 2s and Panama registered 2s declined ¾ and ¼ per cent, respectively on call.

Dry Goods Market.

New York, March 2.—Cotton goods ruled steady today, with the demand for coarse goods improving. Yarns were in better demand. Wool markets were very strong, substantial sales of carpet wools and South American wools being reported. Ready-to-wear trades were active.
